STAFF REPORT

MAPC: November 7, 2013
DAB VI: November 4, 2013

CASE NUMBER: CON2013-00026

APPLICANT/AGENT: Jerry Chambliss (Owner/Applicant)

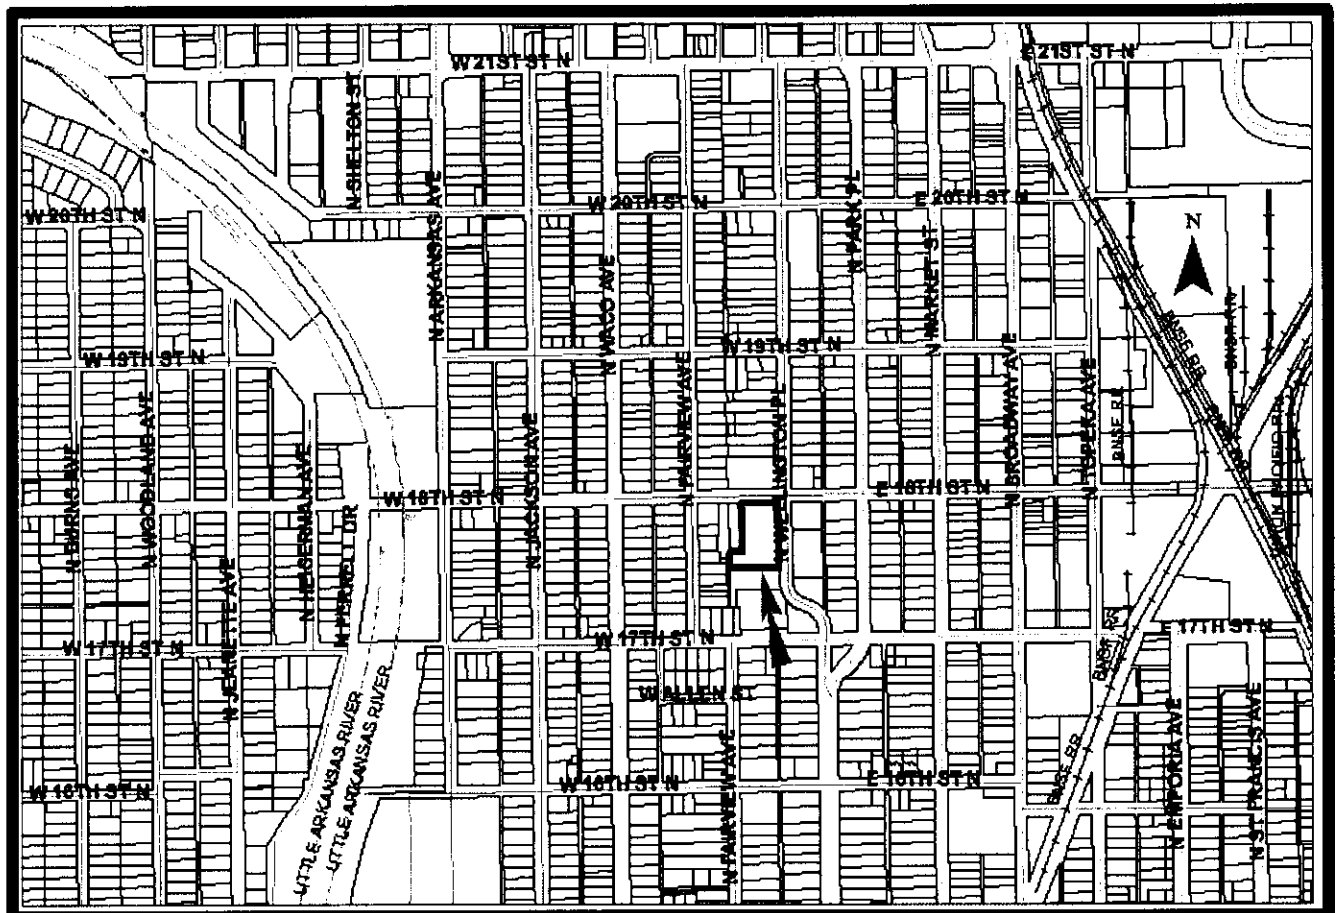

REQUEST: Conditional Use to permit a Bed and Breakfast Inn

CURRENT ZONING: TF-3 Two-family Residential ("TF-3")

