Re: Final Plat S/D 87-6 - POWELL 11TH ADDITION

Dear Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on February 5, 1987, the above-captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of January 30, 1987.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the Board of City Commissioners for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a title report by an abstract or title insurance company or an attorney's opinion that fee title is vested in the platlor.
3. Certification that all real estate taxes for 1986 and all prior years have been paid.

Please call if you have any questions.

Sincerely,

Donald Losew
Junior Planner

STAFF COMMENTS:

NOTE: The applicant has filed an associated zone case (Z-2827) requesting "A" (duplex) to "LC" (light commercial) zoning. This request will be considered by the City Commission at their January 27, 1987 meeting. The Planning Commission has unanimously recommended approval of the zone change request.

- A. The applicant shall guarantee any drainage improvements required by the platting of this property.
- B. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- C. This plat correctly shows the platting of building setbacks required for commercial property. Also, appropriate access control to Maple Street is being dedicated.
- D. On the final plat tracing, the City Commission signature block shall be amended to reference Dale E. Rea, Deputy City Clerk.
- E. Since an existing sidewalk system does not exist to the north, it is recommended that the sidewalk required on Nevada Street, by this lot's commercial zoning, be waived.
- F. Approval of this final plat is subject to approval of the applicant's associated zone case (Z-2827).
- G. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- H. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- I. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(C).
- J. Recording of the plat within 30 days after approval by the Board of City Commissioners.
- K. The representative from the City Engineer's office should be prepared to comment on the status of the applicant's drainage plan. Specifically, are any drainage guarantees required by this plat?
