RE: ZON2025-00045 – Zone Change request in the City from SF-5 Single-Family Residential District to GC General Commercial District, Generally located south of West Kellogg and east of South 135th Street West.

Dear Applicant,

At its regular meeting on **October 23, 2025**, the Wichita-Sedgwick County Metropolitan Area Planning Commission considered the above captioned request. The action of the MAPC was to recommend **APPROVAL** the above captioned request.

Property owners opposed to the application may file with the City Clerk a signed, written protest of the MAPC's recommendation. (Unsigned e-mails are not considered to be legal protests.) To be effective, the protest must be filed by 5:00 p.m. on **November 6, 2025**. In order to be considered a "valid" petition, the signatures must reflect the correct and entire ownership of the property, the property must be at least partially located within 200 feet of the property for which the application was filed, and must be submitted to the City Clerk by **November 6, 2025, at 5:00 p.m.**

This application will be heard by the District Advisory Board (DAB) IV on **Monday, November 3, 2025**, beginning at 6:00 p.m. at the Alford Branch Library (3447 S Meridian). For more information on this meeting, please contact Community Services Representative for District IV, Brooke Kauchak at (316) 268-4197 or mailto:bkauchak@wichita.gov. This application will be presented to the Wichita City Council on **Tuesday, December 2, 2025**, beginning at 9:00 a.m.

This is a reminder that the zoning notification signs should now be removed from the property. If you have any questions concerning this application, please contact our office at 316-268-4421.

AGENDA ITEM NO. 4.6

WICHITA—SEDGWICK COUNTY
W-SC
METROPOLITAN AREA PLANNING COMMISSION

STAFF REPORT

MAPC: October 23, 2025
DAB IV: November 3, 2024

CASE NUMBER: ZON2025-00045 (City)

APPLICANT: Sherwood Construction Company (Applicant)/MKEC Engineering (Agent)

