Ms Wood,

The location should be Wichita? Please correct if necessary. No state-listed species or crucial wildlife habitats should be affected in Sec 30-27-01w.

Thank you,

Nate Davis

Please let us know by E-mail if there is any historical, archeological, or endangered species present within this site. We are doing an NOI/SWPP application for Topeka. This is area is NE 30-27-1W nearest intersection if Maple and Maize roads. Project title is Lillie Addition. Thank you in advance Mary
