(Final Plat Approved 4/16/92,  
Preliminary Plat Approved 3/5/92)

CASE NUMBER: S/D 92-8 - BREEZY POINTE (BAYSIDE ESTATES)  
ADDITION

OWNER/APPLICANT: Jay W. Russell, P.O. Box 9007, Wichita,  
KS 67277

SURVEYOR/ENGINEER: Baughman Company, 315 Ellis, Wichita, KS  
67211

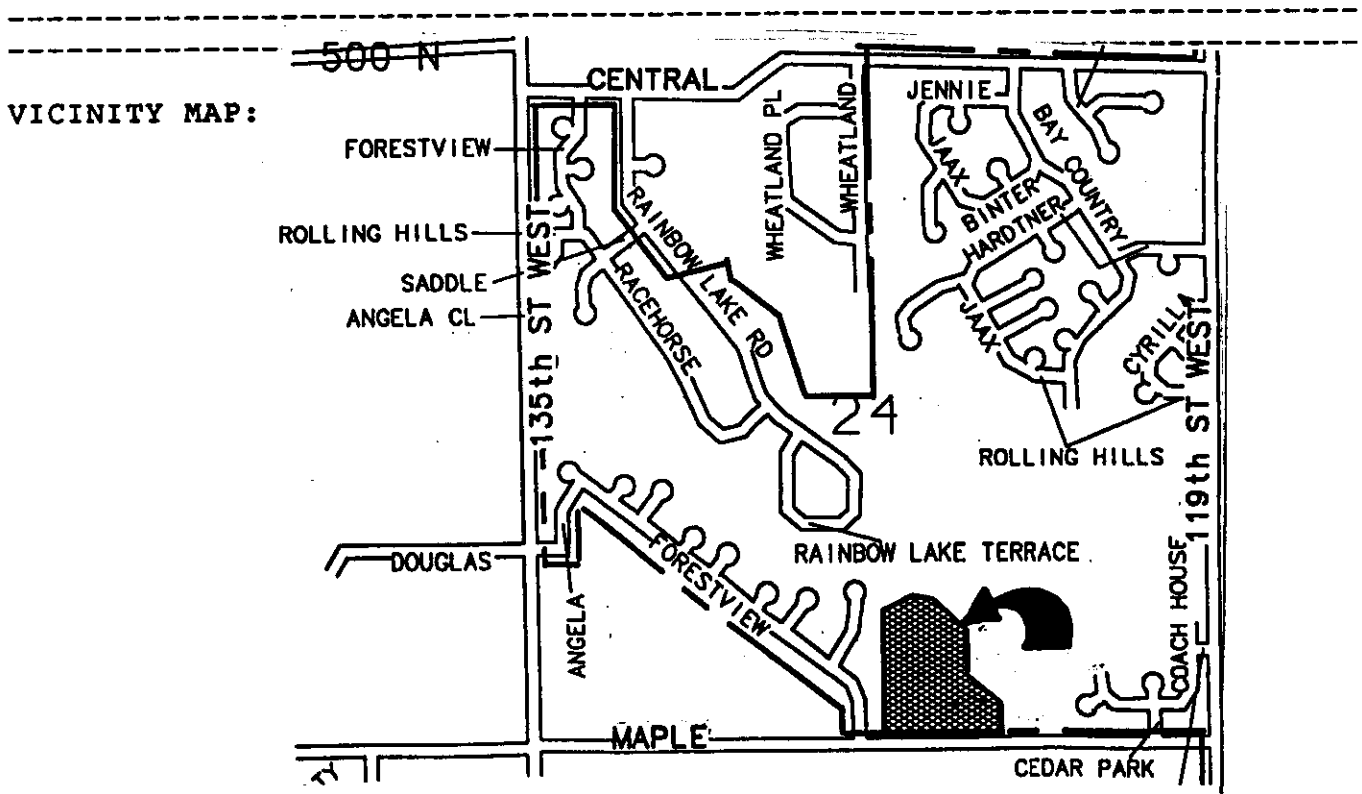

LOCATION: North side of Maple, 1/2 mile west of 119th  
St. West.

SITE SIZE: 21.5 Acres

NUMBER OF LOTS  
Residential: 43  
Office:  
Commercial:  
Industrial:  
Total: 43

MINIMUM LOT AREA: 11,700 sq. ft.

CURRENT ZONING: "AA" One Family Dwelling

NOTE: The applicant is requesting that this plat's name be changed to Breezy Pointe rather than Bayside Estates as indicated on the Preliminary.

STAFF COMMENTS:

- A. The applicant shall guarantee the extension of City water to serve the lots being platted.
- B. The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted.
- C. The applicant shall guarantee any drainage improvements required by the platting of this property.
- D. The applicant shall guarantee construction of the storm sewers required by this plat.
- E. The applicant shall guarantee the paving of the proposed interior streets.
- F. According to the sidewalk ordinance, a cul-de-sac street connecting to an arterial and serving at least 48 lots is required to provide sidewalk along one side of the street. This plat is only indicating 43 lots plus several Reserves with access to the cul-de-sac. Consequently, sidewalk is not a requirement but the applicant is, however, encouraged to consider including a sidewalk along the east side of Bayside Circle or within any Reserve needed along the east line of this plat. If the applicant requests, these improvements may be included in the paving guarantees.
- G. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- H. As indicated by City Engineering a portion of the area along the east line of this plat should be platted as a Reserve for floodway, rather than as a floodway easement. The final plat tracing shall indicate the requested Reserve.
- I. Provisions shall be made for ownership and maintenance of the proposed reserves. The applicant shall either form a lot owners' association prior to recording the plat or shall submit a covenant stating when the association will be formed, when the reserves will be deeded to the association and who is to own and

maintain the reserves prior to the association taking over those responsibilities. This covenant shall also provide for the maintenance of the "parking strip" located along the south line of this plat and the paved surface for Maple.

- J. For those reserves being platted for drainage purposes, the required covenant which provides for ownership and maintenance of the reserves shall grant, to the City, the authority to maintain the drainage reserves in the event the owner(s) fail to do so. The covenant shall provide for the cost of such maintenance to be charged back to the owner(s) by a method similar to special assessments.
- K. The applicant shall submit a covenant which provides for four (4) off-street parking spaces per dwelling unit on each lot which abuts a 58-foot street. The covenant shall inventory the affected lots by lot and block number and shall state that the covenant runs with the land and is binding on future owners and assigns.
- L. The title binder for this site presently indicates the property is owned by Slawson Investment Corporation while the plat indicates Jay W. Russell. Prior to this plat being released for recording proof shall be provided that the property is in Jay W. Russell's ownership.
- M. As indicated in the title binder, past taxes are due on this site. Proof that these taxes have been paid must be provided before the plat can be released for recording.
- N. Prior to submitting the final plat tracing, the applicant shall meet with City Engineering to determine the proper designation of the minimum building pad elevations, ie. lowest floor or opening.
- O. The final plat shall indicate the utility easements requested by K.G. & E. which are indicated on the enclosed "marked" copy of the plat.
- P. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- Q. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.

Re: S/D 92-8 - Final Plat of Breezy Pointe (Bayside Estates)  
Addition

Dear Greg:

At the regular meeting of the Metropolitan Area Planning Commission on April 23, 1992, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of April 20, 1992.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developers.

Please call if you have any questions.

Sincerely,

Don Losew  
Senior Planner
