

NOTE: This is unplatted property located in the County within three miles of the City of Wichita. It is in an area designated as "Rural" by the Wichita-Sedgwick County Comprehensive Plan. It is located in the Goddard Area of Influence.

STAFF COMMENTS:

- A. Since sanitary sewer is unavailable to serve this property, the applicant shall contact County Code Enforcement to find out what tests may be necessary and what standards are to be met for approval of on-site sewerage facilities. A memorandum shall be obtained specifying approval. Based on the amount of floodway, Code Enforcement questions if there is a buildable lot.
- B. The site is currently located within the Sedgwick County Rural Water District No. 4. If service is available, feasible and the property is eligible for service, County Code Enforcement recommends connection.
- C. If improvements are guaranteed by petition(s), a notarized certificate listing the petition(s) shall be submitted to the Planning Department for recording.
- D. County Engineering needs a drainage plan and a flood study. The topography should extend to the east edge of the plat. The applicant should show the culvert size under 183rd St.
- E. County Engineering has required complete access control on 183rd St. West.
- F. Sedgwick County Fire Department advises that the plat should meet the requirements of the Sedgwick County Service Drive Code. If the owner intends to plat additional lots, the public standard road requirements should be considered.
- G. In accordance with the Kansas Wetland Mapping Conventions under the Memorandum of Understanding between the United States Department of Agriculture - Natural Resources Conservation Service; United States Environmental Protection Agency; United States Army Corps of Engineer (USACE); and United States Fish and Wildlife Service, this site has been identified as one with potential wetland hydrology. The USACE should be contacted (316-322-8247) to have a wetland determination completed.
- H. A covenant shall be submitted regarding Reserve A, platted for private drive purposes, which sets forth ownership and maintenance responsibilities of the private drive.
- I. Sedgwick County Public Works, Code Enforcement and County Fire Department requests a meeting with the applicant concerning language governing uses of Reserve A.
- J. The applicant is reminded that this site is located within three miles of the City Limits of Wichita and will be heard by City Council. Therefore, the City Council signature block needs to be included on the final plat.
- K. The Applicant is reminded that a platting binder is required with the final plat. Approval of this plat will be subject to submittal of this binder and any relevant conditions found by such a review.
- L. The plat's text shall include language that a drainage plan has been developed for the plat and that all drainage easements, rights-of-way, or reserves shall remain at established grades or as modified with the approval of the applicable City or County Engineer, and unobstructed to allow for the conveyance of stormwater.
- M. The applicant shall install or guarantee the installation of all utilities and facilities that are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- N. The Register of Deeds requires all names to be printed beneath the signatures on the plat and any associated documents.
- O. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the United States Postal Service Growth Management Coordinator (Phone: 316-946-4556) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- P. The applicant is advised that various State and Federal requirements (specifically but not limited to the Army Corps of Engineers, Kanopolis Project Office, Rt. 1, Box 317, Valley Center, KS 67147) for the control of soil and wind erosion and the protection of wetlands may impact how this site can be developed. It is the applicant's responsibility to contact all appropriate agencies to determine any such requirements.
