Office:	
Commercial:	
Industrial:	
Total:	1

MINIMUM LOT AREA: 5 Acres

CURRENT ZONING: "R" Rural Residential District

VICINITY MAP:

Approve the plat, subject to:

- A. A septic tank permit has been issued and the septic tank installation has been approved by the Health Department. Water wells shall be installed in accordance with all applicable codes.
- B. On the final plat tracing since access is being provided to 117th St, the word "Complete" shall be removed from the face of the plat.
- C. On the final plat tracing, the MAPC signature block shall delete "acting" from the chairman's signature. At this time George Sherman is the "chairman." However, in the next several weeks new appointments to the MAPC may occur, and the chairman's position may change.
- D. This site is under County "R" Rural Residential zoning, and under such zoning a 30-foot front yard setback is required. Since there are no unique conditions or limitations on this site, the final plat tracing shall also indicate a 30-foot building setback to 117th Street North.
- E. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- F. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public who acknowledges the signatures on this plat to be printed beneath the notary's signature.
- G. Perimeter closure computations shall be submitted with the final plat tracing [Section 5-101(c)].
- H. The applicant's drainage concept has been approved by County Engineering. Prior to scheduling this plat for governing body review, a final drainage plan prepared by a professional engineer shall be submitted to County Engineering for review and approval.
- I. Recording of the plat within 30 days after approval by the City Council.

Re: S/D 91-41 - Final plat of Lipps Addition, zoned "R" Rural
Residential, located south of 117th St. N. & east of 151st
St. W.

Dear Mr. Armstrong:

At the regular meeting of the Metropolitan Area Planning Commission on September 12, 1991, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of September 9, 1991.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the County Commission for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developers.

Please call if you have any questions.

Sincerely,

Louise Olivarez
Principal Planner
