STAFF REPORT
MAPC: March 27, 2025
DAB IV: April 7, 2025

CASE NUMBER: CON2025-00035 (City)

APPLICANT/AGENT: Scott and Lou Ann Androes (Applicants)

REQUEST: Conditional Use to allow an Accessory Apartment

CURRENT ZONING: SF-5 Single-Family Residential District

SITE SIZE: 2.07 acres

LOCATION: Generally located on the north side of West MacArthur Road, within one-half mile west of South Seneca Avenue (1724 West MacArthur Road).

PROPOSED USE: Accessory Apartment

RECOMMENDATION: Approve with conditions.

BACKGROUND: The applicant is requesting a Conditional Use to allow an Accessory Apartment on a property zoned SF-5 Single-Family Residential District (SF-5). The 2.07-acre property is generally located on the north side of West MacArthur Road, within one-half mile west of South Seneca Avenue (1724 West MacArthur Road). The subject site is currently developed with a single-family residential dwelling, a detached garage, and a storage shed. The applicant is requesting the Conditional Use in order to construct a detached dwelling unit with an attached garage for an aging family member.

The subject site has previously had a legal, non-conforming Accessory Apartment located on the property. A dwelling unit is defined by the Unified Zoning Code as “a building or portion of a building that contains living facilities for not more than one family and that includes provisions for sleeping, cooking, eating, and sanitation.” In order to receive the Conditional Use to build a new Accessory Apartment, the applicant has removed the ability to cook food, i.e. the oven/range, essentially removing the kitchen from the structure. Therefore, it is no longer considered a “dwelling unit.” The applicant intends to construct a new accessory structure on site that will feature a 40’ x 40’ living area and 40’ x 40’ attached garage. The new structure would be situated six (6) feet from the side setback and 146 feet from the rear property line. Section A.4 of the UZC requires one parking space per Accessory Apartment and one space for a single-family residence. The new structure and existing driveway would accommodate the necessary parking for both uses on site.

Accessory Apartments are subject to Section III-D.6.a of the Unified Zoning Code (UZC), which states:

1. A maximum of one Accessory Apartment may be allowed on the same lot as a single-family dwelling unit and may be within the main building, within an accessory building or constructed as an accessory building.
2. The appearance of an Accessory Apartment shall be compatible with the main dwelling unit and with the character of the neighborhood.
3. The Accessory Apartment shall remain accessory to and under the same ownership as the principal Single-Family Dwelling Unit, and the ownership shall not be divided or sold as a condominium.
4. The water and sewer service provided to the Accessory Structure shall not be provided as separate service from the main dwelling. Electric, gas, telephone and cable television utility service may be provided as separate utility services.

The character of the neighborhood is low-density residential and industrial. Property to the north is zoned Planned Unit Development (PUD) #66, which permits industrial uses and is developed with Agricultural uses. Property to the east is zoned SF-5 and is developed with a single-family dwelling. Property to the south, across West MacArthur Road, is zoned SF-5 and is developed with Agricultural uses and a drainage pond. Property to the west is zoned SF-5 and is developed with a single-family dwelling.

CASE HISTORY: The site is currently unplatted. Platting will not be required for the proposed use. There are no other zoning cases associated with the subject site.

ADJACENT ZONING AND LAND USE:

North:	PUD-66	Agricultural
South:	SF-5	Agricultural
East:	SF-5	Single-family dwelling
West:	SF-5	Single-family dwelling

PUBLIC SERVICES: The subject site has access to West MacArthur Road, a two-way arterial street with sidewalks on both sides. All municipal services and utilities, such as water and sewer, already serve this site. Wichita Transit does not serve the subject site.

CONFORMANCE TO PLANS/POLICIES: The proposed use is in conformance with the *Community Investments Plan*. The *Community Investments Plan*’s 2035 Wichita Future Growth Concept Map identifies the site as a “Residential”, which the Plan defines as “areas that reflect the full diversity of residential

development densities and types typically found in a large urban municipality. The range of housing densities and types includes, but is not limited to, single-family detached homes, semi-detached homes, zero lot line units, patio homes, duplexes, townhouses, apartments and multi-family units, condominiums, mobile home parks, and special residential accommodations for the elderly (assisted living, congregate care and nursing homes).” An Accessory Apartment is appropriate for this category.

