SECRETARY'S REPORT

CASE NUMBER:

BZA 8-92

OWNER/APPLICANT/AGENT:

New Zion Baptist Church (owner/applicant)
Terry Lollis (agent)

REQUEST:

Exception to permit a child care center for
64 children between the ages of six weeks and
12 years.

CURRENT ZONING:

"AA" One-Family Dwelling District

SITE SIZE:

237 ft. x 253 ft.

LOCATION:

Northeast corner of Oliver and Ethel
(2512 N. Oliver)

JURISDICTION: The Board has jurisdiction to consider this request under the provisions outlined in Section 2.12.590.C, Code of the City of Wichita. The Board may grant the exception, provided the conditions set out in Section 28.04.185(2) can be complied with.

BACKGROUND: The applicant, New Zion Baptist Church, is requesting a use exception to permit a child care center for 64 children between the ages of six weeks and 12 years. The center will be operated within the existing church building between the hours of 6:30 a.m. and 6:00 p.m. Mondays through Fridays. The Health Department, Fire Department, and Central Inspection have all inspected the facility and informed the applicant of several minor changes required before final approval can be given.

Seventy-five square feet of playground area must be provided for each child using the play area and at least half of the center's total licensed capacity must be accommodated in the playground at one time. Therefore 2,400 square feet of playground area must be provided if the center is licensed for 64 children. The area north of the parking lot is proposed for playground use and appears to be large enough to provide the required space, but it is long and narrow. The church could utilize 30 feet of additional ground which is now dedicated for 25th Street if the street is first vacated. Twenty-fifth Street has never been fully opened in this area east of Oliver, but is opened as a narrow, unpaved street serving three houses west of Glendale. A plat approved one year ago for the land to the north of 25th Street was conditioned upon the vacation of portions of 25th Street, including that portion adjacent to the west three-fourths (plus or minus) of this church site. A portion of the street right-of-way in the northeast corner must be retained to provide for a permanent turnaround at the west end of that part of 25th Street which is opened, as previously mentioned. As illustrated on the applicant's site survey, an eight-foot-wide gravel road has been installed by someone at some time in the past to connect the opened segment of 25th Street with the church parking lot. It is believed this was done unofficially, as no documents have been found to indicate the church ever granted public access across their property like this. East of the identified chain-link fence is a concrete driveway to 4813 E. 25th, which is the residence on Lot 4, Block 1, Prairie Hills Addition. This house was formerly the parsonage for this church and was owned by the church. It is the Secretary's understanding that 4813 E. 25th is no longer the parsonage. The church may be able to close that access point also, depending on what agreements exist between the church and that private property owner.

Although not delineated on the site survey, 62 parking spaces exist in the paved parking lot east of the church building. This will be more than adequate for the child care center needs which are listed in item four of the recommended conditions of approval.

A child care center and preschool for the New Life Fellowship (Faith Metro Church) at 5015 E. 29th Street North was approved by the Board last October.
