State of Kansas) SS We, Baughman Company, P.A., Surveyors in  
Sedgwick County) aforesaid County and State do hereby certify that we have surveyed  
and platted "BAY COUNTRY 2ND ADDITION", Wichita, Sedgwick County,  
Kansas, and that the accompanying plat is a true and correct exhibit  
of the property surveyed, described as follows: A replat of Lots 53,  
54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70,  
71, 72, 73, 74, 75, 76, 77, and 78, Block 3, TOGETHER with all of  
Reserve "C" and together with that part of Reserve "D" lying between  
said Lots 56 and 57, in said Block 3, and together with Hardtner Circle,  
all in Bay Country, an Addition to Wichita, Sedgwick County, Kansas.

All being situated in the NE1/4 of Sec. 24, Twp. 27-S,  
R-2-W of the 6th P.M., Sedgwick County, Kansas.

Existing public easements and dedications being vacated by virtue  
of K.S.A. 12-512(b).

Baughman Company, P.A.

Michael G. Conrey  
Michael G. Conrey  
Surveyor

Know all men by these presents that we,  
the undersigned, have caused the land in the surveyors certificate to  
be platted into Lots, a Block, Streets, and Reserves, to be known as  
BAY COUNTRY 2ND ADDITION, Wichita, Sedgwick County, Kansas. The  
utility easements are hereby granted as indicated for the construction  
and maintenance of all public utilities. The drainage and utility ease-  
ments are hereby granted as indicated for drainage purposes and for  
the construction and maintenance of all public utilities. The streets  
are hereby dedicated to and for the use of the public. Reserve "A"  
is hereby reserved for open space, drainage purposes, gazebos, ponds,  
sidewalks, landscaping and utilities as confined to easements. Reserve "B"  
is hereby reserved for drainage, landscaping, irrigation systems, pedestrian  
improvements, and utilities as confined to easements. Reserve "C" is  
hereby reserved for drainage purposes and utilities as confined to ease-  
ments. Reserve "D" is hereby reserved for street purposes, landscaping,  
entry monuments, and utilities. Reserves "A", "B", "C", and "D" shall  
be owned and maintained by the homeowners association for the addition.  
The Minimum Building Pad Elevations for the lowest opening to the  
structures shall be as indicated on the face of the plat.

Re: S/D 95-34 -- Final Plat of BAY COUNTRY 2ND ADDITION

Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on March 12, 1998, the above-captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to conditions stated in our letter of March 6, 1998.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council and/or County Commission for consideration:

1. Submission of the fully completed and signed tracing of the subdivision, along with four (4) copies, to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developments.
4. Submission of a disk to the Planning Department detailing this plat. This will be used by the City and County GIS Departments.

Please call if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Neil Evan Strahl". The signature is fluid and cursive, with the first name "Neil" being more prominent.

Re: S/D 95-34 -- Final Plat of BAY COUNTRY 2ND ADDITION

Gentlemen:

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on Thursday, March 5, 1998, the above captioned plat was considered. The action of the Committee was to approve the final plat, subject to the following:

- A. The applicant shall guarantee the extension of City water to serve the lots being platted.
- B. The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted.
- C. The applicant shall guarantee any drainage improvements, required by the platting of this property, including the construction of storm sewers. The proposed storm sewer between lots 30 and 31 needs to be covered with a storm sewer easement. The easement between lots 23 and 24 needs to be labeled as a utility and drainage easement.
- D. The applicant shall guarantee the paving of the proposed interior streets.
- E. If improvements are guaranteed by petitions, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- F. Fire Department needs to comment on the 760-foot length of Wheatland/Hardtner which exceeds the 600-foot limit for cul-de-sac streets per the Subdivision regulations. The street name "Wheatland" needs to be eliminated. Hardtner needs to be renamed Hardtner Circle. Fire Department has approved the length of Hardtner which contains a 64-foot right-of-way width.
- G. The applicant shall submit a covenant which provides for four (4) off-street parking spaces per dwelling unit on each lot which abuts a 58-foot street (Rolling Hills Circle). The covenant shall inventory the affected lots by lot and block number and shall state that the covenant runs with the land and is binding on future owners and assigns.

Made with Recycled Paper

- H. Plator's text should indicate provisions have been made for ownership and maintenance of Reserves and the uses intended for these reserves. If a homeowners' association is to be formed, then the association shall be formed prior to recording or the applicant shall submit a covenant stating when the association will be formed, when the reserves will be deeded to the association and who is responsible to own and maintain the reserves prior to the association taking over those responsibilities.
- I. For those reserves being platted for drainage purposes, the required covenant which provides for ownership and maintenance of the reserves shall grant, to the City, the authority to maintain the drainage reserves in the event the owner(s) fail to do so. The covenant shall provide for the cost of such maintenance to be charged back to the owner(s) by a method similar to special assessments.
- J. The applicant shall submit a copy of the instrument which establishes the Phillips Pipeline Easement at the rear of Lots 1-6. The applicant's agent shall determine any setback requirements from the pipeline by researching the text of the pipeline agreement. If a setback from the pipeline easement is provided for in the pipeline easement agreement, it shall be indicated on the face of the plat.

Any relocation, lowering or encasement of the pipeline made necessary by this development will not be at the expense of the City.