SITE SIZE: 1.28 acres

LOCATION: Generally located on the southwest corner of 18th Street and Wellington Place. (1847 Wellington Place)

PROPOSED USE: Bed and Breakfast Inn

BACKGROUND: The applicant is requesting a Conditional Use on a site zoned TF-3 Two-family Residential ("TF-3") to allow a five-room Bed and Breakfast Inn to be operated at their current residence at 1847 Wellington Place. The lot is 1.28 acres in size and is located at the southwest corner of 18th Street and Wellington Place. The residence has five available bedrooms (suites) and the applicants wish to utilize them for the Bed and Breakfast. The applicant maintains their private residence on the third floor.

The site plan shows the two structures (primary structure and carriage house), the access off 18th Street and the area that they propose to utilize for parking. According to the Unified Zoning Code (UZC), the Bed and Breakfast will require five parking spaces for the five suites and an additional space for the owners, thus a need of six total parking spaces. The site has an existing three-car garage, a parking apron and drive that can accommodate the required six spaces. According to the UZC, a Bed and Breakfast is an owner-occupied or manager-occupied residential structure that provides rooms for temporary lodging or lodging and meals for not more than 15 transient guests on a paying basis. A transient guest is a person who occupies a room for a period of less than one week at a time.

The properties to the south, east and west are zoned TF-3 and B and MF-29 to the north. Properties consist mostly of single-family dwellings a group home located at the northwest corner of 18th and Wellington Place.

CASE HISTORY: The property is platted as all odd lots 25-27-29 & Res A Adj & E 170 feet odd lots 31 thru 47, Block 1, Fairview Addition on March 3, 1886. An alley along the north edge of the property has been vacated.

ADJACENT ZONING AND LAND USE:

NORTH:	B	Social Assistance / Services / Welfare
	MF-29	Single-family residences
SOUTH:	TF-3	Single-family residences
EAST:	TF-3	Single-family residences
WEST:	TF-3	Single-family residences

PUBLIC SERVICES: Access to the site is from 18th Street. Eighteenth Street is a residential street with 60 feet of right-of-way and 25 feet of paved width. Wellington Place is a residential street with 60 feet of right-of-way and 30 feet of gravel width. Neither road has recent traffic counts. Municipal services are available to the site.

CONFORMANCE TO PLANS/POLICIES: The 2001 Sedgwick County Development Guide Land Use Guide of the 1999 *Update to the Wichita-Sedgwick County Comprehensive Plan* designates this area as "urban residential".

The Unified Zoning Code ("UZC") allows Bed and Breakfast as a Conditional Use in the residential zoning districts in compliance with UZC site requirements for parking, screening, lighting, and compatibility setback standards and with Landscape Ordinance requirements. No specific requirements are specified for Bed and Breakfast Inn other than the stipulation that it be an owner-occupied or manager-occupied structure.

RECOMMENDATION: Based upon information available prior to the public hearing, Staff recommends that the Conditional Use request for a five suite Bed and Breakfast be **APPROVED**, subject to the following conditions:

1. The site shall be developed and operated in general conformance with the MAPD approved site plan and landscape plan.
2. Construction of improvements shall be completed within one year of approval by the appropriate governing body.
3. The applicant shall obtain all inspections, permits and licenses from the City, prior to operating the bed and breakfast inn.
4. The owner or the manager of the bed and breakfast inn shall reside in the primary structure.
5. There shall be five rooms designated for the bed and breakfast business and there will be a maximum of five occupied guest rooms at any one time. These rooms shall be shown on a floor plan required for approval by the Metropolitan Area Building and Construction Department (MABCD) for a change of occupancy to bed and breakfast inn within a single-family residential structure.
6. Signage is allowed per code, except no freestanding signs shall be allowed.
7. Six parking spaces shall be provided onsite as indicated on the approved site plan, with one space for the owner/resident-manager of the property and five spaces for the guests. The parking area shall be paved, marked and be located in the side yard of the property to the north of the main structure.
8. Lighting shall be directed downward and away from adjoining properties and shall be limited to no more than 14 feet in height for any lighting, including the pole, base and fixture.
9. If the Zoning Administrator finds that there is a violation of any of the conditions of the Conditional Use, the Zoning Administrator, in addition to enforcing the other remedies set forth in Article VIII of the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the Conditional Use is null and void.

