RE Plat Review – Preliminary Plat of Prairie Hills Addition

Dear Mr Jennings

Enclosed, please find your copy of the **REVISED** Preliminary Plat of Prairie Hills Addition for your review. The Sedgwick County Fire Department requested an additional entrance to the Subdivision at Hydraulic Ave. This will be considered at the January 18, 2004 Meeting of the Park City Planning Commission. If you have any comments, you are welcome to respond either at the meeting or in writing.

Thank you for this consideration. If you have any questions, please contact me at the number above.

Sincerely,

Park City, Kansas
