BENCHMARKS

119th St. West & 1/2 mile south of Maple
City of Wichita Bench Mark Disc. 39' east
of centerline on 1/2 section line and 3'
south of fence corner. ELEVATION = 130.36 CITY DATUM
1317.76 MSL

CITY DATUM CONVERSION

City Datum Elevation may be determined as follows:
City Datum Elev. = Mean Sea Level Elev. - 1187.4'
* Referenced to the National Geodetic Vertical Datum of 1929.

Additional Borrow may be obtained by enlarging existing pond at this location. Area of excavation to be approved by owner prior to beginning work.

PROPOSED POND
Depth = 10.0' (Prelim.)
3:1 side slopes
Cul. Volume = 24,200 cu yds.
(Max. size without OWR water approp. permit)

Earthwork quantities computed for this project are approximate only. The contractor shall be responsible for determining the amount of borrow and work required to complete the planned construction. All fill shall be compacted to 95% Standard Proctor Density Specifications and as required by the Engineer. Compaction and moisture condition of proposed fill shall be tested by a Geotechnical testing lab which meets with the Engineer's approval.

NOTE: THIS PROPERTY IN SEDGWICK COUNTY
