BACKGROUND: In 1983, a use exception was granted to permit a group home for 10 mentally retarded adults at 3112 Davidson (BZA 42-83). In 1985, the adjacent structure at 3114 Davidson was added to the group home facility and the number of permitted residents was increased to 15 (BZA 1-85). Four parking spaces were required. The site plan submitted with this current application shows not only the location of the buildings in this application (3112 and 3114 Davidson), but other residences also served by the parking court which provides 20 parking spaces. There is parking for an additional 3 or 4 vehicles between the buildings at 3106 and 3112 Davidson. The applicants own 3104 and 3106 Davidson, as well as 4052 Dunham. The Dunham residence is a group home, but due to the limited number of residents does not require a use exception. The applicants live at 3106 Davidson. There are resident managers in each of these group homes. The SRS is the licensing agency for the two homes at 3112 and 3114 Davidson. The Dunham home is under the licensing provisions of the Health Department.

The applicants have one recreational vehicle which they use for transportation of the residents when there are planned group home outings. When not in use, it is parked on the concrete pad adjacent to 3106. The group home residents do not drive vehicles. There is sufficient parking in the parking court for the group home managers, as well as the residents of adjacent one- and two-family dwellings. Although all current group home residents are mentally handicapped, the applicants have stated that they would like the flexibility of providing for physically handicapped individuals as well. They are aware of the need for certain changes in the structures to accommodate wheelchairs, etc. and these would have to be made before the SRS would license them for physically handicapped care.

ADJACENT ZONING AND LAND USE:

NORTH	"RB"	One-family and two-family dwellings
SOUTH	"RB"	One-family and two-family dwellings
EAST	"AA"	Public park
WEST	"RB"	One-family and two-family dwellings

RECOMMENDATION: Should the Board determine that an increase in the permitted number of residents in the existing group homes is appropriate at these locations, it is recommended that the exception be approved, subject to the following conditions:

1. This use exception is for the residences at 3112 and 3114 Davidson and shall permit a total maximum of 20 mentally and/or physically handicapped adults. Until additions are made to one or both of these buildings, the actual number of residents which can be accommodated will be fewer than 20.
2. The facility shall comply with the regulatory requirements of a federal, state or local governmental agency and shall obtain all necessary permits and licenses.
3. The parking pad between 3106 and 3112 Davidson and the parking pad in front of 3112 Davidson shall remain to provide parking for the group home facility.
