City of Wichita  
City Council Meeting  
November 25, 2008

**TO:** Mayor and City Council

**SUBJECT:** ZON2008-00039 – Zone change from SF-5 Single-family Residential (“SF-5”) to NR Neighborhood Retail (“NR”); generally located midway between Greenwich and Webb Roads, on the north side of Harry Street. (District II)

**INITIATED BY:** Metropolitan Area Planning Department *JLS*

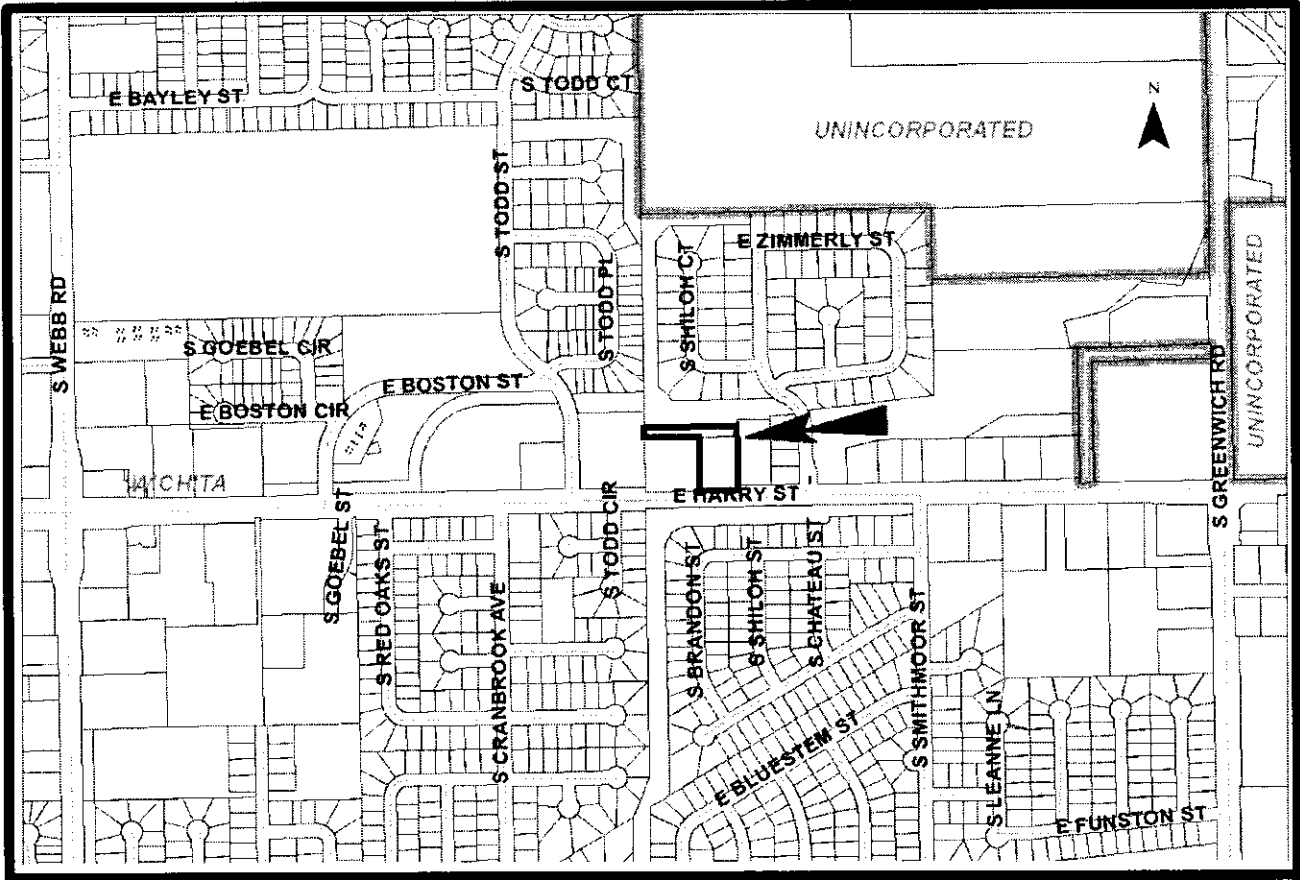

**AGENDA:** Planning (Consent)

---

**MAPC Recommendations:** Approve, subject to platting within one year and the provisions of Protective Overlay #222 (10-0).

**MAPD Staff Recommendations:** Approve, subject to platting within one year and the provisions of Protective Overlay #222.

**DAB Recommendations:** Approve, subject to platting within one year and the provisions of Protective Overlay #222 (9-0).

**Background:** The applicant is seeking NR Neighborhood Retail (“NR”) zoning for 1.42 unplatted acres. The site is currently zoned SF-5 Single-family Residential (“SF-5”) and is developed with what appears to be a vacant residence. The site has 174.3 feet of frontage along Harry Street and has a long strip/finger on its north side that extends behind the entire north side of the abutting western property.

The abutting property to the east is zoned SF-5 and is developed as an electrical/utility substation. Further east of the site are single-family residences (built 2004 and 2007) and a vacant lot, all zoned SF-5. Other properties located further east include a partially developed LC Limited Commercial (“LC”) zoned property with a CUP (DP-265) overlay and undeveloped LC properties up to the Greenwich Road and Harry Street intersection. Properties located north of the site are zoned SF-5 and are part of a partially developed single-family residential subdivision (Crystal Creek Addition, recorded on August 20, 2003). Reserve C of the Crystal Creek Addition abuts the north side of the site. Properties located south of the site, across Harry Street, are developed as SF-5 zoned single-family residential subdivisions (Smithmoor 1<sup>st</sup> Addition, recorded on September 23, 1986 and the Huntcrest 2<sup>nd</sup> Addition, recorded on October 22, 1982). West of the site, the abutting and adjacent properties have been rezoned to NR with a Protective Overlay (ZON2008-15, PO-211) and GO General Office (“GO”) with a PO (ZON2001-18, PO-94). Both PO’s provide use and design standards that are compatible to the established abutting and adjacent single-family residential neighborhoods. The development trend on the north side of Harry Street, between Greenwich and Webb Roads, has been, and continues to be, a transition from residential uses to office and retail uses.

**Analysis:** The MAPC considered ZON2008-39 at their October 9, 2008 meeting and unanimously approved the request (10-0), per staff’s recommendation with the provisions of the Protective Overlay. No citizens spoke at the MAPC meeting, and there have been no protests filed.

DAB II considered the ZON2008-39 at their October 6, 2008 meeting and unanimously approved (9-0), per the staff’s recommendation with the provisions of the Protective Overlay. No citizens spoke at the DAB meeting.

The recommended provisions of Protective Overlay #222 are as follows:

- (1) Plat the property within one (1) year of approval by the governing body.
- (2) The following uses shall not be permitted: group residence, limited; group residence, general; correctional placement residence, limited; correctional placement residence, general; and hotel or motel.
- (3) Residential development shall be limited to a maximum density of 17.4 dwelling units per acre.
- (4) Buildings shall be limited to a maximum height of 45 feet.

**Financial Considerations:** None.

**Goal Impact:** Promote Economic Vitality and Affordable Living.

**Legal Considerations:** The ordinance has been reviewed and approved as to form by the Law Department.

**Recommendation/Actions:**

1. Adopt the findings of the MAPC and approve the zone change subject to platting within one year and subject to Protective Overlay #222; withhold the publication of the ordinance until the plat is recorded; or
2. Return the application to the MAPC for reconsideration.

(An override of the Planning Commission’s recommendation requires a two-thirds majority vote of the City Council on the first hearing.)
