

TRAFFIC CONTROL GENERAL NOTES

1. Contractor shall provide, erect, and maintain traffic control devices in accordance with the Manual on Uniform Traffic Control Devices (M.U.T.C.D) as shown on the Traffic Control plans and subject to the Engineer's approval.
2. The Contractor shall be able to close 29th Street North to through traffic for 15 weeks. Limited local access shall be maintained throughout the closure.
3. The Construction Traffic Control plans on Sheets 76-81 were designed for maintaining a minimum of 1 way traffic (eastbound) for the entire Project. This sheet will take precedence for the construction of 29th Street between Maize and Tyler, however, certain aspects of the following plans may be used to carry traffic during the construction of the 29th and Tyler intersection, 29th Street east of Tyler, and Tyler Road.
