

AMEND #6 CONDITIONS

- The applicant shall submit a legal description for the property to be changed to the "C" General Commercial zoning district that includes approximately the west 280 feet of Parcel 10.
- Self-storage warehouse uses on Parcel 10 shall be developed in accordance with Section 11-0.3.5 of the Unified Zoning Code, with the exception of Section 11-0.3.5(1) and Section 11-0.3.5(2).
- General Provision #18 shall be amended to add Parcel 10 to the list of parcels which are required to comply with the Landscape Ordinance. Additionally, a minimum 15 foot landscape buffer shall be provided along the south, east, and north perimeter of the self-storage warehouse facility.
- Prior to issuance of a building permit on Parcel 10, a revised site plan shall be submitted for review and approval by the Director of Planning. The revised site plan shall indicate type and location of perimeter enclosure materials, which shall include the size and location of the landscape buffer areas. The site plan shall also indicate the location of the self-storage warehouse facility. The site plan shall also indicate the location of the self-storage warehouse facility. The site plan shall also indicate the location of the self-storage warehouse facility.
- Prior to issuance of a building permit on Parcel 10, revised building elevations shall be submitted for review and approval by the Director of Planning. The revised building elevations shall indicate the wall and roof materials and the color and the use to enclose the perimeter of the facility shall be of a stamped-concrete pattern appearance as the masonry wall that encloses the gate between the storage buildings.
- The proposed use for Parcel 10 shall be amended to permit a vehicle storage yard on the west 280 feet of the parcel.
- Outdoor speakers and sound amplification systems shall not be permitted on Parcel 10.
- General Provision #1 shall be amended to add Parcel 10 to the excepted parcels.

GENERAL PROVISIONS

- Trigles.
- This development is proposed to contain garden apartments, townhouse residential dwelling units, duplexes, and fourplex residences, and associated community buildings, carports and parking and storage garages (except Parcels 2A, 2B, 2C and 10).
- At the time of platting, an architectural and restrictive covenant shall be submitted assuring construction to minimize noise within the dwelling units.
- Appropriate firelane easements shall be considered and defined if necessary prior to the issuance of building permits.
- Building setback lines bordering public streets and along the south and west boundaries of the property shall be as noted on the plan. Building setback lines between Parcels 1, 4, 5, and 6 shall be controlled by the following criteria:
 - When adjacent parcels are developed separately without regard to architectural compatibility or consistency of design, side-yard building setback distances shall be six feet minimum.
 - When adjacent parcels are developed with compatible architecture, construction details and continuity of design, carports and parking or storage garages may be constructed back to back as integral units with zero side yard setbacks.
- An architectural screening wall and/or open parking for the proposed development of Parcels 1, 4, 5, 6, and 7, may be permitted to within 15 feet of public areas right-of-way, provided that within said 15 feet a planting strip is installed. In such instances a landscape plan shall be prepared by a licensed architect and submitted to the Planning Department for their review and approval, prior to the issuance of building permits for such structures shall be submitted to the Planning Department for their review and approval prior to issuance of any building permits.
- Sign or monuments designating the name of the development of individual parcels shall be permitted if they follow the provisions of the code of the City of Wichita.
- All utilities shall be installed underground.
- All sanitary sewer connections shall be made to the interceptor along the east side of the property.
- Off-street parking shall be provided as required by the zoning ordinance of the City of Wichita.
- The density of Parcel 1, 2A, 2B, 2C, 10, 11 and 12 shall not exceed 16.35 D.U./acre, or 180 dwelling units. The density for Parcels 3, 4, 5, 6, 7, and 8 shall not exceed 14.5 D.U./acre, or 156 dwelling units. Individual parcel densities are shown in the parcel descriptions.
- The maximum number of dwelling units permitted in this C.U.P. is 951.
- Parcel 1 Parcel 11 and Parcel 12 use to be zoned "M-10". Parcels 2A, 2B, 2C, 10, 11 and 12 shall be zoned "C". Parcels 3, 4, 5, 6, 7, and 8 are to be zoned "C".
- The north 305 feet of the east property line of Parcel 2, shall be required to have a 6' high masonry wall to be constructed at the time of development of that portion of Parcel 2. However, the east side of the proposed building on Parcel 2 may serve as part of the proposed screening wall, if it has no openings (except for required emergency exits) and no other activity east of the building. In the north 305 feet of the east property line of Parcel 2, the masonry wall requirement shall be submitted by a valid landscape design approved by the Director of Planning. Screening for the south half of the parcel shall be required until development occurs on that portion of the parcel. Dated Per Admin. Adjust. 09-15-05.

