Re: S/D 83-105 - Final plat of Day Addition

Gentlemen:

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission, November 21, 1983, the above-captioned plat was considered. The action of the Committee was to recommend that this plat be approved subject to:

- A. The final plat tracing shall indicate a 20-foot setback from Gilbert except a 5-foot setback may be platted where building construction is planned.
- B. The final plat tracing shall reference a tie point to either a section corner or a previously platted lot corner.
- C. Recording of the plat within 30 days after approval by the Board of City Commissioners.

The enclosed "marked" copy of the final plat is for your information and files.

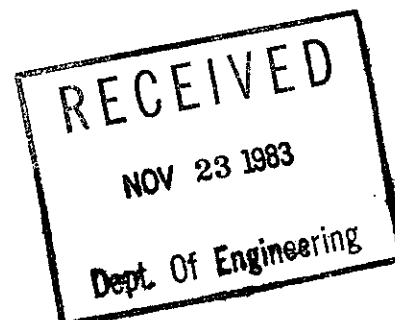

This matter will be forwarded to the Planning Commission for its consideration on December 1, 1983, at 1:30 p.m. If you have any questions concerning this matter, please call.

Sincerely,

  
Louise Olivarez  
Senior Planner