RECOMMENDATION: Based upon the information available at the time the report was prepared, staff recommends the Conditional Use be **APPROVED**, subject to the following conditions:

1. The previously legal, non-conforming Accessory Apartment shall not be used as a dwelling unit, nor shall it be constructed or equipped so as to be considered as a dwelling unit as defined by the UZC.
2. The Accessory Apartment shall remain accessory to and under the same ownership as the principal single-family residence (located at 1724 West MacArthur Road), and the ownership shall not be divided or sold as a condominium.
3. Development of the site shall be in conformance with the approved site plan.
4. The appearance of the accessory structure shall be compatible with the main dwelling unit and with the character of the neighborhood.
5. The water and sewer provided to the Accessory Apartment shall not be provided as separate services from the main dwelling. electric, gas, telephone and cable television utility service may be provided as separate utility services.
6. The applicant shall obtain all applicable permits including, but not limited to building, health, and zoning. This will include submission of plans for review and approval by the MABCD for the Accessory Apartment.
7. If the Zoning Administrator finds that there is a violation of any of the conditions of the Conditional Use, the Zoning Administrator, in addition to enforcing the other remedies set forth in Article VIII of the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the Conditional Use is null and void.

This recommendation is based on the following findings:

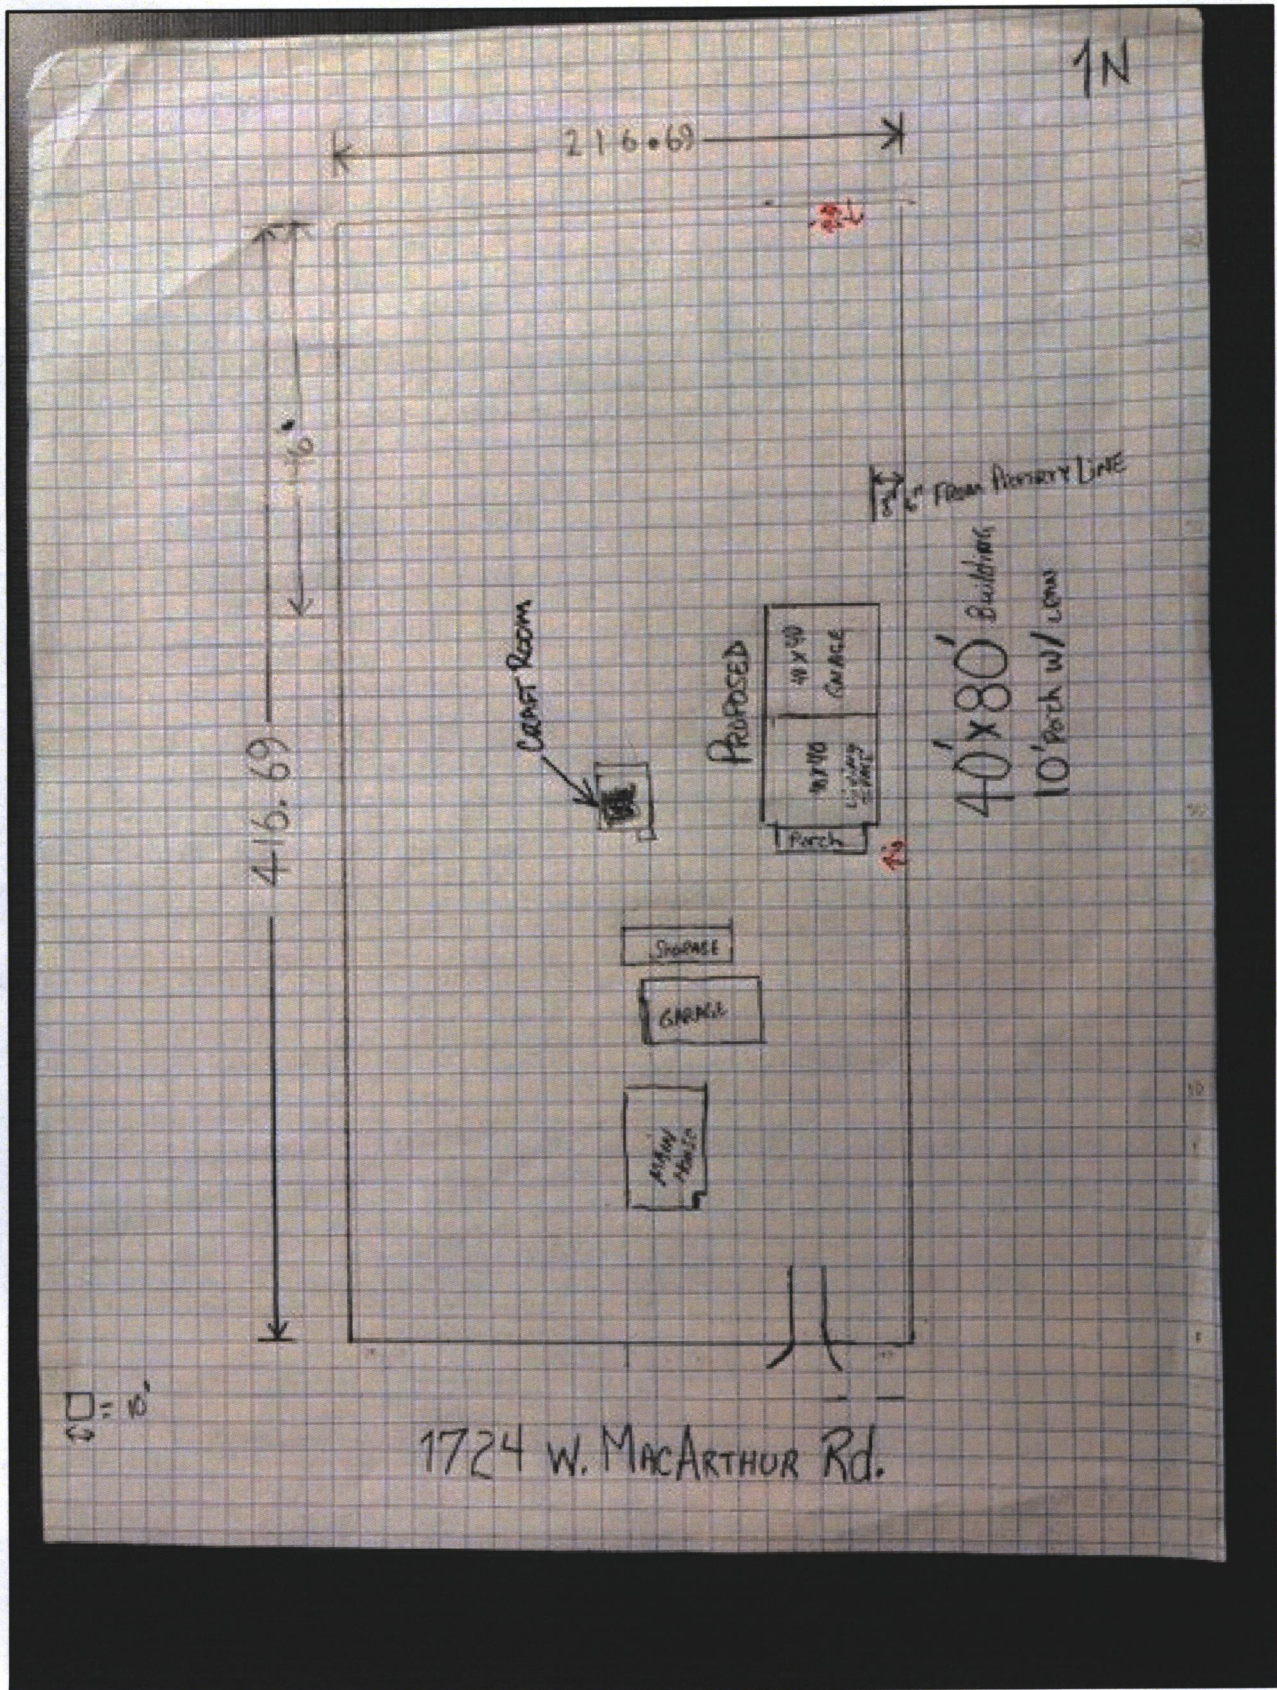