REQUEST: GC General Commercial District

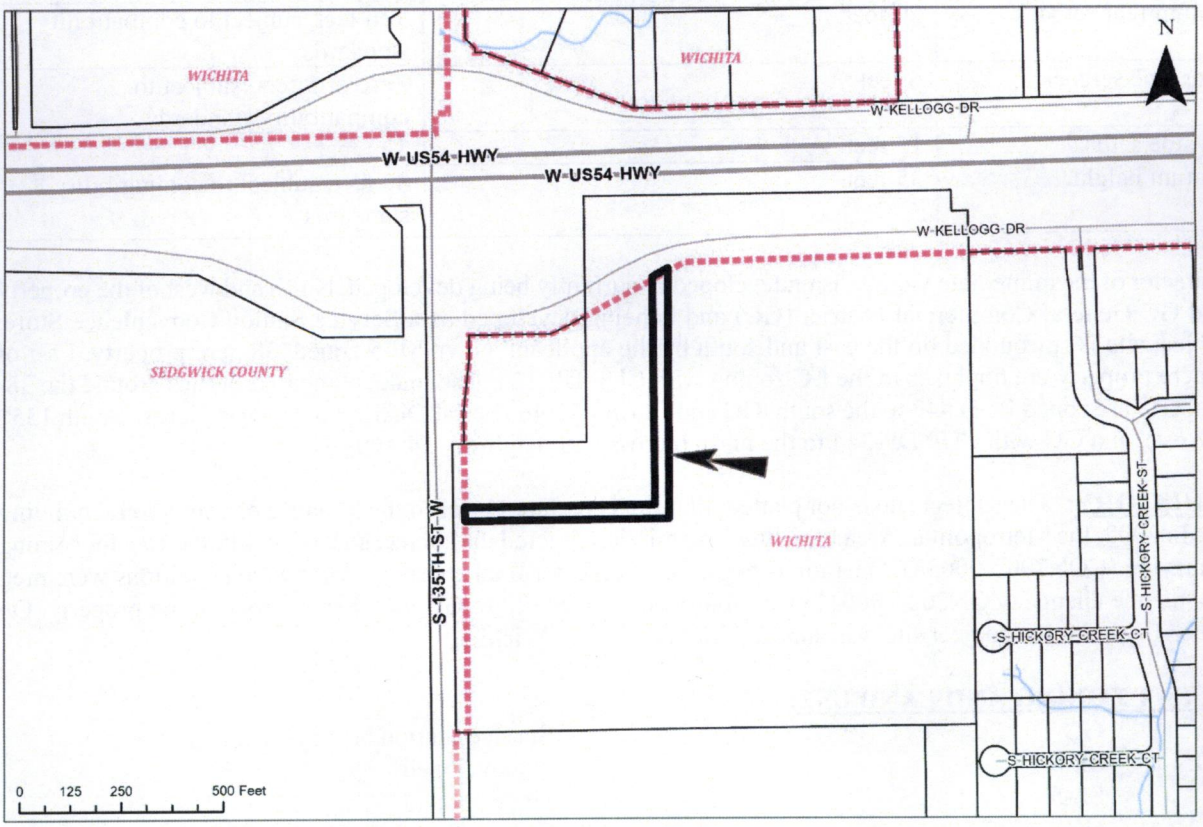

CURRENT ZONING: SF-5 Single-Family Residential District

SITE SIZE: 0.84 acres

LOCATION: Generally located south of West Kellogg and east of South 135th Street West

PROPOSED USE: Uses allowed in GC zoning

RECOMMENDATION: Approve

BACKGROUND: The applicant is requesting a zone change from SF-5 Single-Family Residential District (SF-5) to GC General Commercial District (GC) on 0.84 acres of a 38-acre property. The subject site is located south of West Kellogg Drive and east of South 135th Street West. The subject site is undeveloped, however other portions of the site are being developed as a Service Station/Convenience Store.

The applicant is requesting this zone change to allow for potential development that is consistent with the allowed land uses in GC zoning. The applicant does not have an intended use for the site at this time. Should the zone change request be approved, the applicant shall still be subject to the screening requirements set forth in Section IV-B of the Unified Zoning Code (UZC), which requires a six to eight-foot solid screening fence for commercially zoned properties adjacent to residential zoning. The applicant shall be required to screen on the south and east sides of the subject site at the time a commercial use is developed. Part of the reason for the request stems from the fact that the lighting standards per Sec. IV-B.4 states that lighting sources, "shall be limited to 15 feet in height within 200 feet of residential zoning districts." The service station that is being developed on a portion of the property would have to adhere to this regulation if the subject site remained zoned SF-5. By rezoning the subject site, the lighting sources for the service station can be mounted, "at a height not exceeding one-half the distance from the neighboring lot, unless evidence is provided to the satisfaction of the Zoning Administrator that the light source will be aimed or shielded such that the light source is not visible from the neighboring lot."

Should the zone change request be approved, there shall be an increase in permitted uses on site, such as two-family and multi-family residential development at a density of 75.1 dwelling units per acre and commercial uses, such as office space and retail. The zone change shall also alter the requirements for minimum setbacks, minimum lot size, minimum lot width, and maximum height, as demonstrated in the table below:

Development Standard	SF-5 Single-Family Residential District	GC General Commercial District
Minimum lot area	5,000 square feet	5,000 square feet
Minimum lot width	50 feet	No minimum
Minimum front setback	25 feet	20 feet
Minimum rear setback	20 feet	Ten feet, subject to compatibility standards
Interior side setback	6 feet	Zero or 5 feet, subject to compatibility standards
Street side setback	15 feet	Ten feet
Maximum height	35 feet	80 feet, subject to compatibility standards

The character of the immediate vicinity is undeveloped or currently being developed. North and west of the property is zoned GC General Commercial District (GC) and is being developed as a Service Station/Convenience Store. The subject site is surrounded on the east and south by the applicant's own SF-5 zoned, 38-acre property. East of the 38-acre property are duplexes in the LC zoning with CUP DP-320. The undeveloped properties around the 38-acre property are zoned PUD #47 to the south, GC and LI Limited Industrial District to the west (across South 135th Street West), and GC with CUP DP-344 to the north (across U.S. Highway 54/400).

