

WICHITA-SEDGWICK COUNTY

September 15, 1980
DATE

METROPOLITAN AREA PLANNING DEPARTMENT
Robert S. Feldner, Superintendent of Central Inspection
Paul B. Graves, Chief Design Engineer
✓ Dean Sellers, Assistant City Engineer

TO Jack Galbraith, Chief Planner

FROM

SUBJECT DP-48 - First National Investors Corporation (FNIC) C.U.P.
Generally located at the northwest corner of Webb Road and
U.S.54 Highway.

Attached is a copy of a proposed amendment to the above captioned C.U.P. The amendment proposes to realign parcel boundaries to reflect current ownership. Floor area ratio, maximum building coverage percentage and permitted uses have not changed from the original C.U.P. The amount of gross floor area for each parcel has been changed to reflect the new parcel boundaries.

This C.U.P. is scheduled for Planning Commission consideration on October 9, 1980, and I would appreciate any comments you might have regarding the proposed amendments by Thursday, September 18, 1980. If you have any questions, please call me, or Art Chambers.
