Drainage Plan  
PEC Project No. 35-13368-001-5526

Dear Mr. Lindebak:

Enclosed, please find one (1) copy of the Drainage Plan for Glen Meadows 2<sup>nd</sup> Addition. This is a replat of the original Glen Meadows Addition for the purpose of converting the original public street to a private street.

The Drainage Plan for the original plat has been modified slightly (lowered static pool due to grading adjustments). The revised routing calculations are included.

If you have any questions please advise.

Very truly yours,
