**FINAL**

Engineer: P. FERGOUSON  
Designer: J. UNRUH  
Proc. Job No.: 1793  
Date: JULY 2005

Sheet  
88 of 162

**LEGEND**

- 3" Conduit
- Service Box
- Approximate Location FUTURE Signal Pole

**GENERAL NOTES**

Service and junction box locations and conduit runs are typical only and may be adjusted during installation to clear obstructions and facilitate wiring as approved by the Engineer.  
Rigid steel conduit shall be installed under all roadways.

The Contractor shall locate all utilities before beginning work. All expenses arising from damages, which may be occasioned by the contractor's failure to exactly locate and preserve any and all underground utilities, will be the responsibility of the Contractor.

Boxes shall not be located in sidewalk ramps.
