

Note: This is a replat of the F.O. Moore 2nd Addition together with an unplatted tract to the north. The northern portion of this site has been approved for a zone change (Z-3282) from SF-6, Single Family to OW, Office Warehouse.

STAFF COMMENTS:

- A. Existing municipal services appear to be available to serve this site. City Engineering needs to verify if any other additional guarantees are required.
- B. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning department for recording.
- C. City Engineering needs to comment on the status of the applicant's drainage plan.
- D. Traffic Engineering needs to comment on the access controls. The final plat denotes complete access control except for one opening along 13th St. North. The preliminary plat indicates two existing access openings, one along 13th St. North and one along Sheridan.
- E. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- F. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- G. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (phone 316-729-0102) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- H. The applicant is advised that various State and Federal requirements [specifically but not limited to the Army Corps of Engineers, Kanopolis Project Office, Rt. 1, Box 317, Valley Center, KS 67147] for the control of soil and wind erosion and the protection of wetlands may impact how this site can be developed. It is the applicant's responsibility to contact all appropriate agencies to determine any such requirements.

- I. Perimeter closure computations shall be submitted with the final plat tracing.
- J. Recording of the plat within thirty (30) days after approval by the City Council and/or County Commission.
- K. The representatives from the utility companies should be prepared to comment on the need for any additional utility easements to be platted on this property.
- L. The applicant is reminded that a disk shall be submitted with the final plat tracing to the Planning Department detailing this plat. This will be used by the City and County GIS Department.