CASE HISTORY: The subject site is not platted. Platting is required prior to the issuance of commercial building permits. In 2002, the Metropolitan Area Planning Commission granted the subject site a Conditional Use for Mining and Quarrying (CON2002-00035). Operations began one year after final approval, and all the conditions were met. In 2024, a zone change (ZON2024-00047) was approved from SF-20 to GC on other portions of the property. On December 19, 2024, the subject site was annexed into the City of Wichita.

ADJACENT ZONING AND LAND USE:

NORTH:	GC	Service Station being developed
SOUTH:	SF-5	Undeveloped
EAST:	SF-5	Undeveloped
WEST:	GC	Service Station being developed

PUBLIC SERVICES: The portion of the property included in the zone change request is immediately south of West Kellogg Drive, which is a two-way local street with no sidewalks. The site also has access to South 135th Street West, which is a two-way County arterial street with no sidewalks. Public Utilities such as water and sewer already serve the site.

CONFORMANCE TO PLANS/POLICIES: The requested zone change is in conformance with the *Community Investments Plan*, which identifies the site as "Residential and Employment Mix" on the 2035 Future Growth Concept Map. This category is described as follows: *"Encompasses areas of land that likely will be developed or redeveloped by 2035 with uses predominately of a mixed nature. Due to the proximity of higher intensity businesses uses, residential housing types within this area likely will be higher density. Due to the proximity of residential uses, employment uses likely will have limited negative impacts associated with noise, hazardous emissions, visual blight, and odor."* The requested zone change allows for commercial uses, which is already allowed by-right in the zoning west, east, and north of the subject site.

One of the *Community Investments Plan*'s Locational Guidelines states that "Major commercial and employment centers should be located at intersections of arterial streets and along highways and commercial corridors." The subject site abuts a County arterial street and is directly south of a highway, and the proposed uses allow major commercial development.

RECOMMENDATION: Based upon the information available at the time the staff report was completed, staff recommends **APPROVAL** of the request.

The recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** The character of the immediate vicinity is undeveloped or currently being developed. A portion of the property is being developed as a Service Station/Convenience Store. The subject site is surrounded on the east and south by the applicant's own SF-5 zoned, 38-acre property. East of the 38-acre property are duplexes in the LC zoning with CUP DP-320. The undeveloped properties around the 38-acre property are zoned PUD #47 to the south, GC and LI Limited Industrial District to the west (across South 135th Street West), and GC with CUP DP-344 to the north (across U.S. Highway 54/400).

2. **The suitability of the subject property for the uses to which it has been restricted:** The property is presently zoned SF-5 Single-Family Residential District, which is mostly suitable for low-density residential use.

3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** Due to established zoning and commercial uses in the area, staff does not anticipate the removal of restrictions to have significant detrimental impacts on nearby property. The surrounding area is mostly undeveloped.

4. **Length of time the property has been vacant as currently zoned:** The subject site has never been developed, however other portions of the property are currently being developed.

