Dear Mr. Wooten:

This is in response to your letter of August 22, 1980, with regard to an area of ground south of MacArthur Road and west of I-135 in Wichita, Kansas in which you requested that this property be allowed to drain into the I-135 ditch until this particular tract could be improved.

On August 27, 1980, I reviewed this particular location and can see no reason why you cannot go ahead with your plans as indicated. We want to thank you for giving KDOT the opportunity to review this particular location prior to your improvement.

If we can be of further assistance, please advise.

Sincerely yours,

M. G. SEIBEL, P.E.
