BACKGROUND: The applicant requests a zone change from "LI" Limited Industrial to "SF-5" Single-Family Residential and "NO" Neighborhood Office on a 5.53 acre unplatted tract located south of 29th Street North and east of Ridge Road. The applicant indicates that the "SF-5" Single-Family Residential zoning is requested to permit the development of seven single-family residences and the "NO" Neighborhood Office zoning is requested to provide a location for a home-based office.

The applicant is proposing to plat the subject property as the Barefoot Bay Estates Addition. The Barefoot Bay Estates Addition (SUB2000-00107) was approved by the Subdivision Committee on January 11, 2001 and deferred by the MAPC at the applicant's request on February 22, 2001. The applicant is requesting "NO" Neighborhood Office for Lot 8 and Reserve D (both located in the northeast corner of the subject property) of the Barefoot Bay Estates Addition. The remainder of the Barefoot Bay Estates Addition (Lots 1-7 and Reserves A-C) is requested for "SF-5" Single-Family Residential zoning.

The surrounding area is characterized by a mixture of uses with industrial uses to the west and south and residential uses to the east and north. The properties located south and west of the site are zoned "LI" Limited Industrial. Most of the properties located north and east of the site are zoned "SF-5" Single Family Residential. A portion of the lake located east of the site is zoned "LI" Limited Industrial.

At the DAB hearing on September 10, 2001, DAB V heard from concerned neighborhood property owners and voted (3-0) to defer the request for one month in order to collect more applicable information. The MAPC held a public hearing on the request at their meeting on September 20, 2001, and after hearing from concerned neighborhood property owners, voted (10-0) to defer the request for one month to allow the DAB to rehear the case and to allow the attorney for the Barefoot Bay Homeowner's Association, who could not attend the meeting, to speak to the MAPC.

At the DAB hearing on October 1, 2001, DAB V heard concerns from neighboring property owners who primarily expressed concern with the safety of the lake adjacent to the subject property if additional residences with lake access are approved. Other concerns neighboring property owners expressed to DAB V are described in detail in attached summaries dated September 17, 2001 and October 1, 2001. Numerous letters from neighboring property owners expressing their concerns also are attached.

At the MAPC hearing on October 11, 2001, the MAPC heard from the attorney for the Barefoot Bay Homeowner's Association who spoke regarding the concerns of neighborhood property owners as outlined in an attached letter from Bonwell, Foster, Borniger & Ellis dated October 10, 2001. The applicant's attorney responded to the concerns of neighborhood property owners as outlined in an attached letter from Klenda, Mitchell, Austerman, & Zuercher dated October 5, 2001.

The MAPC voted (9-5) to approve the zone change request from "LI" Limited Industrial to "SF-5" Single-Family Residential and "NO" Neighborhood Office subject to platting

the property within one year and subject to the following provisions of a Protective Overlay District:

1. The density of the subject property shall be limited to 8 dwelling units on no more than 8 lots.
2. Office use on the portion of the subject property zoned "NO" Neighborhood Office shall be limited to a home occupation as permitted by Sec. IV-E of the Unified Zoning Code, except that up to four persons not occupying the dwelling unit may be employed in the home occupation.
3. If consented to by the Barefoot Bay Owners' Association, the subject property shall be subject to "Covenants, Conditions, and Restrictions of Barefoot Bay" as recorded on Film 1479, Pages 0204-0230 or as otherwise agreed to from time to time between the owner of the subject property and the Barefoot Bay Owners' Association.

Protest petitions representing 80.7% of the property within 200 feet of the subject property have been received, as illustrated on an attached map. Numerous protest petitions representing properties more than 200 feet from the subject property also have been received. The amount of property within 200 feet of the subject property owned by the protestors exceeds 20%; therefore, a three-fourths majority vote (6 of 7) of the City Council is required to approve the request.

Recommended Action:

1. Concur with the findings of the MAPC and approve the zone change, subject to the additional recommended provisions of a Protective Overlay District and subject to the condition of platting; instruct the Planning Department to forward the ordinance establishing the zone change for first reading when the plat is forward to the City Council; or
2. Return the application to the MAPC for reconsideration

(An override of the Planning Commission's recommendation requires a 2/3 majority vote of the membership of the governing body on the first hearing.)
