- B. The applicant shall guarantee any drainage improvements required by the platting of this property.
- C. City Engineering should be prepared to comment on the status of the applicant's drainage plan. The drainage plan has been approved and improvements may be done at time of site development.

- H. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (phone 316-729-0102) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- I. The applicant is advised that various State and Federal requirements [specifically but not limited to the Army Corps of Engineers, Kanopolis Project Office, Rt. 1, Box 317, Valley Center, KS 67147] for the control of soil and wind erosion and the protection of wetlands may impact how this site can be developed. It is the applicant's responsibility to contact all appropriate agencies to determine any such requirements.
- J. Perimeter closure computations shall be submitted with the final plat tracing.
- K. Recording of the plat within thirty (30) days after approval by the City Council and/or County Commission.
- L. The representatives from the utility companies should be prepared to comment on the need for any additional utility easements to be platted on this property.
- M. Proof shall be submitted that the person signing for Westside United Methodist Church is authorized to execute documents on behalf of the corporation (e.g. copy of By-Laws or certification from a title company.)

If this plat requires the guaranteeing of improvements a list of the five methods which have been adopted as being acceptable is available through the Planning Department. Also, certificates which are required if petitions are submitted and forms for the bond and irrevocable Letter of Credit are also available from this office.

The enclosed "marked" copy of the final plat is for your information and files.

This matter will be forwarded to the Planning Commission for its consideration on Thursday, September 11, 1997 at 1:30 p.m. If you have any questions concerning this matter, please call.