PARCEL DESCRIPTIONS

PARCEL 1
Proposed Use - Duplex, triplex, four-plex, and six-plex residences and associated carports and garages.
Net Area - 9.5 acres.
Maximum building height - 3 stories or 35 feet.
Density - 16.35 D.U./acre, or 156 dwelling units.

PARCEL 2A
Proposed Use - All uses allowed in "C" zoning, except the following: auto centers, TBA, restaurants, service stations, convenience stores, theaters, car wash, construction sales and service, group home, group residence, halfway house, tavern and drinking establishment, vehicle and equipment sales (outside), and night club.
Net Area - 1.37 acres (59,610.7 sq. ft.)
Maximum building coverage - 17,832.2 sq. ft. or 30%
Floor Area - 23,844.3 sq. ft.
Floor Area Ratio - 40 percent
Maximum number of buildings - one (1)
Maximum building height to conform to Chapter 28.08 of the City of Wichita, but shall be no greater than 50 feet.
Setbacks - North Line 15 feet except if developed in some ownership as Parcel 2B can be zero.
East Line 35 feet.
South Line 15 feet, except if developed in some ownership as Parcel 2C can be 0 feet.

PARCEL 2B
Proposed Use - All uses allowed in "C" zoning, except the following: auto centers, TBA, restaurants, service stations, convenience stores, theaters, car wash, construction sales and service, group home, group residence, halfway house, tavern and drinking establishment, vehicle and equipment sales (outside), and night club.
Net Area - 1.04 acres (45,427.20 sq. ft.)
Maximum building coverage - 13,828.16 sq. ft. or 30 percent
Floor Area - 18,170.80 sq. ft.
Floor Area Ratio - 40 percent
Maximum number of buildings - one (1)
Maximum building height to conform to Chapter 28.08 of the City of Wichita, but shall be no greater than 50 feet.
Setbacks - North Line 15 feet except if developed in some ownership as Parcel 2A can be zero.
East Line 35 feet.
South Line 15 feet, except if developed in some ownership as Parcel 2C can be 0 feet.

PARCEL 2C
Proposed Use - All uses allowed in "C" zoning, except the following: auto centers, TBA, restaurants, service stations, convenience stores, theaters, car wash, construction sales and service, group home, group residence, halfway house, tavern and drinking establishment, vehicle and equipment sales (outside), and night club.
Net Area - 1.56 acres (68,640.90 sq. ft.)
Maximum building coverage - 20,582.27 sq. ft. or 30 percent
Floor Area - 27,458.36 sq. ft.
Floor Area Ratio - 40 percent
Maximum number of buildings - one (1)
Maximum building height to conform to Chapter 28.08 of the City of Wichita, but shall be no greater than 50 feet.
Setbacks - North Line 15 feet except if developed in some ownership as Parcel 2B can be zero.
East Line 35 feet.
South Line 35 feet.
East Line 35 feet.

PARCEL 3
Proposed Use - Garden apartments and townhouse residential dwelling units, and associated carports and garages.
Net Area - 7.26 acres
Maximum building height - 3 stories or 35 feet.
Density - 15.44 D.U./acre, or 159 dwelling units.

PARCEL 4
Proposed Use - Garden apartments and townhouse residential dwelling units, and associated carports and garages.
Net Area - 3.48 acres
Maximum building height - 3 stories or 35 feet.
Density - 15.44 D.U./acre, or 159 dwelling units.

PARCEL 5
Proposed Use - Garden apartments and townhouse residential dwelling units, and associated carports and garages.
Net Area - 8.39 acres
Maximum building height - 3 stories or 35 feet.
Density - 16.08 D.U./acre, or 150 dwelling units.

PARCEL 6
Proposed Use - Garden apartments, townhouse residential dwelling units, four-plex residences, and associated community buildings, carports and parking or storage garages.
Net Area - 4.34 acres
Maximum building height - 3 stories or 35 feet.
Density - 22.12 D.U./acre, or 96 dwelling units.

PARCEL 7
Proposed Use - Garden apartments, townhouse residential dwelling units, four-plex residences, and associated community buildings, carports and parking or storage garages.
Net Area - 8.22 acres
Maximum building height - 3 stories or 35 feet.
Density - 19.95 D.U./acre, or 164 dwelling units.