- K. Based upon the platting binder, a portion of the site is in the ownership of another party and mortgages also are being held by another party. These parties need to be made signatories to the plat or documentation provided that such interests are no longer involved with this site.
- L. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be per the direction and approval of the Chief of the Fire Department.)
- M. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- N. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (phone 316-729-0102) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- O. The representatives from City Engineering should be prepared to comment on the status of the applicant's drainage concept. The drainage concept is approved. Computations of the

proposed detention pond are needed to determine minimum building pad elevations for the lots around the lake.

The representative from City Engineering should be prepared to comment on the status of the applicant's drainage plan. The drainage plan s approved.

P. KG&E has requested additional easements.

Q. Southwestern Bell will be meeting with the applicant to discuss payment by developer for relocation of cable.

Applicant stated that this issue will be resolved at time of street construction.

R. The Subdivision Committee has requested the applicant meet with the landowners residing east of this plat at 12514 Rolling Hills Circle, who have concerns with traffic exiting Rolling Hills Circle toward the front of their home.

The configuration of the island at the south cul-de-sac as platted and a landscape design submitted to MAPD will resolve the adjoining landowner's concerns. The applicant stated that the landscape design will be implemented as part of the street project.

If this plat requires the guaranteeing of improvements, a list of the five methods which have been adopted as being acceptable is available through the Planning Department. Also certificates, which are required if petitions are submitted and forms for the bond and irrevocable Letter of Credit, are also available from this office.

The enclosed "marked" copy of the plat is for your information and files.

This matter will be forwarded to the Planning Commission for its consideration on Thursday, March 12, 1998, at 1:30 p.m. If you have any questions concerning this matter, please call.

Sincerely,

Neil Evan Strahl, AICP  
Senior Planner, Current Plans Division

**OWNER/APPLICANT:** Ray Jacoby, 418 S. Forestview Ct., Wichita, KS 67235

**SURVEYOR/ENGINEER:** Baughman Company, P.A., 315 Ellis, Wichita, KS 67211

**LOCATION:** South of Central and west of 119th Street West

**SITE SIZE:** 20.75 Acres

**NUMBER OF LOTS**

|              |           |
|--------------|-----------|
| Residential: | 40        |
| Office:      |           |
| Commercial:  |           |
| Industrial:  |           |
| Total:       | <u>40</u> |

**MINIMUM LOT AREA:** 9,000 sq. ft.

**CURRENT ZONING:** SF-6, Single-Family

**VICINITY MAP:**

NOTE: This replat supersedes the Bay Country 2nd Preliminary plat approved July 20, 1995. Since a revision in a Reserve area was being made by this plat with the addition of 12 lots, adjoining property owners and/or homeowners associations were required to be contacted to determine if any objections existed to the proposed changes.

STAFF COMMENTS:

- A. The applicant shall guarantee the extension of City water to serve the lots being platted.
- B. The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted.
- C. The applicant shall guarantee any drainage improvements, required by the platting of this property, including the construction of storm sewers. *The proposed storm sewer between lots 30 and 31 needs to be covered with a storm sewer easement. The easement between lots 23 and 24 needs to be labeled as a utility and drainage easement.*
- D. The applicant shall guarantee the paving of the proposed interior streets.
- E. If improvements are guaranteed by petitions, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- F. *Fire Department* needs to comment on the 760-foot length of Wheatland/Hardtner which exceeds the 600-foot limit for cul-de-sac streets per the Subdivision regulations. *The street name "Wheatland" needs to be eliminated. Hardtner needs to be renamed Hardtner Circle. Fire Department has approved the length of Hardtner which contains a 64-foot right-of-way width.*
- G. The applicant shall submit a covenant which provides for four (4) off-street parking spaces per dwelling unit on each lot which abuts a 58-foot street (Rolling Hills Circle). The covenant shall inventory the affected lots by lot and block number and shall state that the covenant runs with the land and is binding on future owners and assigns.
- H. Plator's text should indicate provisions have been made for ownership and maintenance of Reserves and the uses intended for these reserves. If a homeowners' association is to be formed, then the association shall be formed prior to recording or the applicant shall submit a covenant stating when the association will be formed, when the reserves will be deeded to the association and who is responsible to own and maintain the reserves prior to the association taking over those responsibilities.
- I. For those reserves being platted for drainage purposes, the required covenant which provides for ownership and maintenance of the reserves shall grant, to the City, the authority to maintain the drainage reserves in the event the owner(s) fail to do so. The covenant shall provide for the cost of such maintenance to be charged back to the owner(s) by a method similar to special assessments.
- J. The applicant shall submit a copy of the instrument which establishes the Phillips Pipeline Easement at the rear of Lots 1-6. The applicant's agent shall determine any setback requirements from the pipeline by researching the text of the pipeline agreement. If a setback from the pipeline

easement is provided for in the pipeline easement agreement, it shall be indicated on the face of the plat.

Any relocation, lowering or encasement of the pipeline made necessary by this development will not be at the expense of the City.

- K. Based upon the platting binder, a portion of the site is in the ownership of another party and mortgages also are being held by another party. These parties need to be made signatories to the plat or documentation provided that such interests are no longer involved with this site.
- L. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be per the direction and approval of the Chief of the Fire Department.)
- M. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- N.
