

Planning Agenda Item # _____

City of Wichita
City Council Meeting
October 19, 1993

Agenda Report # _____

TO: Mayor and City Council Members

SUBJECT: V- 1834; Request to vacate access control, generally located east of West Street and north of 31st Street South. (District # 4).

INITIATED BY: Metropolitan Area Planning Department

AGENDA ACTION: Planning

Staff Recommendation: Approve vacation.

MAPC Recommendation: Approve vacation (unanimous).

Background: This is the vacation of platted access control for a lot in a light industrial zoning district. The lots in this area were platted with access control to West Street, relying instead on an internal network of collector streets. Past development proposals for some of the sites within this area zoned "light industrial" have included direct access to West Street, and have been approved in the past. Staff has recommended, as agreed to by applicant and approved by MAPC, that access to West Street should be limited to one opening. Therefore, complete access control except for one opening has been retained in the Vacation Order by the City for this site. Staff and MAPC have recommended approval because access from this site should not unduly burden or interrupt traffic flow on West Street, and the vacation will not adversely affect the public interest.

This vacation has been reviewed and approved by the Planning Commission, subject to conditions and recording within 30 days.

RECOMMENDATIONS/ACTIONS:

Close the public hearing; approve the vacation; authorize the Mayor to sign the Vacation Order; and record the certified copy of the Order; recording costs to be billed to:

150029-2909.