PARCEL 8
Proposed Use - Auxiliary parking area (only in designated area and only if the grade is not raised above the natural grade to the north and south and no other obstructions are placed above that grade without written approval from the City's Storm Water Engineer and Floodway Reserve.
Net Area - 6.69 acres

PARCEL 9
Proposed Use - Self-storage warehouse and vehicle storage yard subject to conditions of approval for construction, and of use permitted in Parcel 1.
Gross Area - 3.59 acres (156,196 sq. ft.)
Maximum building coverage (self-storage use) - 43,000 sq. ft. (27.5%)
Maximum building height - 35 feet
Maximum number of buildings (self-storage use) - 12
Maximum density (residential use) - 16.35 D.U./acre, or 59 dwelling units
Setbacks - As shown

PARCEL 10
Proposed Use - Duplex, four-plex, and six-plex residences, and associated carports and garages, and residential activity center (per AA 01-04-08).
Net Area - 1.83 acres (79,131 sq. ft.)
Maximum building height - 3 stories or 35 feet.
Maximum density - 16.35 D.U./acre, or 26 dwelling units
Cross Lot Access: Required between Parcel 11 and Parcel 12.
Setbacks - As shown

PARCEL 11
Proposed Use - Duplex, four-plex, and six-plex residences, and associated carports and garages, and residential activity center (per AA 01-04-08).
Net Area - 1.83 acres (79,131 sq. ft.)
Maximum building height - 3 stories or 35 feet.
Maximum density - 16.35 D.U./acre, or 26 dwelling units
Cross Lot Access: Required between Parcel 11 and Parcel 12.
Setbacks - As shown

PARCEL 12
Proposed Use - Duplex, four-plex, and six-plex residences, and associated carports and garages, and residential activity center (per AA 01-04-08).
Net Area - 1.83 acres (79,131 sq. ft.)
Maximum building height - 3 stories or 35 feet.
Maximum density - 16.35 D.U./acre, or 26 dwelling units
Cross Lot Access: Required between Parcel 11 and Parcel 12.
Setbacks - As shown

DP-59
AMENDED COMMUNITY UNIT PLAN

GENERAL PROVISIONS

1. This development is proposed to contain garden apartments, townhouse residential dwelling units, duplex, four-plex, and six-plex residences, and associated community buildings, carports and parking and storage garages (except Parcel 2A, 2B, 2C and 10).

2. At the time of platting, a drainage plan shall be submitted for approval for the entire property.

3. At the time of platting, an avigation easement and restrictive covenant shall be submitted assuring construction to minimize noise within the dwelling units.

4. Appropriate firelane easement shall be considered and defined if necessary prior to the issuance of building permits.

5. Building setback lines bordering public streets and along the south and west boundaries of the property shall be as noted on the plans. Building setback lines between Parcels 3, 4, 5, and 6 shall be controlled by the following criteria:

a. When adjacent parcels are developed separately without regard to architectural compatibility or community of design, side yard building setback distances shall be six feet minimum.

b. When adjacent parcels are developed with compatible architecture, construction details, and continuity of design, carports and parking or storage garages may be constructed back to back as integral units with zero side yard setback distances. Construction plans for such structures shall be submitted to the Planning Department for their review and approval prior to issuance of any building permits.

6. An architectural screening wall and/or open parking for the proposed development of Parcels 3, 4, 5, 6, and 7, may be permitted to within 15 feet of public street right-of-way, provided that within said 15 feet a plating strip is installed. In such instances a landscape plan shall be prepared by a licensed architect and submitted to the Planning Department for their review and approval, prior to the issuance of building permits on the applicable parcel. Carports and parking or storage garages shall be controlled by the building setback lines noted on the plan and described in general note #5.

7. Signs or monuments designating the name of the development of individual parcels shall be permitted if they follow the provisions of the code of the City of Wichita.

8. All utilities shall be installed underground.

9. All sanitary sewer connections shall be made to the interceptor along the east side of the property.

10. Off-Street parking shall be provided as required by the zoning ordinance of the City of Wichita.

11. The density of Parcel 1, 2A, 2B, 2C, 10, 11 and 12 shall not exceed 16.3 D.U./acre, or 180 dwelling units. The density for Parcels 3, 4, 5, 6, 7, and 9 shall not exceed 14.5 D.U./acre, or 155 dwelling units. Individual parcel descriptions are shown in the parcel descriptions.

