Earthwork Quantities listed in these tables reflect the existing ground (including pavement) at the time of the survey. Actual Quantities for the Bid Summary shall be reduced by the volume of removed concrete pavement, figured using the following information:

STREET	STATIONS	PAVEMENT THICKNESS from CITY PROVIDED CORES
Meridian Avenue	12+27 to 40+85	8" Concrete

The Earthwork Quantities in these tables have been figured using the Average End Area Method. These Quantities have NOT been adjusted by any factors.
