		Pavement & Walk Removal

≠ Denotes #8AWG Equipment Ground
* For Street Lights (Wiring to be installed by Westar Energy)

NOTES:
Existing underground (U/G), overhead (O.H.) utilities and drainage structures have been plotted from available information and therefore, their locations must be considered approximate only. It is the responsibility of the individual contractors to exactly locate each utility before actual construction.

Poles to be galvanized prior to black powder coating. Joint–use poles are to be drilled for credenza fixture.

Communication Cable shall be pulled back to exisitng Westar Energy manhole. Contractor to install underground splice and re–route communication cable through new service box to new controller.

UTILITIES

Power	KGE Electric
Telephone	Southwestern Bell Telephone Co.
Coble TV	Multimedia Cablevision
Water	City of Wichita
Sanitary Sewer	City of Wichita
Gas	Peoples Natural Gas
TeleCommunications	Wichita Public Schools

CONSTRUCTION NOTES:

▽1 Power currently supplied to existing service box. Contractor to extend conduit to proposed service box for hook–up.

▽2 Contractor shall remove existing street light cable and extend existing street light conduit to proposed service box.

METER ADDRESS:
159 N. St. Francis