The maximum number of dwelling units permitted in this C.U.P. is 951.

12. Parcel 1 Parcel 11 and Parcel 12 are to be zoned "MF-18". Parcels 2A, 2B, 2C Parcel 10 is to be zoned "GC".

13. The north 305 feet of the east property line of Parcel 2, shall be required to have a 6-8 foot high masonry wall to be constructed at the time of development of that portion of Parcel 2. However, the east side of the proposed building on Parcel 2 may serve as part of the proposed screening wall if it has no openings (except for required emergency exits) and no driveway or other activity east of the building wall. In the south 305 feet of the east property line of Parcel 2, the masonry wall requirement shall be submitted by a solid landscape screen approved by the Planning Department. Screening for the south half of the parcel shall not be required until development occurs on that portion of the parcel. Deleted Per Admin. Adj. 09-15-05

PARCEL DESCRIPTIONS

PARCEL 1
Proposed Use - Duplex, Triplex, four-plex, and six-plex residences and associated carports and garages.
Net Area - 8.3 acres
Maximum building height - 3 stories or 35 feet.
Density - 16.35 D.U./acre, or 155 dwelling units.

PARCEL 2A
Proposed Use - All uses allowed in "LC" zoning, except the following: auto centers, TBA, restaurants, services stations, convenience stores, theaters, car wash, construction sales and service, group home, group residence, halfway house, tavern and drinking establishment, vehicle and equipment sales (outdoor), and night club.
NET AREA - 1.37 acres (59,610.7 sq. ft.)
MAXIMUM BUILDING COVERAGE - 17,883.2 sq. ft. or 30%
FLOOR AREA - 23,844.3 sq. ft.
FLOOR AREA RATIO - 40 percent
MAXIMUM NUMBER OF BUILDINGS - one (1)
MAXIMUM BUILDING HEIGHT - to conform to Chapter 28.08 of the City of Wichita, but shall be no greater than 50 feet.
SETBACKS - North Line 20 feet
West Line 35 feet
South Line 15 feet except if developed in some ownership as Parcel 2B can be zero.
East Line 35 feet
ACCESS POINTS - One point of access across from Brunswick located west of Ridge Road (per Film 2048, Pages 980 and 991).

PARCEL 2B
Proposed Use - All uses allowed in "LC" zoning, except the following: auto centers, TBA, restaurants, services stations, convenience stores, theaters, car wash, construction sales and service, group home, group residence, halfway house, tavern and drinking establishment, vehicle and equipment sales (outdoor), and night club.
NET AREA - 1.04 acres (45,427.20 sq. ft.)
MAXIMUM BUILDING COVERAGE - 13,628.16 sq. ft. or 30 percent
FLOOR AREA - 18,170.88 sq. ft.
FLOOR AREA RATIO - 40 percent
MAXIMUM NUMBER OF BUILDINGS - one (1)
MAXIMUM BUILDING HEIGHT - to conform to Chapter 28.08 of the City of Wichita, but shall be no greater than 50 feet.
SETBACKS - North Line 15 feet except if developed in some ownership as Parcel 2A can be zero.
West Line 35 feet
South Line 15 feet, except if developed in some ownership as Parcel 2C can be 0 feet.
East Line 35 feet
ACCESS POINTS - One point of access across from Brunswick located west of Ridge Road to be shared with Parcel 2A (per Film 2048, Pages 980 and 991).

PARCEL 2C
Proposed Use - All uses allowed in "LC" zoning, except the following: auto centers, TBA, restaurants, services stations, convenience stores, theaters, car wash, construction sales and service, group home, group residence, halfway house, tavern and drinking establishment, vehicle and equipment sales (outdoor), and night club.
NET AREA - 1.58 acres (68,640.80 sq. ft.)
MAXIMUM BUILDING COVERAGE - 20,592.27 sq. ft. or 30 percent
FLOOR AREA - 27,456.36 sq. ft.
FLOOR AREA RATIO - 40 percent
MAXIMUM NUMBER OF BUILDINGS - one (1)
MAXIMUM BUILDING HEIGHT - to conform to Chapter 28.08 of the City of Wichita, but shall be no greater than 50 feet.
SETBACKS - North Line 15 feet except if developed in some ownership as Parcel 2B can be zero.
West Line 35 feet
South Line 35 feet
East Line 35 feet
ACCESS POINTS - One point of access across from Brunswick located west of Ridge Road to be shared with Parcel 2A (per Film 2048, Pages 980 and 991).

