STAFF COMMENTS:

- A. Since a portion of this site is being platted for residential development, the applicant shall file for a rezoning of that portion from the present "LC" (light commercial) to the type of residential use being considered. Approval of this plat is subject to approval of such a zone change.
- B. The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted.
- C. The applicant shall guarantee the extension of City water to serve the lots being platted.
- D. The applicant shall guarantee the paving of the proposed interior streets.
- E. The applicant shall guarantee the abandonment of municipal water lines not being covered by a public utility easement.
- F. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- G. The applicant shall submit a covenant which provides for four (4) off-street parking spaces per dwelling unit on each lot which abuts a 50-foot street. The covenant shall inventory the affected lots by lot and block number and shall state that the covenant runs with the land and is binding on future owners and assigns.
- H. The MAPC signature block shall show Sue L. Crockett as Chairman.
- I. The plat's text shall describe access control as being limited to the south 259-feet of Lot 9 and shall permit one opening. Access control cannot be platted for the north 36-feet of Lot 9.
- J. Since an existing sidewalk system does not exist to the east, it is recommended that the sidewalk required on 32nd Street South by this lot's commercial zoning, be waived.
- K. The final plat tracing shall reference a tie point to a previously platted lot corner or section corner.
- L. Since public utility easements are proposed for vacation by this plat, reference to K.S.A. 12-512(b) shall be made in the engineer's text. Specifically, the preliminary plat shows a cross-shaped 20-foot utility easement within this plat. The engineer's text on the final plat tracing shall be amended to reference the vacation of this utility easement, by virtue of K.S.A. 12-512(b).