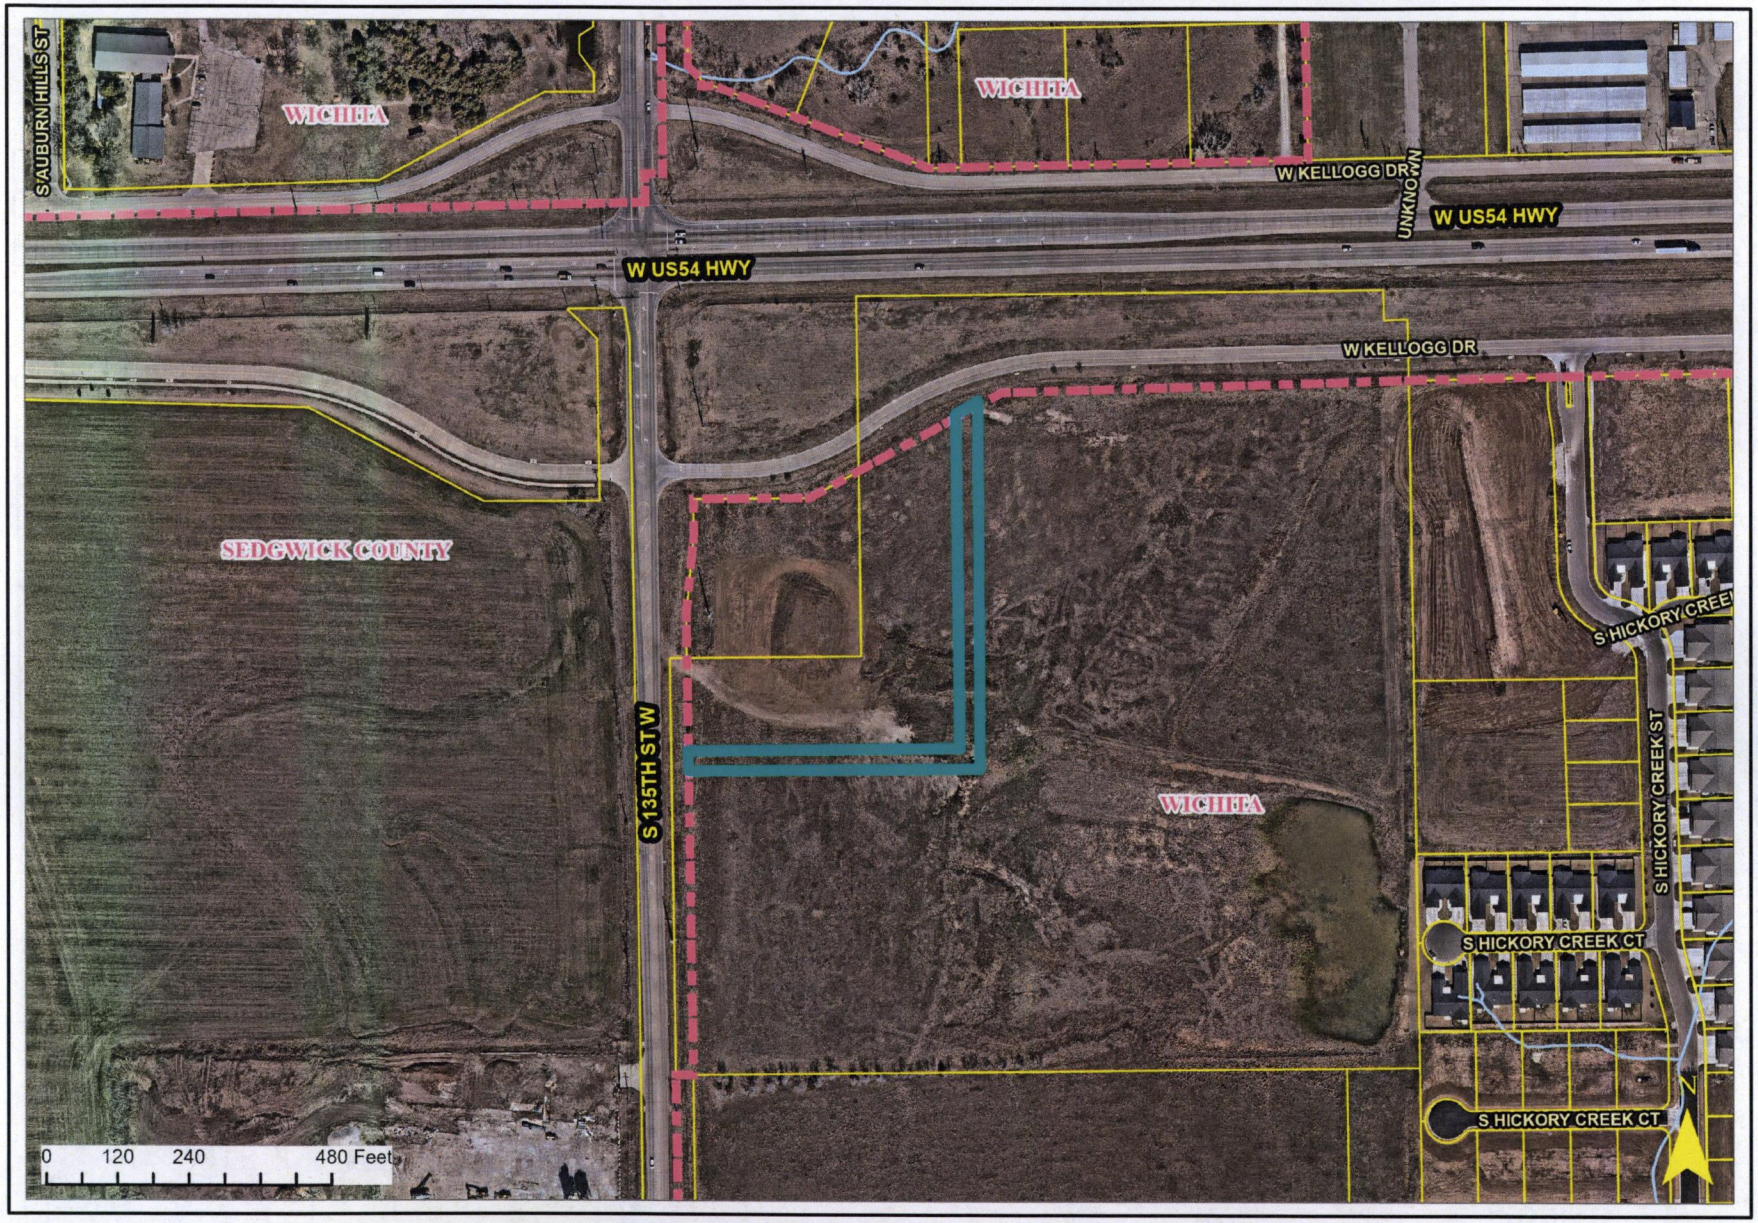

5. **Relative gain to the public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant:** Approval of the request would allow commercial development, which could bring light pollution and traffic to the area. Given the proposed access from West Kellogg Drive and South 135th Street West, staff does not anticipate this development to negatively impact the duplex developments. Denial of the request may result in the loss of economic development and use of the applicant's property.