PARCEL 3
Proposed Uses - Garden apartments and townhouse residential dwelling units, community buildings, and associated carports and garages.
Net Area - 7.38 acres +
FLOOR AREA - 1,948 acres +
Maximum building height - 3 stories or 35 feet.
Density - 21.54 D.U./acre, or 159 dwelling units.

PARCEL 4
Proposed Uses - Garden apartments and townhouse residential dwelling units, community buildings and associated carports and garages.
Net Area - 8.39 acres +
Maximum building height - 3 stories or 35 feet.
Density - 16.09 D.U./acre, or 135 dwelling units.

PARCEL 5
Proposed Uses - Garden apartments and townhouse residential dwelling units, community buildings and associated carports and garages.
Net Area - 8.39 acres +
Maximum building height - 3 stories or 35 feet.
Density - 16.09 D.U./acre, or 135 dwelling units.

PARCEL 6
Proposed Uses - Garden apartments, townhouse residential dwelling units, four-plex residences, and associated community buildings, carports and parking or storage garages.
Net Area - 4.34 acres +
Maximum building height - 3 stories or 35 feet.
Density - 22.12 D.U./acre, or 98 dwelling units.

PARCEL 7
Proposed Uses - Garden apartments, townhouse residential dwelling units, four-plex residences, and associated community buildings, carports and parking or storage garages.
Net Area - 8.22 acres +
Maximum building height - 3 stories or 35 feet.
Density - 16.95 D.U./acre, or 164 dwelling units.

PARCEL 8A
Proposed Uses - Ancillary parking area (only in designated area and only if the grade is not raised above the natural grade to the north and south and no other structures are placed above that grade without written approval from the City's Storm Water Engineer) and Floodway Reserve.
Net Area - 6.60 acres +

PARCEL 10
Proposed Uses - Self-storage warehouse and vehicle storage yard subject to conditions of approval for amendment #6, and all uses permitted in Parcel 1.
Gross Area - 3.58 acres (See inset)
Maximum Building Coverage (self-storage use): 43,000 sq. ft. (27.5%)
Maximum Building Height - 35 ft.
Maximum Number of Buildings (self-storage use): 12
Maximum Density (residential use): 16.35 D.U./acre, or 59 dwelling units
Setbacks - As shown

PARCEL 11
Proposed Uses - Duplex, four-plex, and six-plex residences, and associated carports and garages, and residential activity center (per AA 01-04-08).
Net Area - 1.4 acres (61,278 sq. ft.)
Maximum Building Height: 3 stories or 35 ft.
Maximum Density: 16.35 D.U./acre, or 22 dwelling units
Cross Lot Access: Required between Parcel 11 and Parcel 12.
Setbacks - As shown

PARCEL 12
Proposed Uses - Duplex, four-plex, and six-plex residences, and associated carports and garages, and residential activity center (per AA 05-18-06).
Net Area - 1.63 acres (72,131 sq. ft.)
Maximum Building Height: 3 stories or 35 ft.
Maximum Density: 16.35 D.U./acre, or 26 dwelling units
Cross Lot Access: Required between Parcel 11 and Parcel 12.
Setbacks - As shown

A13	Washington Hawthorn - <i>Crataegus phaeocarpa</i>	3	BB 6'-8'		
A14	Golden Rain tree - <i>Koeleria paniculata</i>	4	BB 6'-8'		

- NOTES:
- Lawn areas for both parcels shall be seeded to Kentucky Fescue 31 tall - *Festuca arundinacea*. It is suggested that seeding not be accomplished until after 15 September.
 - All trees to be staked at time of planting and all deciduous trees to be wrapped up to second branch.
 - Existing plant material to remain - cleaning & pruning will be required.
 - Since parcel 10 contains numerous trees, it is suggested that this parcel should continue to remain natural in character.

