

relocation of their facilities made necessary by the vacation of the existing easement.

- H. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- I. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- J. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- K. Recording of the plat within 30 days after approval by the City Council.

METROPOLITAN AREA PLANNING COMMISSION

AGENDA ITEM NO. 2-6

February 11, 1993

STAFF REPORT  
(Final Plat Approved 2/4/93)

CASE NUMBER: S/D 93-2 - SHADYBROOK COMMERCIAL ADDITION

OWNER/APPLICANT: City of Wichita, Attn: Steve Potucek, 8th Floor, 455 North Main, Wichita, KS 67202

SURVEYOR/ENGINEER: Savoy, Ruggles, & Bohm, P. A., Attn: Mark Savoy, 841 South Hillside, Wichita, KS 67211

LOCATION: South of 21st Street North and west of Hillside

SITE SIZE: 3.2 Acres

NUMBER OF LOTS  
Residential:  
Office:  
Commercial: 3  
Industrial:  
Total: 3

MINIMUM LOT AREA: 38,400 sq. ft.

CURRENT ZONING: "LC" and "RB"

PROPOSED ZONING: "LC" (Z-3088)

-----

-----

VICINITY MAP:

NOTE: This site is presently involved in a requested zone change to "LC" for the entirety of the site and a Community Unit Plan (CUP). Both the zone change and CUP are scheduled to be reviewed by the MAPC on February 11, 1993. As a final form only plat, if this plat is approved by the Subdivision Committee at its February 4, 1993 meeting, the final plat will also be on the MAPC's February 11, 1993 meeting date.

STAFF COMMENTS:

- A. Since a plat of a site, involved in a zone change and/or CUP, is expected to reflect any requirements of an approved zone change or CUP, approval of this plat shall be subject to approval of the associated zone change and CUP and any relevant platting requirements. As necessary, the final plat tracing shall reflect any necessary changes, and any conditions established during the plat's review shall be subject to any conditions established in regard to the zone change and CUP's approvals.
- B. The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted. This guarantee shall also provide for the abandonment of the sanitary sewer line no longer being covered by a public utility easement. The final plat tracing shall, however, indicate a sufficient utility easement for the new sewer line.
- C. The applicant is advised that at the time of site development the closure of those drives located in areas indicated as being platted for complete access control or openings in excess of the allowed number of openings will be required. Specifically, this would involve for Lot 3 the closing of one drive to Carmen and two drives to 21st Street North; for Lot 2 one drive to 21st Street North, and the drive to Shadybrook; and for Lot 1 one drive to 21st Street North, two drives to Hillside, and one drive to Shadybrook. As necessary the replacement of sidewalks, such as along Shadybrook Lane will also be required.
- D. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- E. On the final plat tracing, the typographical error (shown) in the Mayor's signature block shall be corrected.
- F. Although the existing buildings on this site are anticipated to be removed, the applicant is advised that any portion of an existing building located in a setback platted by this addition, cannot be expanded and may only be maintained or remodeled and if removed, all new construction must observe the building setback.
- G. Prior to this plat being submitted for City Council review, the applicant shall submit a letter from KG&E and Cablevision indicating that satisfactory arrangements have been made for the

Re: S/D 93-2 - Shadybrook Commercial Addition (Final Plat)

Dear Mr. Savoy:

At the regular meeting of the Metropolitan Area Planning Commission on February 11, 1993, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of February 10, 1993.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developers.

Please call if you have any questions.

Sincerely,

Don Losew  
Senior Planner
