

- I. The applicant shall reimburse the City for the special assessments not levied against proposed Lots 1 and 2, Block 1, because of the existence of the "complete access control" which this plat proposes to vacate.
- J. In accordance with the associated Community Unit Plan, the applicant shall guarantee a decel lane for 21st Street North, to serve Lots 1 and 2, Block 1. This guarantee shall provide for the construction of that portion of the required major entrance that is within street right-of-way. If necessary, the Subdivision Committee recommends that the decel lane guarantee provide for relocation of K.G.&E. equipment from this area.
- K. The applicant shall guarantee the closure of the vacated 20th Street return at Bramblewood.
- L. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- M. Any relocation, lowering or encasement of the pipeline, made necessary by this development, will not be at the expense of the City.
- N. The applicant shall provide proof, by letter from the pipeline company or by providing a copy of the pipeline easement agreement, that the setback shown from the pipeline is adequate.
- O. Provision shall be made for ownership and maintenance of the proposed reserve. Since the applicant intends for the reserve to be owned and maintained by the owner of Lots 1 and 2, Block 2, Northborough 3rd Addition, a restrictive covenant stating this intention shall be submitted for recording with the plat. The text of the needed covenant shall specify that the terms of the covenant run with the land and are binding on future owners and assigns.
- P. Since Reserve A is being platted for drainage purposes, the required covenant which provides for ownership and maintenance of the reserve shall grant, to the City, the authority to maintain the drainage reserve in the event the owner(s) fail to do so. The covenant shall provide for the cost of such maintenance to be charged back to the owner(s) by a method similar to special assessments.
- Q. The proposed joint access easement will need to be established by separate instrument with appropriate recording information indicated on the final plat tracing. Prior to recording the joint access easement, a draft shall be submitted to the Planning Department for review and approval. The instrument must clearly state the purpose of the easement as well as which properties benefit from the easement. Initial construction responsibilities and future maintenance of the driveway within the easement should also be addressed by the text of the instrument.
- R. The final plat tracing shall reference the required minimum building pad elevation in Mean Sea Level as well as City Datum.
- S. The platting of the minimum building pad elevation shall be noted on the face of the plat as well as in the plat's text.
- T. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(C).
- U. Recording of the plat within 30 days after approval by the Board of City Commissioners.
- V. The representative from the City Engineer's office should be prepared to comment on the status of the applicant's drainage plan.

Re: Final Plat S/D 86-55 - NORTHBOROUGH 3RD ADDITION

Dear Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on July 24, 1986, the above-captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of July 17, 1986.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the Board of City Commissioners for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a title report by an abstract or title insurance company or an attorney's opinion that fee title is vested in the platfor.
3. Certification that all real estate taxes for the first half of 1986 and all prior years have been paid.

Please call if you have any questions.

Sincerely,

Forrest L. Nagley
Senior Planner
