Re: Final Plat S/D 87-49 - RICHARD LOFFLAND ADDITION

Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on June 11, 1987, the above-captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of June 4, 1987.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a title report by an abstract or title insurance company or an attorney's opinion that fee title is vested in the platator.
3. Certification that all real estate taxes for 1987 and all prior years have been paid.

Please call if you have any questions.

Sincerely,

Donald Losew
Junior Planner

STAFF COMMENTS:

NOTE: The applicant's associated zone case (Z-2837) requesting a change from "B" (multi-family) to "C" (commercial) zoning has been approved subject to platting.

- A. The applicant shall guarantee any drainage improvements required by the platting of this property.
- B. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- C. The final plat shall indicate the platting of the 35-foot building setback from Hydraulic through the existing building which encroaches into the setback area. Central Inspection has advised that the platting of this building setback does not preclude the property owner from maintaining or remodeling that portion of the building within the setback area. The building cannot, however, be enlarged within the setback and, if the building is removed, any new building construction must observe the platted building setback.
- D. The final plat tracing shall reference a tie point to a previously platted lot corner or section corner.
- E. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- F. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- G. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(C).
- H. Recording of the plat within 30 days after approval by the City Council.
- I. The representative from City Engineering should be prepared to comment on the status of the applicant's drainage concept.
- J. The representatives from the utility companies should be prepared to comment on the need for utility easements to be platted on this property.

NOTE: This plat has been submitted in final form only.
