

THE CITY OF WICHITA

OFFICE OF ENGINEERING

DATE May 24, 1977

TO John Kraus, Construction Chief Engineer
FROM D. R. Brewer, Jr., R/W & Estimating Engr.

SUBJECT Completion of Projects

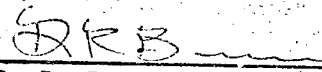

Repair work on Lateral 71, Southwest Interceptor has not been completed. This project was constructed in 1976.

Seeding on Lat. 8, Main 1, Sanitary Sewer #23 was not completed in the spring of 1977. Work on subject lateral was done in 1976.

Repair work on Lateral 80, Southwest Interceptor has not been completed. Contractor was notified in February of 1977.

Repair work on drainage in connection with streets in Farmington Square has not been completed. Contractor was notified in February 1977.

In order to decrease the burden of temporary financing to the benefit district of subject project, it is imperative that all work be completed as soon as notification letters have been sent to contractors.

D. R. Brewer, Jr., R/W
& Estimating Engineer
