STAFF REPORT
 MAPC: April 24, 2025
 DAB I: May 5, 2025

CASE NUMBER: CON2025-00052 (City)
APPLICANT/AGENT: Raymond Denk (Applicant)/Michael Schultz (Agent)
REQUEST: Conditional Use to allow an Accessory Apartment
CURRENT ZONING: SF-5 Single-Family Residential District
SITE SIZE: 0.20 acres
LOCATION: Generally located on the west side of North Clifton Avenue, within 300 feet south of East Central Avenue (435 North Clifton Avenue).
PROPOSED USE: Accessory Apartment
RECOMMENDATION: Approve with conditions.

BACKGROUND: The applicant is requesting a Conditional Use to allow an Accessory Apartment on a property zoned SF-5 Single-Family Residential District (SF-5). The 0.20-acre property is generally located on the west side of North Clifton Avenue, within 300 feet south of East Central Avenue (435 North Clifton Avenue). The subject site is currently developed with a 2,185-square-foot single-family residential dwelling constructed in 1930 and a two-car detached garage. The applicant is requesting the Conditional Use in order to construct a detached dwelling unit.

The applicant intends to utilize the existing two-car garage as the accessory apartment. Section A.4 of the UZC requires one parking space per Accessory Apartment and one space for a single-family residence. The new structure and existing driveway will accommodate the necessary parking for both uses on site. The garage has the same exterior material and design as the principal structure, and therefore it is staff's opinion that the proposed Accessory Apartment meets the first Supplemental Regulation listed below regarding a compatible appearance with the principal dwelling.

Accessory Apartments are subject to Supplementary Use Regulations outlined in Section III-D.6.a of the Unified Zoning Code (UZC), which state:

1. A maximum of one Accessory Apartment may be allowed on the same lot as a single-family dwelling unit and may be within the main building, within an accessory building or constructed as an accessory building.
2. The appearance of an Accessory Apartment shall be compatible with the main dwelling unit and with the character of the neighborhood.
3. The Accessory Apartment shall remain accessory to and under the same ownership as the principal Single-Family Dwelling Unit, and the ownership shall not be divided or sold as a condominium.
4. The water and sewer service provided to the Accessory Structure shall not be provided as separate service from the main dwelling. Electric, gas, telephone and cable television utility service may be provided as separate utility services.

The character of the neighborhood is low-density residential. Properties to the north, south, east and west are zoned SF-5 and developed with single-family dwellings.

CASE HISTORY: In 1909, the subject site was platted as part of A.C. Payne's Addition. There are no zoning cases associated with this property.

ADJACENT ZONING AND LAND USE:

North:	SF-5	Single-family dwelling
South:	SF-5	Single-family dwelling
East:	SF-5	Single-family dwelling
West:	SF-5	Single-family dwelling

PUBLIC SERVICES: The subject site has access to North Clifton Avenue, a two-way local street with sidewalks on each side. All municipal services and utilities, such as water and sewer, already serve this site. Wichita Transit stops 400 feet north of the subject site, on the northeast corner of East Central Avenue and North Clifton Avenue.

CONFORMANCE TO PLANS/POLICIES: The proposed use is in conformance with the *Community Investments Plan*. The *Community Investments Plan's* 2035 Wichita Future Growth Concept Map identifies the site as a "Residential and Employment Mix". The *Plan* states that this site "Encompasses areas of land that likely will be developed or redeveloped by 2035 with uses predominately of a mixed nature. Due to the proximity of higher intensity businesses uses, residential housing types within this area likely will be higher density. Due to the proximity of residential uses, employment uses likely will have limited negative impacts associated with noise, hazardous emissions, visual blight, and odor." An Accessory Apartment is appropriate for this category and should have limited negative impacts.

The requested zoning aligns with the goals of the *Wichita: Places for People Plan*. The *Wichita: Places for People Plan* provides recommendations for urban infill development in the Established Central Area (ECA). The subject site is located within the ECA. In general, the ECA is envisioned as “a place for people - a place that provides for the movement of people - on foot, on bike and through transit - in balance with automobiles.”

- Strategies: The Plan recommends strategies to help guide the community in their actions to create walkable places within Wichita. The requested zoning aligns with Strategy 5, “Provide a diversity of housing options to attract new residents and allow existing residents to remain in the ECA.” The small-scale development would provide housing options that otherwise might not be immediately available in the area.
- The requested zoning also aligns with Strategy 6, “Encourage infill and redevelopment that is contextual to the environment in which it is occurring.” The proposed Conditional Use would allow for the infill of an additional dwelling unit.

RECOMMENDATION: Based upon the information available at the time the report was prepared, staff recommends the Conditional Use be **APPROVED**, subject to the following conditions:

1. The Accessory Apartment shall remain accessory to and under the same ownership as the principal single-family residence (located at 435 North Clifton Avenue), and the ownership shall not be divided or sold as a condominium.
2. Development of the site shall be in conformance with the approved site plan.
3. The appearance of the accessory structure shall be compatible with the main dwelling unit and with the character of the neighborhood.
4. The water and sewer provided to the Accessory Apartment shall not be provided as separate services from the main dwelling. Electric, gas, telephone and cable television utility service may be provided as separate utility services.
5. The applicant shall obtain all applicable permits including, but not limited to building, health, and zoning. This will include turning in plans for review and approval by the MABCD for the Accessory Apartment.
6. If the Zoning Administrator finds that there is a violation of any of the conditions of the Conditional Use, the Zoning Administrator, in addition to enforcing the other remedies set forth in Article VIII of the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the Conditional Use is null and void.

This recommendation is based on the following findings:

1. The zoning, uses and character of the neighborhood: The character of the neighborhood is low-density residential. Properties to the north, south, east and west are zoned SF-5 and developed with single-family dwellings.
2. The suitability of the subject property for the uses to which it has been restricted: The subject site is currently zoned SF-5 Single-Family Residential, which permits an Accessory Apartment by Conditional Use approval under Section III-D.6.a of the Unified Zoning Code.
3. Extent to which removal of the restrictions will detrimentally affect nearby property: Staff does not anticipate that approval of the request will generate significant amounts of additional traffic. The conditions of approval should minimize any possible significant negative impacts.
4. Length of time subject property has remained vacant as zoned: The subject property is not vacant. The property has been developed with a single-family residential dwelling since 1930.

5. Relative gain to the public health, safety and welfare as compared to the loss in value or the hardship imposed upon the applicant: It is not anticipated that the requested Conditional Use will have a significant detrimental effect on the public health, safety, or welfare. Denial of the application may result in a loss of enjoyment for the applicant.
6. Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies: The proposed use is in conformance with the *Community Investments Plan* and the *Wichita: Places for People Plan*, as discussed in the report.
7. Impact of the proposed development on community facilities: Staff expect that there will be minimal significant impact on public roads, water, and sewer service.
8. Opposition or support of neighborhood residents: At the time the staff report was prepared, staff did not receive any public comment on the request.
