Re: S/D 94-48 LEEWOOD VILLAGE AT NORTHROCK SECOND ADDITION - (Final Plat)—

Dear Mr. Allison:

At the regular meeting of the Metropolitan Area Planning Commission on August 11, 1994, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of August 5, 1994.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developers.

Please call if you have any questions.

Sincerely,

Don Losew

(phone 316-946-4527) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.

- N. As indicated by the City's Fire Department representative, the length of this site's cul-de-sac, for safety purposes, should require that no parking be established at least in the area of the site's entrance from Ironwood and adjacent to the drainage dedication or immediately across the street from this area.
- O. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- P. Recording of the plat within 30 days after approval by the City Council.

NOTE: Since the preliminary plat was heard, the applicant has indicated they would like the Committee to reconsider placing the northern drainage way in a reserve (see Items G and H).

STAFF COMMENTS:

- A. The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted.
- B. The applicant shall guarantee the extension of City water to serve the lots being platted.
- C. The applicant shall guarantee any drainage improvements required by the platting of this property. These improvements may be included with the paving petition.
- D. The applicant shall guarantee the paving of the proposed interior streets.
- E. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- F. As requested by the applicant, drainage dedications may be indicated rather than Reserves on the final plat tracing.
- G. The applicant shall submit a covenant which provides for four (4) off-street parking spaces per dwelling unit on each lot which abuts a 58-foot street. The covenant shall inventory the affected lots by lot and block number and shall state that the covenant runs with the land and is binding on future owners and assigns.
- H. As indicated by City Engineering, minimum building pad elevations will be required for the lots adjacent to the drainageway. Such elevations shall be indicated both in the platting text and on the face of the final plat tracing. It shall also be indicated if the elevation(s) are for the lowest opening or floor level. Both on-site and off-site benchmarks shall also be indicated.
- I. The final plat tracing shall indicate the recording information for the Farmland Pipeline Ind. Easement shown on this plat. A copy of this easement shall also be submitted for the plat file.

Such recording information shall also be shown for the 30-foot sanitary sewer easement located over a northern portion of this plat.
- J. On the final plat tracing, a distance shall be indicated from this site's northwest corner to the tiepoint (N.W. Cor., N.W. 1/4)
- K. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- L. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- M. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator
