RE: ZON2010-00005 and CON2010-00009 - City zone change from GC General Commercial to LI Limited Industrial and City Conditional Use to permit wrecking and salvage at 1100 East MacArthur Road, generally located north of MacArthur Road, 3,000 feet east of Broadway Street.

Dear Ladies and Gentlemen:

At its regular meeting on April 20, 2010, the Wichita City Council considered the above captioned request. The action of the Council was to APPROVE the request, subject to the following conditions:

1. The Conditional Use shall permit the dismantling, storage and shipping of motor vehicles, appliances and other industrial scrap materials.
2. The site shall be developed and operated in compliance with all of the conditions of UZC, Art III, Sec. III-D.6.e, including the use of approved fencing or wall materials, and the approved site plan. The site plan shall be revised to provide screening on all sides. The site plan shall be revised to include setbacks, utility easements and demonstrate how the site will be accessed.
3. Employee parking spaces shall be provided per the UZC on an area paved with asphalt or concrete.
4. Stored materials, containers or bales shall be stored on a surface approved by the Office of Central Inspection.
5. A revised site plan addressing the conditions of approval shall be approved by the Planning Director prior to the beginning of the operation.
6. No scrap vehicles or scrap metal/appliances waiting to be processed shall be visible from ground-level view from any public right-of-way or abutting properties.

7. Storage of all of scrap materials (vehicles, metals, appliances, etc., including bales of the just mentioned) waiting to be processed and the containers they are stored in shall organized and be installed in an orderly manner, including an exposed perimeter, as specified by Environmental Services to prevent rodent harborage and breeding.
8. The applicant shall maintain at all times an active program for the eradication and control of rodents.
9. Weeds shall be controlled within the subject property and adjacent to and along the outside perimeter of the screening fence.
10. Any locking devices on entrance gates shall meet Fire Department requirements. Access to and within the site shall be provided by fire lanes per the direction and approval of the Fire Department.
11. Access to the subject property shall be provided for on-going inspections of the site for groundwater and soil contaminants by Environmental Services and other applicable governmental agencies. If the inspections determine it to be necessary, the applicant shall be required to install monitoring wells and/or perform soil testing on the property to monitor the quality of groundwater and/or soil, and shall pay the cost of an annual groundwater and/or soil test for contaminants as designated by the Environmental Services.
12. Notification shall be given to Environmental Services of any on-site storage of fuels, oils, chemicals, or hazardous wastes or materials. A disposal plan for fuels, oils, chemicals, or hazardous wastes or materials shall be placed on file with Environmental Services. All manifests for the disposal of fuels, oils, chemicals, or hazardous wastes or materials must be kept on file at the site and available for review by the Environmental Services.
13. The applicant shall implement a drainage plan approved the City Engineer prior to the commencement of operations that minimizes non-point source contamination of surface and ground water.
14. The applicant shall obtain and maintain all applicable local, state, and federal permits necessary for the operation of the storage of scrap metal waiting to be processed and storage of the scrap metal bales.
15. If the Zoning Administrator finds that there is a violation of any of the conditions of the Conditional Use, the Zoning Administrator, in addition to enforcing the other remedies
