

2022 CMR/SS #20 Reabandonment
468-2023-038265
S2006

Abandon (7) Manholes
Plug & fill 400' of 39" VCP pipe

Manholes designated to be abandoned shall have the top four feet (4') removed and the remaining portion of the manhole shall be filled with sand, flushed and vibrated. All pipes in the manhole which are to be abandoned shall be plugged prior to filling with material similar to the adjacent surface and compacted to a density of ninety percent (90%) of the standard density. Manhole castings shall be salvaged, cleaned and delivered to the City Maintenance Yard.

MH Investigation: Manholes within E 10th St are to be uncovered to determine extent of previous abandonment.
