Re: Application for outside-the-City sewer service for
Country Villa Estate

Dear Mr. Sims:

I am returning to you the application for outside-the-City sewer service which you submitted to satisfy a platting requirement for Country Villa Estates. When I took this application to the Sewer Maintenance Division for processing through the various City offices which must approve it, I was advised that City Commission policy prohibited acceptance of any application for which service could not be provided in the foreseeable future.

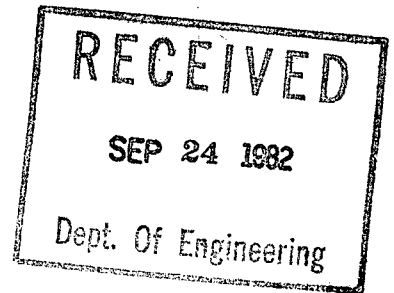

Your plat was approved by the City Commission on September 21st without this sewer application being accepted. Therefore, at such future time as sewer is available, connection to it will require an applicaton for outside-the-City service unless your property is, by then, within the City limits.

Sincerely,

Louise Olivarez