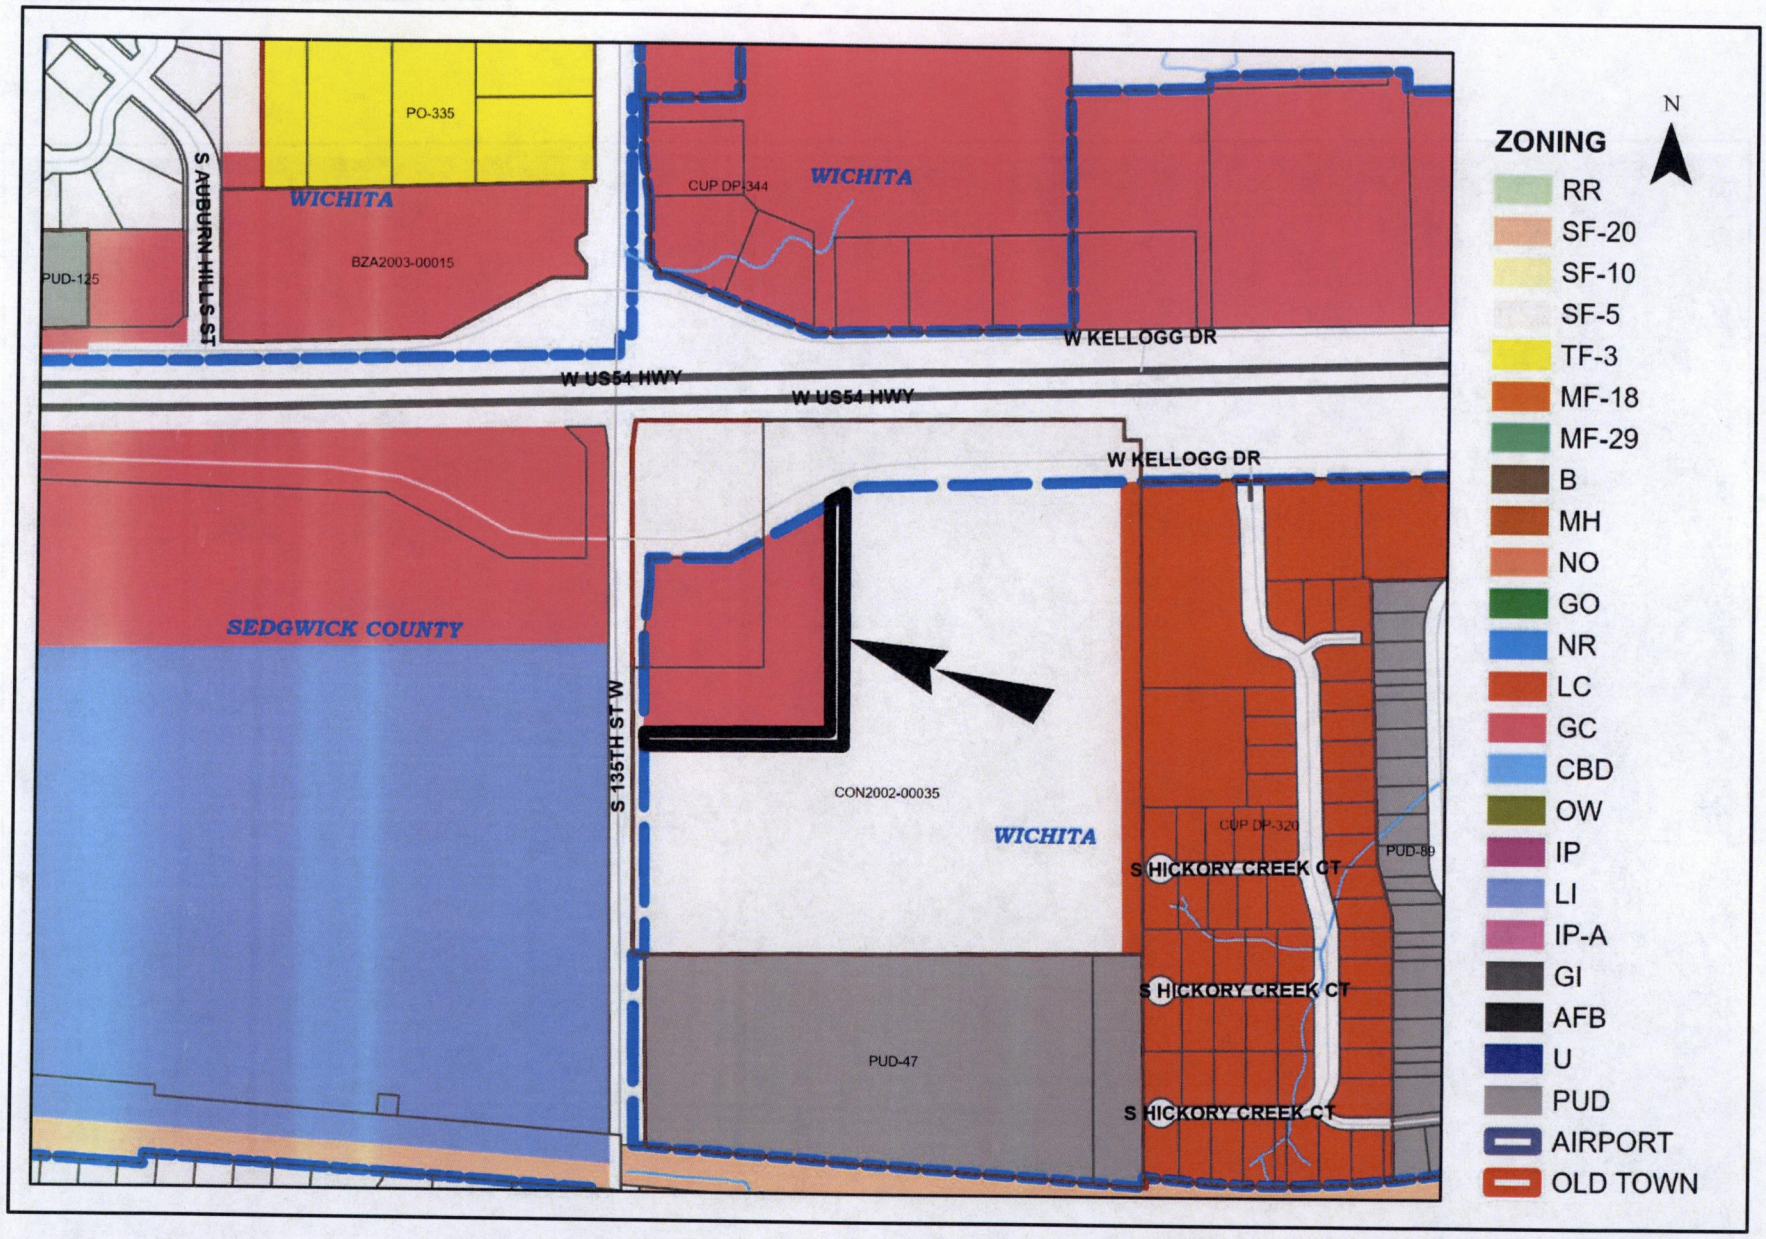

6. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The requested zone change is in conformance with *The Community Investments Plan* as discussed in the staff report.