1. The zoning, uses and character of the neighborhood: The character of the neighborhood is low-density residential and industrial. Property to the north is zoned Planned Unit Development (PUD) #66, which permits industrial uses, and is developed with Agricultural uses. Property to the east is zoned SF-5 and is developed with a single-family dwelling. Property to the south, across West MacArthur Road, is zoned SF-5 and is developed with Agricultural uses and a drainage pond. Property to the west is zoned SF-5 and is developed with a single-family dwelling.
2. The suitability of the subject property for the uses to which it has been restricted: The subject site is currently zoned SF-5 Single-Family Residential, which permits an Accessory Apartment by Conditional Use approval under Section III-D.6.a of the Unified Zoning Code.
3. Extent to which removal of the restrictions will detrimentally affect nearby property: Staff does not anticipate that approval of the request will generate significant amounts of additional traffic. The conditions of approval should minimize any possible significant negative impacts.
4. Length of time subject property has remained vacant as zoned: The subject property is not vacant. The property has been developed with a single-family residential dwelling since 1933.
5. Relative gain to the public health, safety and welfare as compared to the loss in value or the hardship imposed upon the applicant: It is not anticipated that the requested Conditional Use will have a significant detrimental effect on the public health, safety, or welfare. Denial of the application may

result in a loss of enjoyment for the applicant.

6. Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies: The proposed use is in conformance with the *Community Investments Plan*, as discussed in the report.
7. Impact of the proposed development on community facilities: Staff expect that there will be minimal significant impact on public roads, water, and sewer service.
8. Opposition or support of neighborhood residents: At the time the staff report was prepared, staff has not received any public comment regarding the request.
