

CONCRETE GOLF CART PATH REMOVAL AND REPLACEMENT DETAIL

NO SCALE

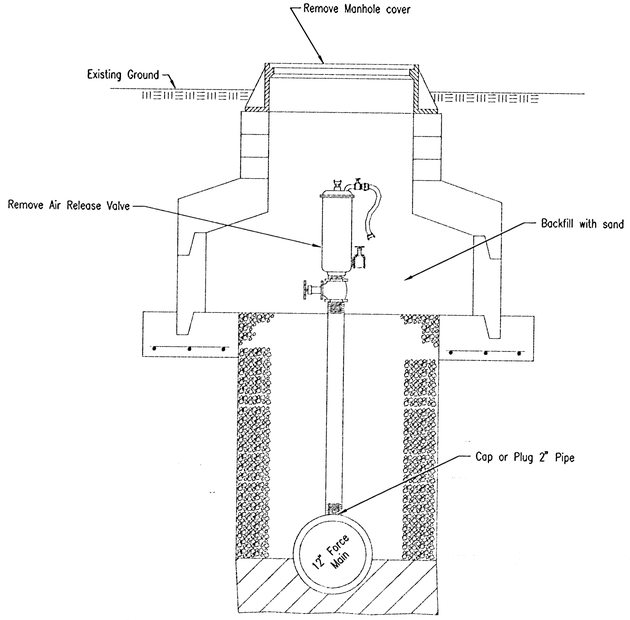

12" FORCE MAIN ABANDONMENT

Prior to beginning the pigging, flushing, and disinfection operations of the existing force main, the Contractor shall provide a minimum of 24 hours notice to the following personnel:

Acting Sewage Treatment Operations Supervisor
Mr. Mike Tullis
Cell 648-5382
Office 303-8713
If Mr. Tullis can't be reached, contact Mr. Jade Dundas at 303-8702

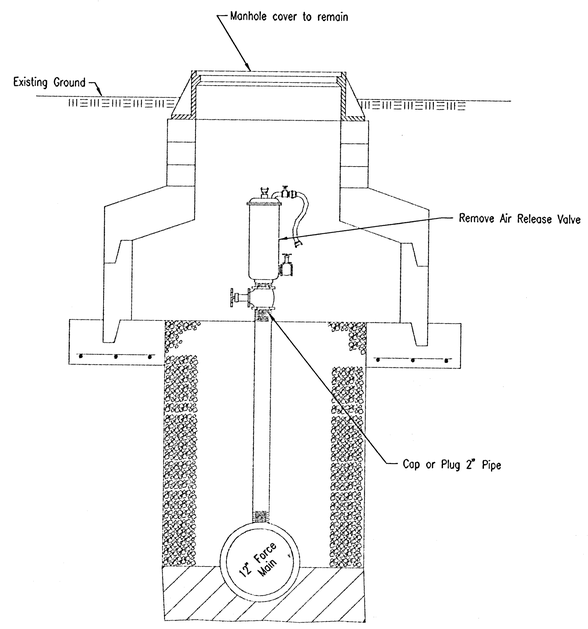

SCALE: 1" = 300'

Contractor shall remove the Air Release Valve, miscellaneous piping and the top portion of the Air Release Vault (to be a minimum of 4' below finish grade), including frame and cover and adjusting rings, then backfill Vault with sand to 2' below grade. The remaining 2' shall be backfilled and compacted to 95% of ASTM D-698 with approved soil. All materials to be removed shall be disposed of by the Contractor properly.