Farmington Square Landscape Plan

Scale - 1" = 20' DP-59

CONDITIONALLY APPROVED IN
SATISFACTION OF GENERAL
PROVISION No. 10 OF THE
FARMINGTON SQUARE CUP. (SEE
MEMO DATED 8-26-76) *[Signature]*
Date

GENERAL LANDSCAPE SPECIFICATIONS

1. Landscape contractor shall provide all labor, materials and services necessary to furnish and install plantings as specified herein and as shown on these plans.
2. No material substitutions shall be made without Owner/Architect's approval. Alternate materials of similar size and character may be considered if specified plant materials cannot be obtained. Owner/Architect reserves the right to adjust plant list as deemed necessary.
3. Total quantities of materials shown on drawings shall take precedence over quantities shown on the plant schedule. Landscape contractor shall be responsible for verifying all quantities on the planting plans.
4. When clay soil is encountered in the establishment of the lawn or the installation of the plant material, it shall be improved in accordance with standard trade practice (i.e. addition of lime gypsum, etc.).
5. Re-establish turf in all the areas disturbed by grading or utility trenching in the ROW.
6. After planting is completed, repair injuries to all plants as required. Limit amount of pruning to a minimum necessary to remove dead or injured twigs and branches. Prune in such a manner as not to change natural habit or shape of plant. Make cuts flush, leaving no stubs. Cuts of one inch (1") or more to be painted with tree paint. Central leaders shall not be removed.
7. Use triangular spacing in all ground cover and annual beds unless stated otherwise on plans.
8. Plant ground cover within one foot (1') of trunk of trees or shrubs planted within area. Planting arrangement shall be triangular, with proper on-center spacing between plants.
9. Heavy duty black plastic edging shall be used to separate all turf areas from planting beds, unless specified otherwise. Place edging flush with grade (see planting details).
10. Use shredded cypress mulch in all planting beds, unless specified otherwise. Landscape contractor shall supply Owner/Architect with a sample of mulch for approval prior to starting construction.
11. Place mulch in beds and tree saucers per planting details.
12. Planting beds receiving mulch are to be free of weeds and grass. Treat beds with a pre-emergent herbicide prior to planting and mulch placement. Apply in accordance with standard trade practice. Do not apply herbicide in annual/perennial beds.
13. Seasonal annual/perennial beds are to be planted with local materials that will offer the longest lasting, boldest color display beginning at the time of installation.
14. Landscape contractor to remove tree stakes, tree wrap, and remove all dead wood on trees and shrubs one year after provisional acceptance.
15. Report any discrepancies in the planting plan to the architect prior to starting construction.
16. Prior to any excavation for landscaping purposes, the location of underground utilities shall be determined by calling the local utility companies. Landscape contractor shall be responsible for any damage done to existing utilities.
17. The landscape contractor is to be responsible for all permits required and is to see that all work is performed in accordance with state and local codes.
18. Topsoil hauled onto the site shall be fertile, friable, natural loam topsoil, of uniform quality, characteristic representing local soils which produces heavy growth of crops, grass or other vegetation. It shall be free of subsoil, clay lumps, brush, weeds, roots, stones, trash, or other matter toxic to plant growth.
19. Landscape contractor to install weed barrier fabric in accordance with planting details prior to mulching.
20. All grass areas called out on the plans are to be seeded/sodded with local industry standard type variety. Submit seed type to Architect prior to installation. Starter fertilizer is also to be applied using local industry standards.

