STAFF REPORT

- CASE NUMBER:** VAC2025-00033 - Request to vacate an access and utility easement dedicated by separate instrument.
- OWNER/APPLICANT:** RJ Castle, LLC (Applicant)
- LEGAL DESCRIPTION:** Generally described as vacating the access and utility easement recorded on Doc. #/Flm-Pg 30194019 running east-west along the south property line of Lot 35, Westfield Acres Addition, Wichita, Sedgwick County, Kansas.
- LOCATION:** Generally located on the east side of South Byron Avenue and 260 feet south of West Douglas Avenue (106 South Byron Avenue).
- REASON FOR REQUEST:** To allow private utility services to be run through the tract to serve proposed structures to the east. Private access has been reinstated by separate instrument.
- CURRENT ZONING:** The subject site along with adjacent properties are zoned SF-5 Single Family Residential (SF-5).

VICINITY MAP:

The applicant proposes to vacate an access and utility easement recorded on Doc. #/Flm-Pg 30194019 and running east-west along the south property line of Lot 35, Westfield Acres Addition. The subject site is addressed as 106 South Byron Avenue, which is generally located on the east side of South Byron Avenue and 260 feet south of West Douglas Avenue. The site is zoned SF-5 Single-Family Residential (SF-5) and is undeveloped. The purpose of the vacation is to allow private utility services to be run through the tract to serve proposed structures to the east. The access easement proposed to be vacated and the reinstated private access are only granted to the abutting property to the east under the same ownership. There are no additional easements, nor public water or sewer lines on the property which will be affected by this request. This vacation request is associated with Lot Split LSP2025-00014, which is proposed to create two flag lots via the area being vacated. The applicant has created a new access easement in the same location to provide access to the newly proposed parcels.

There are no public utilities in the vacation area. Wichita Public Works and Utilities, Fire, Traffic Engineering, and Stormwater do not object to this vacation. Planning staff received public comment that the proposed vacation will deprive access to property to the south. The recorded access and utility easement (attached) was recorded only for the benefit of the abutting property to the east and did not include any language that included any access benefit for the property to the south. This property to the south was not granted access as part of the existing access easement. The property to the south has contiguous ownership with properties up to 8833 West Douglas Avenue. However, if it were sold separately, it would no longer have access.

Comments from franchised utilities have been received. Black Hills Energy, Kansas Gas, and Cox have no lines or equipment in the vacation area and therefore have no objections.

Energys has reviewed the request, and has no objection. Nick Hensley, Area Design Representative, will be the contact for this vacation request and any project associated with it. He can be contacted at (316) 261-6320 for any questions or discussion. Standard language will apply: **Any relocation or removal of existing Energys equipment will need to be discussed and will be at the applicant's expense.**

The Westfield Acres Addition was recorded on March 11, 1930.

When determining a recommendation to be made to the Metropolitan Area Planning Commission (MAPC), the Subdivision and Utility Advisory Committee should consider the legal findings that are required to be made by the MAPC and Governing Body in order to grant the request. These findings are detailed in the subsequent MAPC report. *In particular, the Committee should consider whether any private rights will be injured or endangered by recommending approval of the vacation request, and whether or not the public will suffer any loss or inconvenience thereby.*

Based upon information available prior to the public hearing and reserving the right to make recommendations based on subsequent comments from City Traffic, Public Works/Water & Sewer/Stormwater, Fire, franchised utility representatives and other interested parties, Planning Staff has listed the following considerations (but not limited to) associated with the request to vacate the described portions of the access and utility easement.

- A. That after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, the MAPC makes the following findings:
 1. That due and legal notice has been given by publication as required by law, in the Wichita Eagle, of notice of this vacation proceeding one time August 21, 2025, which was at least 20 days prior to this public hearing.
 2. That no private rights will be injured or endangered by vacating the described portion of the access and utility easement and that the public will suffer no loss or inconvenience thereby.

3. In justice to the petitioner, the prayer of the petition ought to be granted.

Conditions (but not limited to) associated with the request:

- (1) Abandonment or relocation/reconstruction of any/all utilities made necessary by the vacation of the described utility easement shall be to City Standards and shall be the responsibility and at the expense of the applicant. As needed provide approval from franchised utilities for the relocation of franchised utilities. All to be provided to the Planning Department prior to this case going to City Council for final action.
- (2) All improvements shall be according to City Standards and at the applicants' expense.
- (3) Provide Planning with a legal description of the vacated portion of the platted access and utility easement on a Word document via E-mail that can be used on the Vacation Order. This must be provided to the Planning Department prior to this case going to City Council for final action.
- (4) Per MAPC Policy Statement #7, all conditions are to be completed within one year of approval by the MAPC or the vacation request will be considered null and void. All vacation requests are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the vacation order and all required documents have been provided to the City, County and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds.
