- A. The applicant shall guarantee the extension of City water to serve the lots being platted.
- B. The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted.
- C. The applicant shall guarantee any drainage improvements required by the platting of this property.
- D. The applicant shall guarantee the paving of the proposed interior streets. This guarantee shall also provide for the removal of the existing asphalt and sidewalk improvements located within Westridge Court's street right-of-way.
- E. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- F. Prior to this plat being scheduled for City Council review, the shed located within street right-of-way, and the building encroaching the utility easements, being granted must be removed. Once these structures have been removed, a letter so indicating shall be submitted from the platting engineer.
- G. The applicant shall submit a covenant which provides for four (4) off-street parking spaces per dwelling unit on each lot which abuts a 29-foot street. The covenant shall inventory the affected lots by lot and block number and shall state that the covenant runs with the land and is binding on future owners and assigns.
- H. As is typical of existing additions in this area, 25-foot front yard building setbacks shall be indicated on all lots.
- I. On lot 8, a 15-foot sideyard setback shall be indicated across the full length of this lot's north property line.
- J. Since as is noted in the reduction of the existing easement along the north line of lot 16, from 8-feet to 5-feet, that this plat is vacating and replatting certain easements, reference to K.S.A. 12-512(b) shall be made in the engineer's text of the final plat tracing as to this action.
- K. On the final plat, North shall be included in the street name for 19th Street. The center lines of both 19th Street North and Westridge Drive shall also be labeled and the amounts of half street right-of-way available indicated.
- L. Prior to, or at the time of submitting the final plat, the applicant shall submit a drainage plan to City Engineering for review and approval.

- M. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- N. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (phone 316-946-4527) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- O. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- P. Requirements for a final plat (see pages 20-25, Part 4, Article 5 of the MAPC Subdivision Regulations).
