Re: S/D 94-9 - BONANZA ADDITION (Final Plat)

Dear Mr. Castle:

At the regular meeting of the Metropolitan Area Planning Commission on Thursday, March 24, 1994, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of March 18, 1994.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developers.

Please call if you have any questions.

Sincerely,

Don Losew
Senior Planner

- J. For the nonmunicipal utilities needing to be relocated, letters shall be submitted from each utility indicating that satisfactory arrangements have been made for such relocations (Southwestern Bell, KG&E-Electric).**
- K. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.**
- L. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.**
- M. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).**
- N. Recording of the plat within 30 days after approval by the City Council.**

METROPOLITAN AREA PLANNING COMMISSION

March 24, 1994

STAFF REPORT

(Final Plat Approved March 17, 1994 Meeting)

CASE NUMBER: S/D 94-9 BONANZA ADDITION

OWNER/APPLICANT: Bonanza, Inc., P. O. Box 17365, Wichita, KS 67217

SURVEYOR/ENGINEER: Castle & Associates, P. O. Box 9262, Wichita, KS 67277

LOCATION: East of West Street and north of Kellogg

SITE SIZE: 103,420 sq. ft.

NUMBER OF LOTS

Residential:	
Office:	
Commercial:	1
Industrial:	
Total:	1

MINIMUM LOT AREA: 103,420 sq. ft.

CURRENT ZONING: "LC" and "BB"

PROPOSED ZONING: "LC" (Z-3115)

VICINITY MAP:

Handwritten: P. 2057

STAFF COMMENTS:

- A.** Approval of this plat is subject to approval of the zone change and any requirements of the zone change. In particular a restrictive covenant concerning the uses to be allowed on this site was considered and if required by the City Council will need to be submitted prior to the plat being released for recording.
- B.** Guarantees shall be provided for the abandonment of any sanitary sewer or water lines not being covered by utility easements vacated by virtue of this replat.
- C.** On the final plat tracing, sufficient right-of-way, as determined by Traffic Engineering, shall be dedicated for a circular turnaround for the termination of Illinois on this site.

The applicant shall also provide a guarantee for the construction and paving of this turnaround.

The applicant is advised that an agreement shall also be provided indicating that access to Illinois, except for emergencies, will not be allowed unless and until all of Illinois is paved from this site north to Taft.

- D.** The applicant shall guarantee the closure of the existing driveways to McComas now being located in areas of complete access control.
- E.** The applicant shall guarantee any drainage improvements required by the platting of this property.
- F.** If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- G.** On the final plat tracing, as required for commercially zoned property, a 35-foot building setback shall be platted to Kellogg Drive/Frontage Road and a 20-foot building setback shall be platted to McComas.
- H.** The final plat shall indicate the platting of the 35-foot building setback from Kellogg Drive/Frontage Road through the existing buildings which encroaches into the setback area. Central Inspection has advised that the platting of these building setbacks does not preclude the property owner from maintaining or remodeling that portion of the buildings within the setback area. The buildings cannot, however, be enlarged within the setback and, if the buildings are removed, any new building construction must observe the platted building setback.
- I.** If in addition to the access to this site from Kellogg Drive, a private means of access is to be provided across the site to the west, such agreement or easement should be established by separate instrument and recorded by the applicant. Such easement or agreement, for informational purposes should then be noted or shown on the final plat tracing and a copy of the instrument submitted to Planning for the plat file. However, as a private agreement or easement, the City does not need to be made a party to such document.
