SURVEYOR/ENGINEER: Savoy, Ruggles & Bohm, P.A., 924 N. Main, Wichita, KS 67230

LOCATION: West of 231st St. West, on the north side of 47th St. South

SITE SIZE: 5.07 Acres

NUMBER OF LOTS

Residential:	1
Office:	
Commercial:	
Industrial:	
Total:	1

MINIMUM LOT AREA: 4.5 Acres

CURRENT ZONING: RR, Rural Residential

PROPOSED ZONING: Same

VICINITY MAP

Note: The site is located in the County in the Goddard Area of Influence. The site is located in an area designated as "agricultural" by the Wichita-Sedgwick County Comprehensive Plan. Lot developments of this type are contrary to the intent of the Comprehensive Plan; however, the MAPC and County Commission have chosen not to create an Agricultural Zoning District to protect against this type of development.

STAFF COMMENTS:

- A. Since neither municipal water nor sanitary sewer is available to serve this property, the applicant shall contact the Environmental Health Division of the Health Department to find out what tests may be necessary and what standards are to be met for approval of on-site sewerage facilities and water wells. A memorandum shall be obtained specifying approval.
- B. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning department for recording.
- C. County Engineering needs to comment on the status of the applicant's drainage plan. An off-site Floodway Reserve Easement Agreement is required to continue the drainage towards 231st St. West.
- D. County Engineering needs to comment on the need for access controls. Access controls shall be referenced in the plat's text.
- E. The Applicant is reminded that a platting binder is required with the final plat. Approval of this plat will be subject to submittal of this binder and any relevant conditions found by such a review.
- F. The dimension along the north line of the plat needs to correspond with the dimension denoted within the legal description.
- G. The County Surveyor has commented that the plat boundary does not close.
- G. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- H. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- I. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (phone 316-729-0102) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- J. The applicant is advised that various State and Federal requirements [specifically but not limited to the Army Corps of Engineers, Kanopolis Project Office, Rt. 1, Box 317, Valley Center, KS 67147] for the control of soil and wind erosion and the protection of wetlands

may impact how this site can be developed. It is the applicant's responsibility to contact all appropriate agencies to determine any such requirements.

- K. The owner of the subdivision should be aware of the fact that the development of any subdivision greater than five (5) acres in size may require an NPDES Storm Water Discharge Permit from the Kansas Department of Health and Environment in Topeka. Further, on all construction sites, the City of Wichita requires that best management practices be used to reduce pollutant loadings in storm water runoffs.
- L. Perimeter closure computations shall be submitted with the final plat tracing.
- M. Recording of the plat within thirty (30) days after approval by the City Council and/or County Commission.
- N. The representatives from the utility companies should be prepared to comment on the need for any additional utility easements to be platted on this property.
- O. The applicant is reminded that a disk shall be submitted with the final plat tracing to the Planning Department detailing this plat in digital format in AutoCAD. This will be used by the City and County GIS Department.
