PROJECT: Sidewalks within Lakepoint

PROJECT #: _____ DATE: 04/17/87

TO: Mr. Michael E. Lindebak
Engineering Department
455 N. Main, 7th Floor
Wichita, KS 67202

Per our meeting of Friday, April 10, 1987 it is our understanding that side-walks within the Lakepoint Development can be handled as shown on the enclosed exhibit.

We will work with Mr. Carl Gipson in amending the filed petitions to reflect the conclusions reached.

Your assistance in this matter is appreciated.

ATTENTION STEVE ANDERSON

Gentlemen:

Subject: Woodcrest Addition
472-76-245-81624
Ritchie Job #33371

I am in receipt of your March 28, 1988, letter requesting additional payment for work done on the referenced project.

The removal of the temporary roadway is covered by General Note No. 11, and no additional payment will be made for this work.

The realignment of the 8' walk was done at the special request of the developer. The City will pay the overrun in quantities at the unit prices bid. Any additional costs encountered due to the realignment should be addressed to the developer, Mr. Jack Ritchie.

Concerning your request for payment for overhaul, the City did not designate a disposal site, and you were allowed to dispose of the dirt at any suitable site of your choosing. Since the City did not direct the waste to be overhauled, no payment will be made for overhaul.

Review of the working days charged on this project should be addressed to Jim Armour, Construction Engineer.