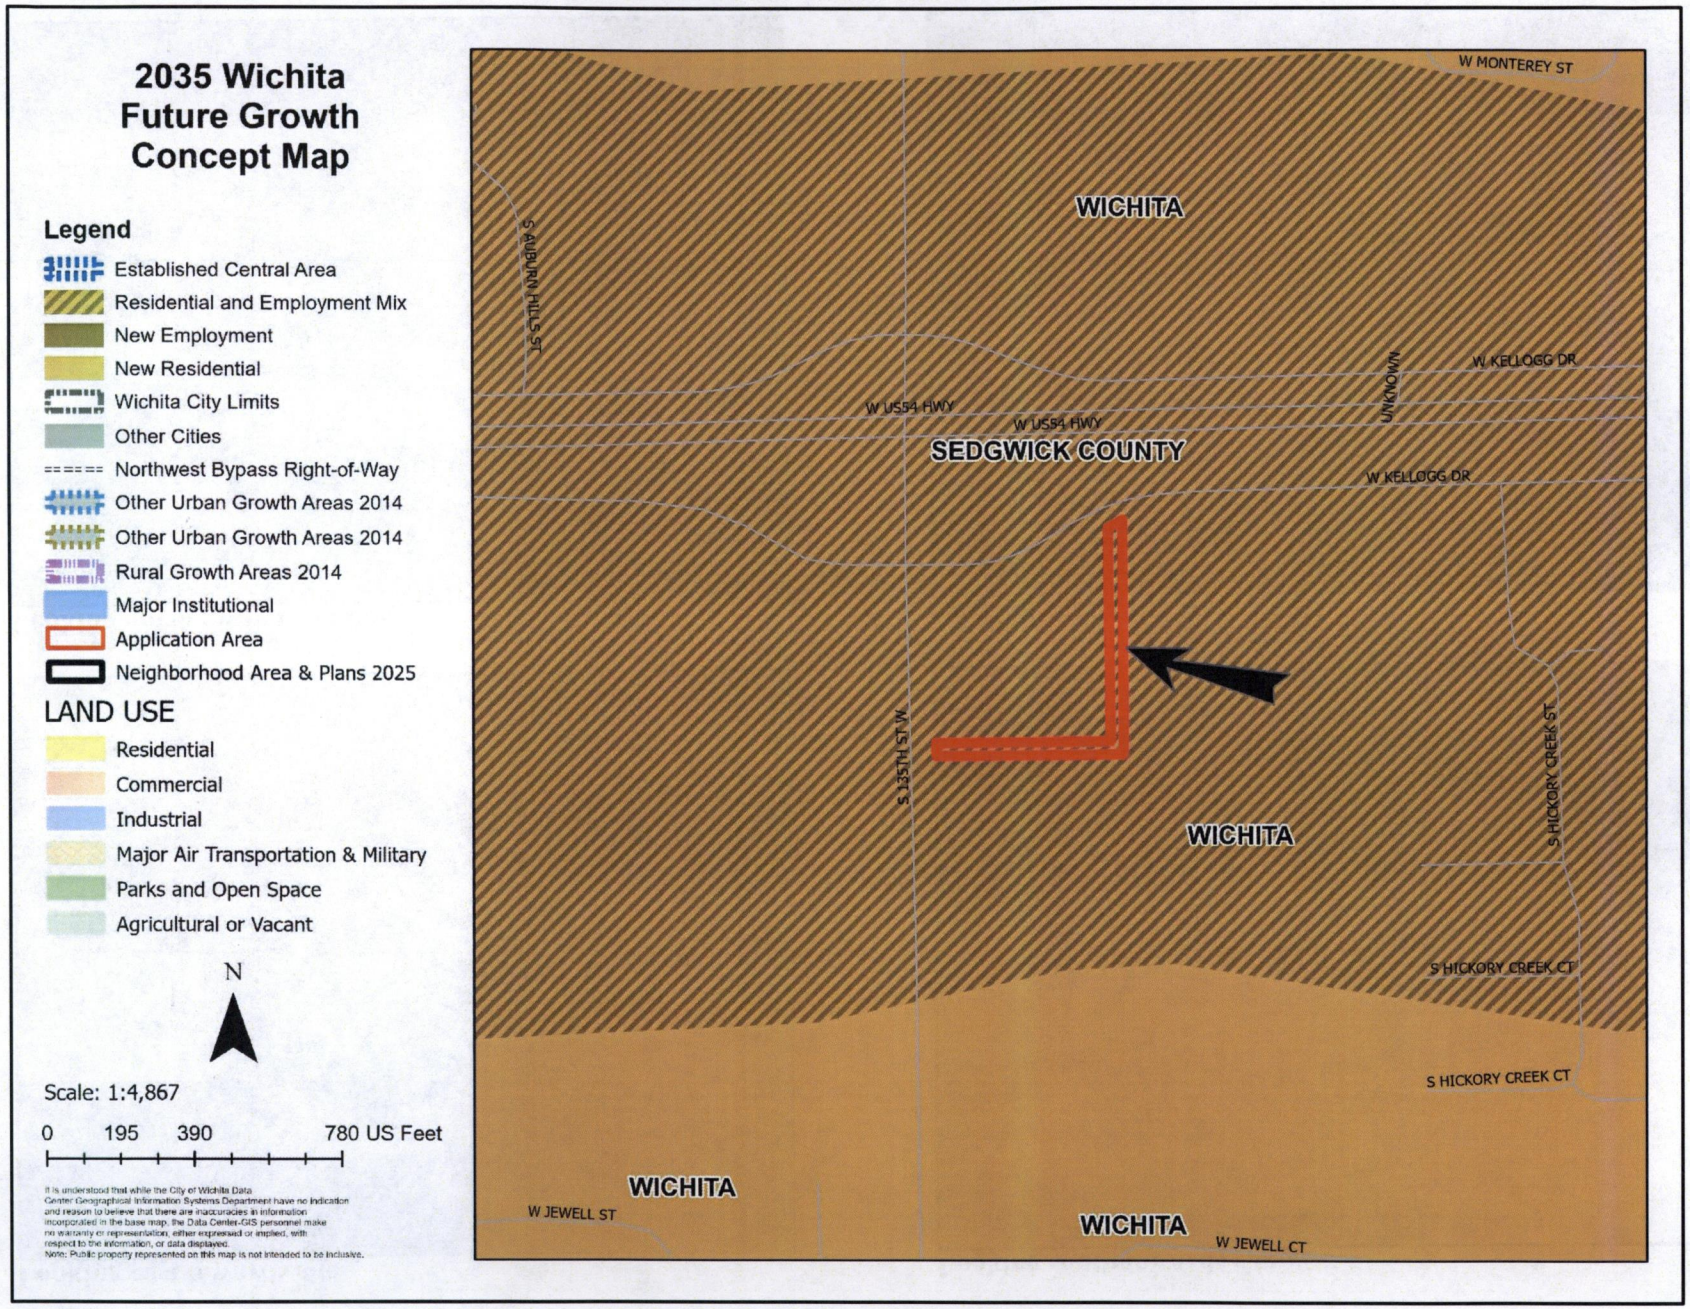

7. **Impact of the proposed development on community facilities:** Staff does not anticipate that development of this site will have significant detrimental effect on community facilities.

8. **Opposition or support of neighborhood residents:** At the time of the publication of the staff report, staff has not received any comments from the public.