1 DECIDUOUS TREE PLANTING DETAIL

GENERAL IRRIGATION SPECIFICATIONS

1. Irrigation - Water for establishment and maintenance of plant materials on this project will be provided by an irrigation system.
2. Contractor will verify static pressure and volume of site water supply and design entire irrigation system accordingly. Each zone of irrigation system is to be designed with a maximum of 35 gallons per minute.
3. The Contractor shall submit shop drawings to Owner's representative prior to construction which will illustrate type of head, valve location, piping and accessories, show design pressure, valve sizes, gpm requirements and pipe sizes.
4. System is to consist of separate drip emitter zones, spray head zones, and turf rotor zones. Each with separate valves and stations on the controller.
5. Controller(s) is/are to be a solid state type with lockable cabinet. Controller must have dual programming, drip stations and be capable of multiple valves per station.
6. Rainswitch shall be located near controller. Wire so rain switch interrupts valve common and leaves clock activated.
7. Manual drain valves are to be located at the ends and low points of the irrigation mainline. Place manual valves in latchable valve box for easy access. Place on cubic foot of gravel below valve.
8. Automatic drain valves are to be located at all low points of irrigation lateral lines. Where low point is at end of line, locate valve at minimum of 12" from end sprinkler head. Place valves on top of one cubic foot of fill gravel.
9. Provide PVC sleeves for irrigation pipes and wiring that crosses under walks, streets, concrete pads and building pads. Combine piping whenever possible to save on sleeving materials. Coordinate installation of sleeves with general contractor to install before paving operations have commenced.
10. When installing irrigation pipe along curbs or in islands, place pipe as near to curb as possible to allow for planting trees, shrubs and groundcovers.
11. Drip emitter zones require an underground pressure regulator and a filter with 150 mesh screen located after each drip zone valve.
12. Use the following guidelines when design and installing drip system, based on one (1) gallon per hour emitters:
- 1 drip emitter per one square foot of annual bed.
 - 1 drip emitter per two 2'x4' groundcover.
 - 1 drip emitter per 1 gallon groundcover.
 - 2 drip emitter per one 1-5 gallon shrub.
 - 4 drip emitter per 1'-3' caliper tree located in planter bed.
13. Drip irrigation line shall be installed above grade but beneath mulch. Drip distribution pipe shall be secured to grade by the use of 'u' shaped stakes. The emitters stated above shall be inserted into these lines. Polyethylene resin emitter distribution tubing shall distribute water to the crown of the plants. Each surfaced end of distribution tube will be fitted with an insect cap and elevated at a minimum of 2" above grade.
14. Adjust all irrigation equipment so that sidewalks, paving, fences and buildings remain dry of direct spray for excess water run-off.

RE: ZON2017-00031 and CUP2017-38 - City zone change from TF-3 Two-Family Residential to GC General Commercial and MF-18 associated with CUP2017-38 amendment to Farmington Square Community Unit Plan DP-59; generally located approximately 1,800 feet east of West Central Avenue and Ridge Road.

Dear Applicants:

At its regular meeting on **November 16, 2017**, the Wichita - Sedgwick County Metropolitan Area Planning Commission considered the above captioned request. The action of the MAPC was to **APPROVE** the request of the zone change with the condition that buildings in MF-18 zoning district Parcel 9 C be limited to a maximum of two (2) stories.

Property owners opposed to the application may file with the City Clerk signed written protest of the MAPC's recommendation. (Unsigned e-mails are not considered to be legal protests.) In order to be considered a "valid" petition, the signatures must reflect the correct and entire ownership of the property, the property must be at least partially within 200 feet of the property for which the application was filed, and must be submitted to the City Clerk by **November 30, 2017, at 5 p.m.**

The application is scheduled for consideration by the City Council on **Tuesday, December 19, 2017**. The City Council meeting will be held in the City Council Chambers, First Floor, City Hall, 455 N. Main, Wichita, Kansas.

NOTICE: The public hearing on planning items is conducted by the MAPC under provisions of State Law. Adopted policy is that the City Council will not take additional testimony on zoning related applications and other issues for which the MAPC has held a public hearing. However, interested parties may file a written statement with the City Clerk by 5:00 p.m. on the Wednesday preceding this meeting, providing new facts on the issue or alleging an unfair

hearing. The Council will determine from such statements whether to return the issue to the MAPC for reconsideration or to reverse their recommendation.

This is a reminder that the zoning notification signs should now be removed from the property. If you have any questions concerning this application, please contact our office at 268-4421.

RE: CUP2016-44 – City CUP Administrative Adjustment to CUP DP-59, to adjust the building setback on Lot 26, Block 1, Shady Ridge Addition containing 0.43 acre. The property is generally located south of West Central and east of Ridge Road

Dear Applicants:

We received and reviewed your request for an Administrative Adjustment to Community Unit Plan Farmington Square DP-59, to reflect VAC2016-60 on Lot 26, Block 1, Shady Ridge Addition, Wichita, Sedgwick County, Kansas (6746 & 6748 W. Shade Court). Proposed modifications are as follows:

1. Reduce building Setback from 25 feet to 10 feet in Lot 26 along the frontage of Shade Lane as per VAC2016-60.

On the basis of our review, we find that adjusting the CUP in the manner stated in the above paragraph is consistent with the approved CUP and will not have an adverse effect on the CUP or adjacent properties, nor will it be a substantial deviation of the original plan.

Our signatures below indicate that the CUP shall be adjusted as stated in this letter. This CUP adjustment shall not be deemed to alter any other provisions of the CUP except as expressly stated herein.

The “Development Application” sign should now be removed from the property. Please submit four (4) copies of the revised CUP drawing within 60 days in order for this adjustment to be considered final.

Dale Miller, Director
