City of Wichita
City Council Meeting
February 2, 2010

TO: Mayor and City Council

SUBJECT: ZON2008-00052 AND CUP2008-00040 – Extension of time to complete the platting requirement for DP-315 The Funston Addition Community Unit Plan and a zone change from SF-5 Single-family Residential (“SF-5”) to GC Limited Commercial (“GC”), generally located on the southwest and corner of 47th Street South and Hydraulic Avenue. (District III)

INITIATED BY: Metropolitan Area Planning Department

AGENDA: Planning (Consent)

MAPD Staff Recommendations: Approve extension of platting deadline to December 9, 2010.

Background: On December 9, 2008, the City Council approved the creation of DP-315 and a zone change from SF-5 Single-family Residential ("SF-5") to GC Limited Commercial ("GC"), subject to the condition of platting the property within one year. The applicant's attached letter request a one-year platting extension to complete the platting process.

Analysis: Staff recommends that a platting time extension is granted. The City Council may deny the request for an extension of time to complete platting; however, denying the extension would declare the CUP and zone change null and void and would require reapplication and rehearing if the property owner still desired a CUP and zone change.

Financial Considerations: None.

Legal Considerations: No legal documents are required to grant the platting extension. The platting extension approval is indicated via letter to the applicant noting the extended platting deadline as granted by the City Council.

Recommendation/Actions: Approve an extension of the platting deadline to December 9, 2010.
