Re: Lesline Addition
Design Engineering Services

Dear Mr. Lindebak:

The final plat of Lesline Addition was approved by the Planning Commission on March 30, 1989. It is very important that we expedite the development schedule for the public improvements.

Please prepare a three-party agreement utilizing Professional Engineering Consultants, P.A. for the necessary design engineering services. PEC is providing the engineering services in connection with the plat.

Very truly yours,

WICHITA MOTORS, INC.