This recommendation is based on the following findings:

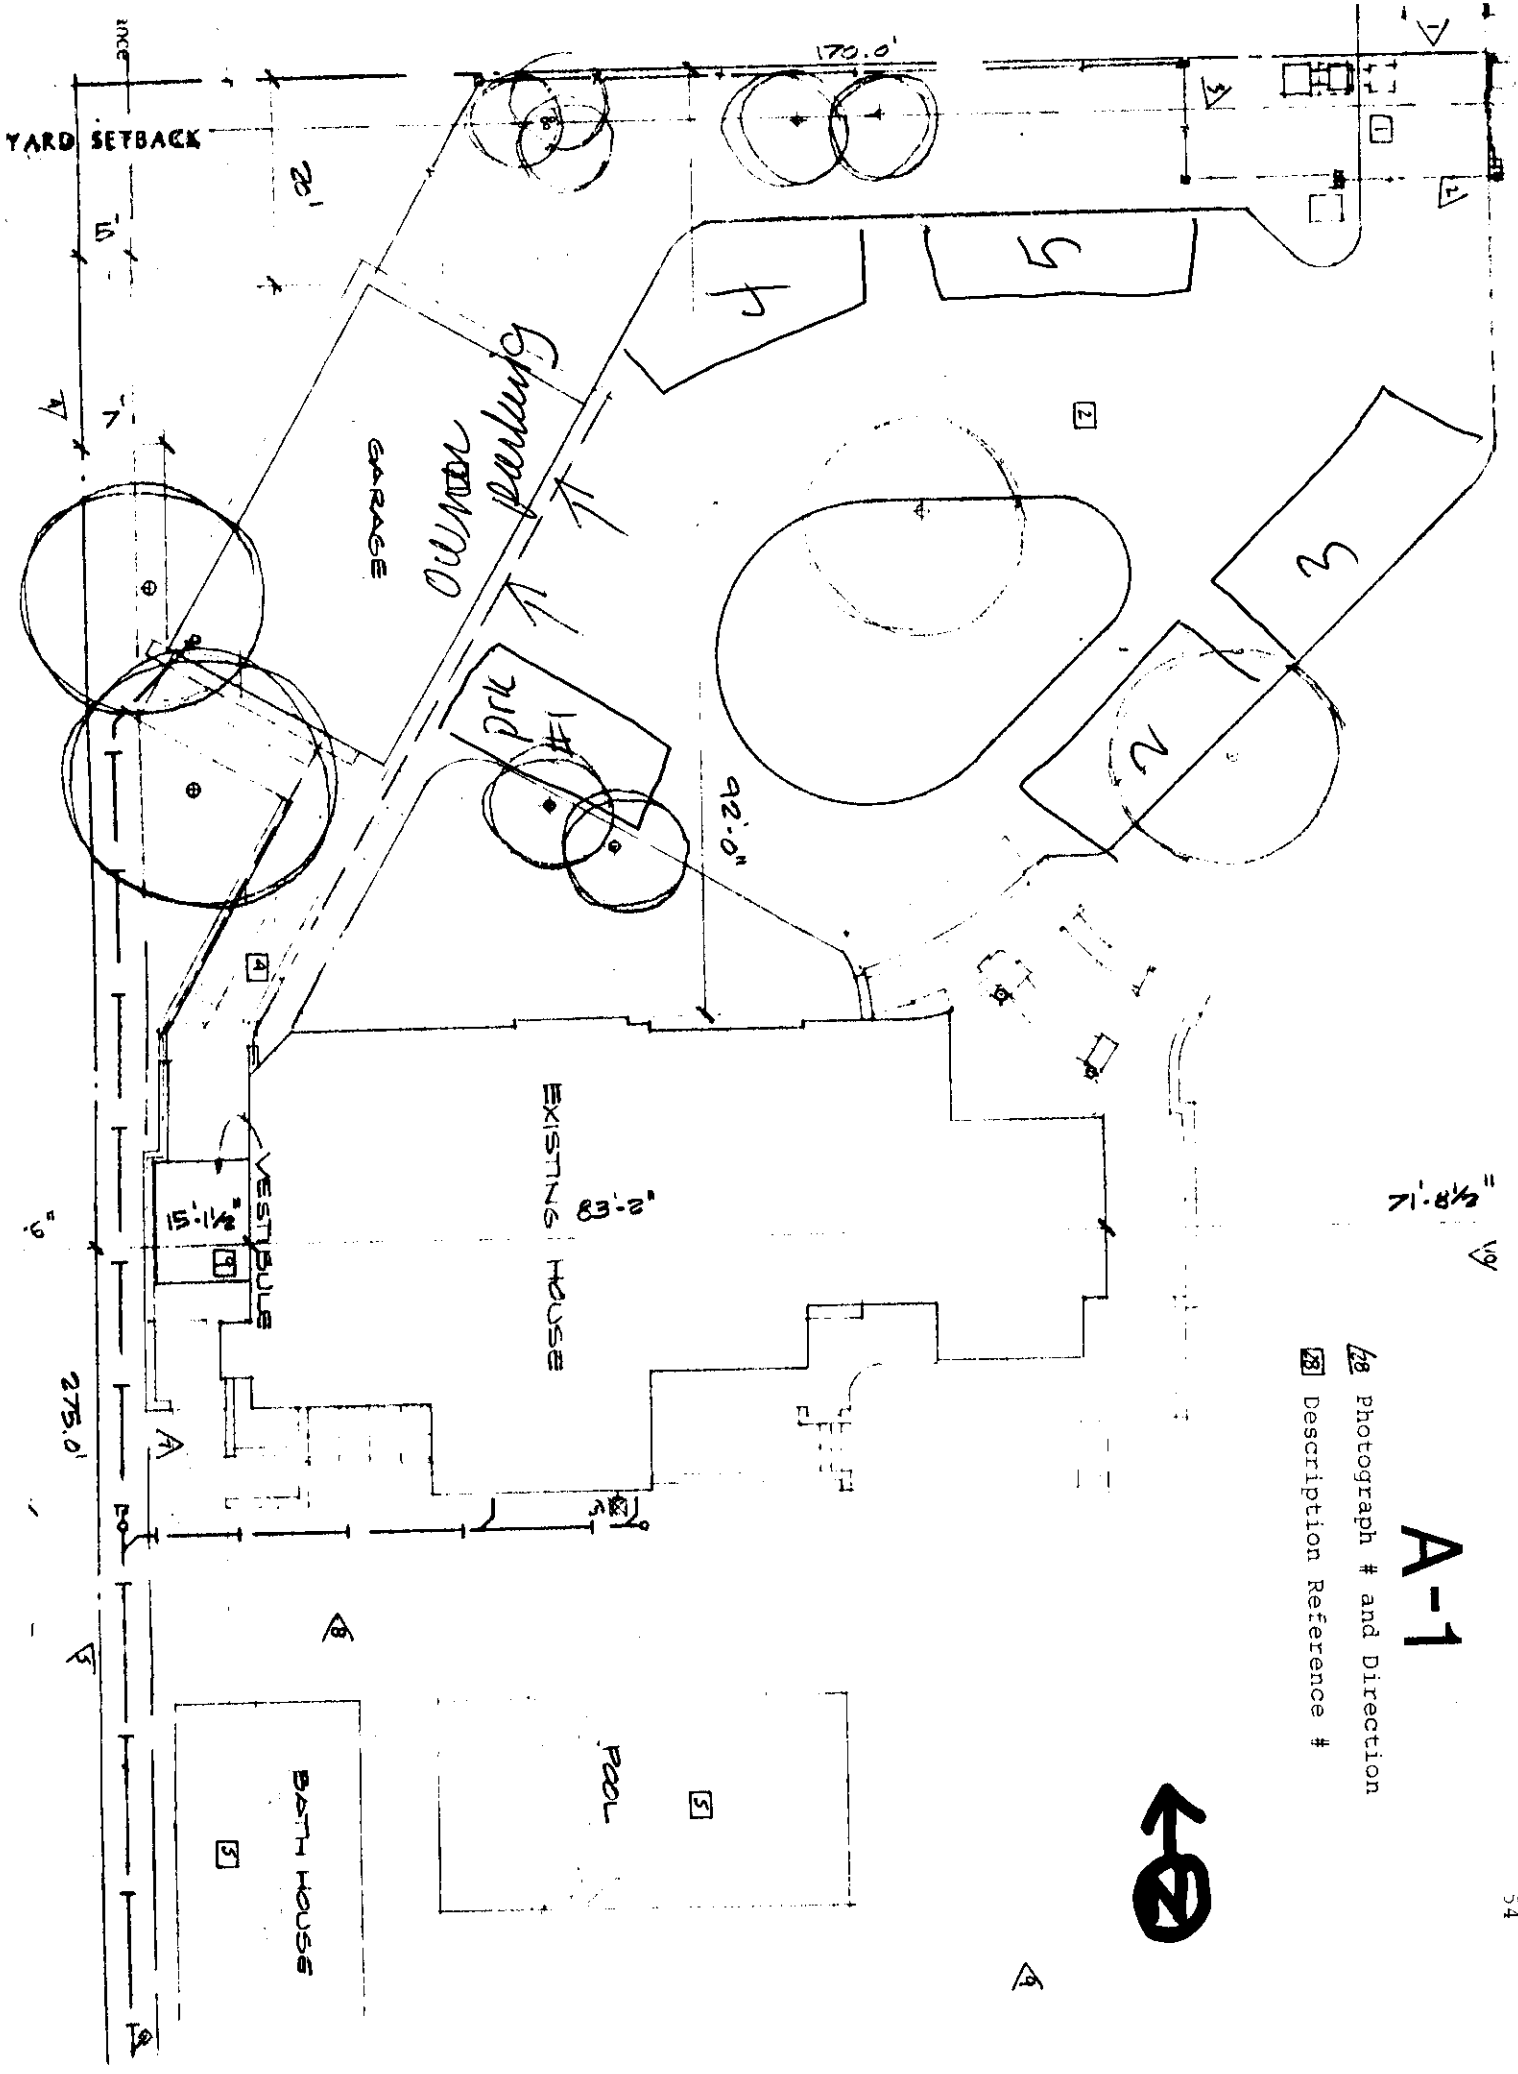

1. **The zoning, uses and character of the neighborhood:** The properties to the south, east and west are zoned TF-3 and B and MF-29 to the north. Properties consist mostly of single-family dwellings. A group home is located at the northwest corner of 18th Street and Wellington Place.
2. **The suitability of the subject property for the uses to which it has been restricted:** The site is zoned TF-3, but is developed with a single-family residence, and could continue to be used as a single-family dwelling. It could also be converted to a duplex

by right. The desirability of the dwelling as a bed and breakfast inn is enhanced by its designation as a key contributing structure in Park Place Fairview National Register Historic District, which could attract potential clientele.

3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** The Conditional Use for a bed and breakfast will encourage preservation and renovation of the current structure in order to attract clientele to lodge in the facility. This investment could be viewed as desirable for encouraging investment in renovating other residences in the vicinity.

4. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The Comprehensive Plan identifies this property as "urban residential." The Unified Zoning Code permits bed and breakfast inn as a Conditional Use when it is determined to be an appropriate site for this type of use and when the bed and breakfast inn can meet site development requirements of the Conditional Use and UZC. The conditions of approval are designed to meet these criteria.

5. **Impact of the proposed development on community facilities:** The impact on community facilities should be minimal so long as all required parking is onsite and is adequately paved. No impact is anticipated on other utilities.
