Re: Final Plat S/D 87-92 - FAIRFIELD CLUB

Dear Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on December 10, 1987, the above-captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of December 4, 1987.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a title report by an abstract or title insurance company or an attorney's opinion that fee title is vested in the platfor.
3. Certification that all real estate taxes for the first half of 1987 and all prior years have been paid.

Please call if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Donald Losew".

Donald Losew
Junior Planner

 AREA PLANNING DEPARTMENT IN WICHITA, KANSAS.

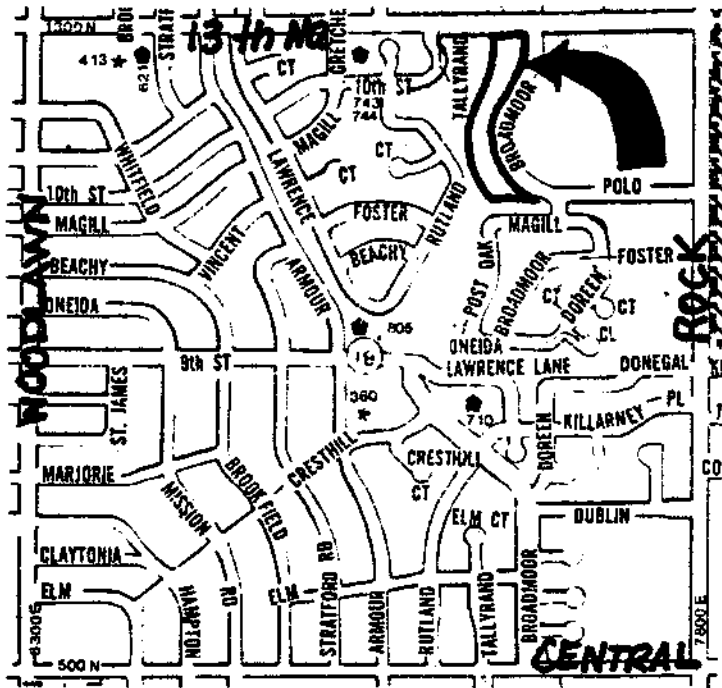

- I. Since this plat proposes the platting of narrow street rights-of-way with adjacent "15-foot public drainage, utility and private street easement," a restrictive covenant shall be submitted which calls out restrictions for lot-owner use of these easements. Retaining walls and change of grade shall be prohibited within these easements as well as fences, earth berms and mass plantings. Any planting within this easement shall be reviewed by the City Forestry Division prior to installation.
- J. The applicant shall submit a covenant which provides for four (4) off-street parking spaces per dwelling unit on each lot within this subdivision. The covenant shall state that the covenant runs with the land and is binding on future owners and assigns.
- K. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (phone 316-946-4527) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- L. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- M. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- N. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(C).
- O. Recording of the plat within 30 days after approval by the City Council.

STAFF COMMENTS:

NOTE: A final plat for this property was approved in November of this year. A revised final plat has been submitted to change the name of the east/west street adjacent to the south lines of Lots 22, 23 and 24, Block 1. (Hartmoor to Farmstead)

- A. The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted.
- B. The applicant shall guarantee the extension of City water to serve the lots being platted.
- C. The applicant shall guarantee the paving of the narrow public streets to the 29-foot paving standard, including storm sewers.
- D. The applicant shall either abandon or amend the existing petitions on file for this property. If projects are to be abandoned as a result of this replat, the applicant shall pay off the charges against the abandoned projects. Square footage figures shall be provided to City Engineering for the lots in this replat.
- E. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- F. The applicant shall submit an avigational easement covering all of subject plat and a restrictive covenant assuring that adequate construction methods will be used to minimize the effects of noise pollution in the habitable structure constructed on subject property.
- G. When the original Fairfield Estates Addition was platted in 1986, a restrictive covenant was filed which provided for formation of a Homeowner's Association and for perpetual ownership and maintenance of the reserves within that overall plat, by the Homeowner's Association. Since this plat constitutes a replat of a portion of the Fairfield Estates Addition, a revised restrictive covenant will need to be filed with this replat. Such revised covenant shall provide for the formation of the Association and for ownership and maintenance of the reserves.
- H. Regarding the reserves which are being platted for private drive purposes, discussion with the Law Department indicates a need for language in the covenant, which sets forth ownership and maintenance responsibilities of the reserves, to establish future reversionary rights of the reserves to the lots benefitting from the reserves.