Sincerely,

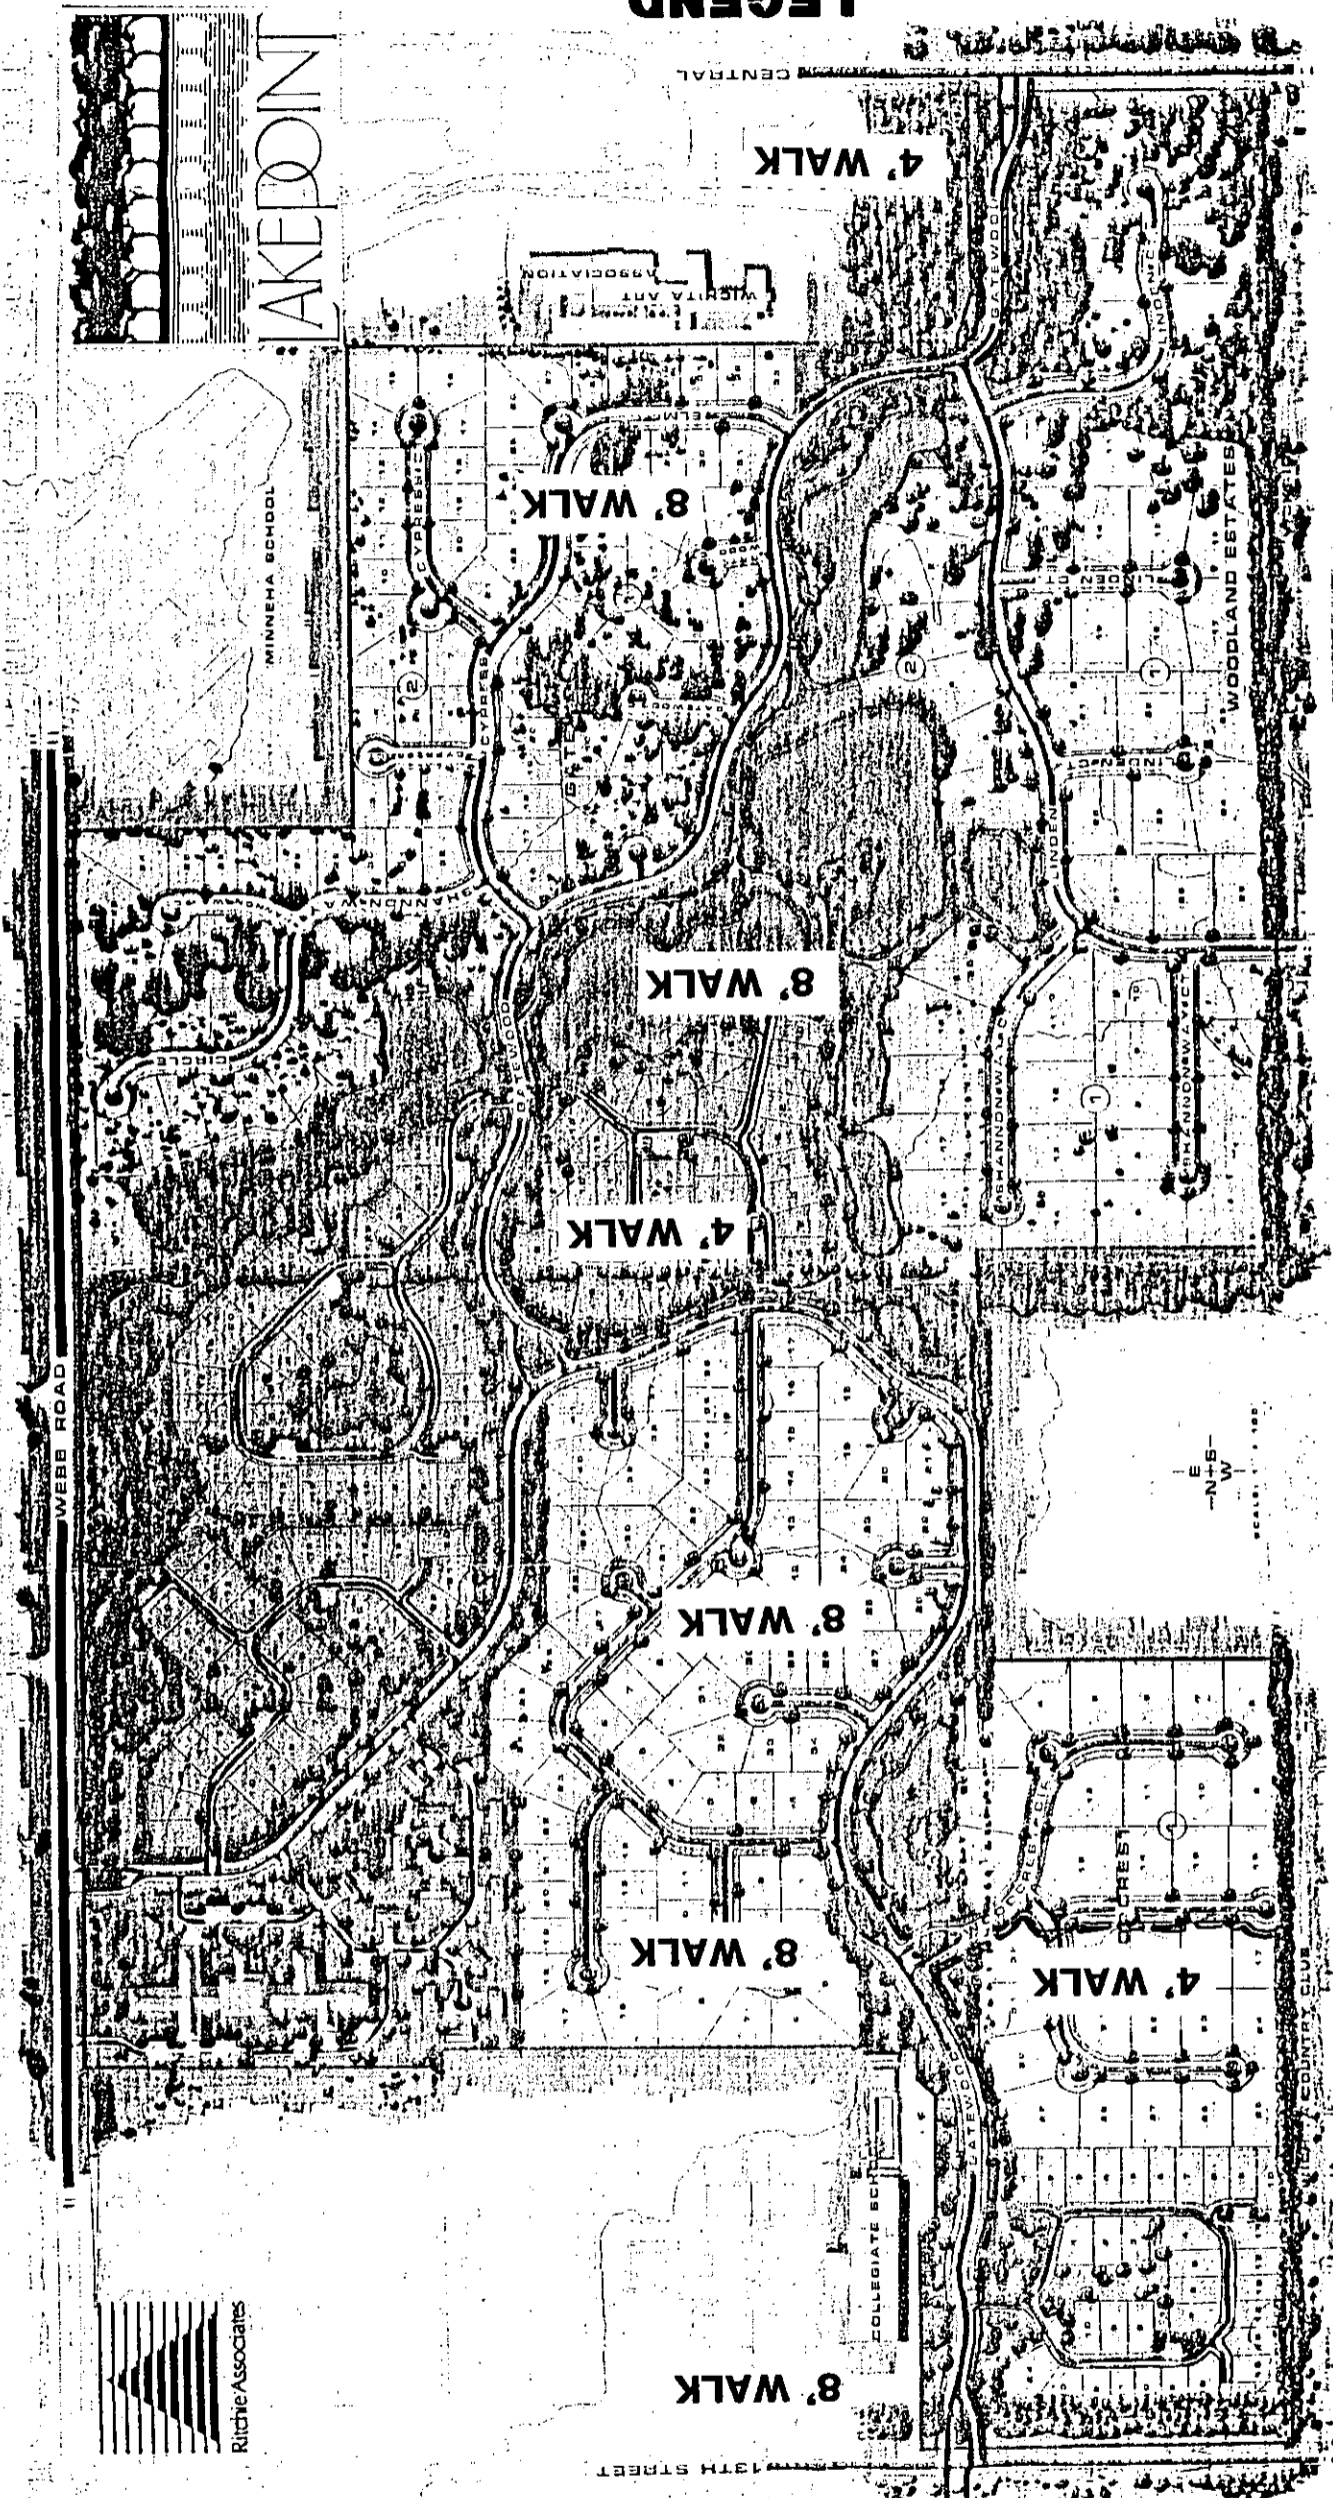

Larry D. Henry, P.E.
Assistant City Engineer
