Agenda Report # _____

TO: Mayor and City Council Members

SUBJECT: Z-3291 - ZONE CHANGE FROM "SF-6" SINGLE-FAMILY RESIDENTIAL AND 'LC' LIMITED COMMERCIAL ON PROPERTY LOCATED ON THE NORTH SIDE OF KELLOGG, EAST OF GREENWICH ROAD. (District II)

INITIATED BY: Metropolitan Area Planning Department

AGENDA ACTION: Planning

MAPC Recommendation: Approve, subject to platting within 1 year, and the additional provisions of a P-O Protective Overlay District. (12-0).

Staff Recommendation: Approve, subject to platting within 1 year, and the additional provisions of a P-O Protective Overlay District (P-O #44).

CPO Recommendation: Approve, subject to staff recommendations (4-1).

Background: The applicant is proposing to construct a new vehicle sales lot on six platted lots (4.5 acres) located north of Kellogg and east of Greenwich. The north 20 feet of lots 53 through 56 are currently zoned "SF-6" Single-Family Residential while the south 280 feet is zoned "LC" Limited Commercial. The remaining portion of lot 65 and all of 66 are zoned "LC" Limited Commercial. All of these lots are vacant except Lot 56 which has a single-family home currently located on it.

With the approval of this zone change, the applicant proposes to start a new car dealership at this location; including sales, retail storage, and auto repair including body work. The applicant is requesting one access point to Lewis from the sales lot. Staff believes that no access should be provided from this sales lot to Lewis as long as the property to the north remains single-family. Additional access to the sales lot will be provided from the frontage road through the sales lot. The applicant will be asked to participate in the paving of Lewis Street once this street is paved.

The applicant will have to meet the landscaped street yard requirements of the Landscape Ordinance along the Kellogg frontage road and the frontage along Lewis. Screening will also be required along the frontage of Lewis Street because this property is across the street from residential zoning.

North of the application area are several single-family homes. Commercial activities are located on the south, west and east sides of this area. Existing vehicle sales lots are located just south and west of this area, while an auto salvage and a vehicle rental agency is located to the east and south of this property. Farther to the east of this site along Lewis Street are more single-family homes.

At the October 12th CPO 2 hearing, the Council voted 4-1 to approve this request subject to the conditions found in the staff report. The person objecting to this request voiced a concern about the development of car lots along Kellogg.

At the October 15th MAPC hearing, the Commission voted unanimously to approve the request, subject to platting within one year and the additional conditions of a Protective Overlay. No members of the public were present to speak on this item. The applicant is required to dedicate complete access control along Lewis as long as the properties to the north remain zoned residential, as part of the plat, and also to file a no protest petition to the paving of Lewis Street. The publication of the Ordinance shall be withheld until this document and the plat have been recorded.

Recommendation:

1. Concur with the findings of the MAPC and approve the zone change, subject to the additional recommended provisions of a Protective Overlay; and subject to platting within one year; or
2. Return the application to the MAPC for reconsideration.

(An override of the Planning Commission's recommendation requires a 2/3rd majority vote of the membership of the governing body on the first hearing.)
