

THE CITY OF WICHITA

OFFICE OF MAPD/DESIGN

DATE July 19, 1985

TO Mike Lindebak, City Engineer

FROM Don Schneider, Design Engineer

SUBJECT Oak Cliff Estates 3rd Addition  
Drainage

It appears that construction of the outfall line from the retention pond now under construction for the above noted area will extend into that area recently annexed by the City where the annexation is under litigation.

The question is what ramifications this litigation has on the construction of the pond outfall line?

It is my understanding the developer desires to proceed with the project as quickly as possible. It appears to me that this question needs to be referred to the Department of Law for an opinion.
