- Parking shall be provided in accordance with Section IV of the Unified Zoning Code, unless otherwise specified in the parcel description.
- Setbacks are as indicated on the C.U.P. drawing, or as specified in the parcel descriptions. If contiguous parcels are to be developed under the same ownership, setbacks between those parcels will not be required.
- A Drainage Plan shall be submitted to the appropriate Engineer for approval during the platting process. Required guarantees for drainage shall be provided at the time of platting improvements.
- Guarantees for specific street improvements for Greenwich shall be further reviewed and determined at the time of platting; however a guarantee for left-turn center lanes and right-turn decel-lanes at all full movement approaches will be requested.
- Signs shall be in accordance with the Sign Code of the City of Wichita with the following conditions:
A. Each parcel is permitted at least one free-standing sign per arterial frontage with the following area restrictions:
Parcel 1: Three signs along Greenwich, each sign having a maximum area of 200 sq. ft.
Parcel 2: 200 sq. ft. of signage along Greenwich to be located within a reserve. Location of reserve shall be determined at the time of platting.
B. As the frontage develops along the arterial roadways, monument type signs shall be spaced a minimum of 150' apart, irrespective of how land is leased or sold and share similar elements in design.
C. Flashing signs (except for signs showing only time, temperature and other public service messages), rotating or moving signs, signs with moving lights or signs which create illusions of movement are not permitted.
D. Portable, billboards and off-site signs are not permitted.
E. Window display signs are limited to 25% of the window area.
F. No signs shall be allowed on the rear of any buildings.
G. All freestanding signs must be monument type and shall have a maximum height of 20 feet for Parcels 1 & 2.
H. If the site is developed with institutional, church, school or similar uses, sign size on parcels where such uses are located shall be limited to 100 square feet.
- Access Controls shall be as shown on the final plat.
- All exterior lighting shall be shielded to direct light disbursement in a downward direction.
- Each parcel, as developed, shall share similar or consistent parking lot lighting elements within its parcel (i.e., fixtures, poles, and lamps, and etc.). Shoebox fixtures will be required on all light poles.
A. Limited height of light poles, including fixtures, lamps and base, to 24 feet.
B. Extensive use of back lit canopies and neon or fluorescent tube lighting on buildings is not permitted.
- Utilities shall be installed underground on all parcels.
- Landscaping for this site shall be required as follows:
A. Development of all parcels within the C.U.P. shall comply with the Landscape Ordinance of the City of Wichita, with a shared palette of landscape materials among parcels.
B. A landscape plan shall be prepared by a Kansas Landscape Architect for the above referenced landscaping, indicating the type, location, and specifications of all plant material. This plan shall be submitted to the Planning Department for their review and approval prior to issuance of a building permit.
C. A financial guarantee for the plant material approved on the landscape plan for that portion of the C.U.P. being developed shall be required prior to issuance of any occupancy permit, if the required landscape has not been planted.
- Screening Walls:
A. For any building developed for commercial use within Parcel 1, a six (6) to eight (8) foot high concrete/masonry wall shall be constructed adjacent to residential uses.
B. This solid wall shall be constructed of a pattern and color that is consistent or compatible with the building walls.
- Rooftop mechanical equipment shall be screened from ground level view with similar materials to the main building per Unified Zoning Code.
- Trash receptacles, loading docks, outdoor storage, and loading areas shall be appropriately screened, with similar materials to the main building, to reasonably hide them from ground view.
- All buildings within each parcel of this C.U.P. shall share uniform architectural character, color, texture, and the same predominate exterior building material, as determined by the Director of Planning. Building walls and roofs must have predominately earth-tone colors, with vivid colors limited to incidental accent, and must employ materials similar to surrounding residential areas. Metal as an exterior material shall be limited to incidental accent.
- Fire lanes shall be in accordance with the appropriate Fire Code. No parking shall be allowed in said fire lanes although they may be used for passenger loading and unloading. The Fire Chief or his designated representative shall review and approve the location and design of all fire lanes. Fire hydrant installation and paved access to all building sites shall be provided for each phase of construction prior to the issuance of building permits.
- No parcel within this C.U.P. shall allow the use of adult entertainment establishments, sexually oriented business, correctional placement residences, group residences, limited and general, recycling stations, public and private, utility, major and minor, pawn shop, marine facility, all industrial manufacturing and extractive usages, night club in the city, night club in the county, and tavern and drinking establishment. Restaurants that serve liquor can be developed and may serve liquor, as long as food is the primary service of the establishment. Restaurants with drive-through windows, convenience stores, service stations, and vehicle repair, limited will not be permitted within 200 feet of residential uses. Restaurants with drive-through windows shall be designed to ensure queuing lanes for drive-through windows will not align vehicle headlights in such a manner as to face residential zoning. No overhead doors shall be allowed within 200 feet of residential uses and shall not be facing any residential zoning district. Exterior audio systems that project sound beyond the boundaries of the C.U.P. are prohibited.
- Amendments, adjustments or interpretations to this C.U.P. shall be done in accordance with the Unified Zoning Code.
- The Transfer of title of all or any portion of land included within the Community Unit Plan (or any amendments thereto) does not constitute a termination of the plan or any portion thereof, but said plan shall run with the land and be binding upon present owners, their successors and assigns.
- The development of this property shall proceed in accordance with the development plan as recommended for approval by the Planning Commission and approved by the Governing Body, and any substantial deviation of the plan, as determined by the Zoning Administrator and the Director of Planning, shall constitute a violation of the building permit authorizing construction of the proposed development.
- Any major changes in this development plan shall be submitted to the Planning Commission and to the Governing Body for their consideration.
- A plan for a pedestrian walk system shall be submitted and approved by the Director of Planning prior to the issuance of building permits. Said walk system shall link sidewalks along Greenwich with the proposed buildings within the subject property.
- No development shall occur until such such time as municipal water and sewer service are provided to the site.
- Approval of a site circulation plan by the Planning Director is required for each phase of construction prior to the issuance of a building permit. An overall site plan shall be required for review and approval by the Planning Director prior to the issuance of any building permits; the site plan shall ensure internal circulation within the parcels and joint use of ingress/egress openings and that private drive openings are not impacted/blocked by the layout of parking stalls or landscaping.
