

Standing in English Street, looking west, across Topeka Street.

The point repair in English Street, begins in crosswalk on east side of Topeka (where Randy is standing) and goes 25 ft. to the west. You can see the Storm Water Sewer manhole that the cast iron portion of the sewer pipe runs through.

Standing NE of MH 5547-042, looking southwest. A straight line to MH 5547-041 would put the pipe between the sign post and the parking meter.

Standing SW of MH 5547-041, looking NE

Randy is standing on MH 5547-044. I'm standing south of the MH, looking north.

I'm standing south of MH 5547-042, looking north. Shows brick alley & existing patches.
